The International Dimensions Of Work Oxfam Working Papers Series:

Gender, Development, and Humanitarian Work Caroline Sweetman, 2001 While the difficulties of integrating gender equity goals into interventions are acknowledged the authors argue that gender blind responses can further endanger the survival of women and their families and their long term position in society and also deny them the opportunity of exercising their potential as peace builders Global Trade and Global Social Issues Annie Taylor, Caroline Thomas, 2005-10-24 In Global Trade and Social Issues leading academics and NGO workers offer a much needed counterweight to the liberal consensus A critical reflection on the whole project of restructuring world trade this is essential reading for those working in international political economy development studies international relations and environmental studies *British National Bibliography for Report Literature* , 1998-07 **Rigged Rules and Double Standards** Kevin Watkins, Penny Fowler, 2002 A critical and detailed analysis of inequalities of world trade systems The Global Crisis and Transformative Social Change P. Utting, S. Razavi, R. Varghese Buchholz, Rebecca Varghese Buchholz, 2012-03-02 Global crises not only deeply impact the economy and people's livelihoods they also unsettle basic ideas and assumptions about the meaning and drivers of development This collection of theoretical and empirical studies explores the substance and politics of policy change following the 2007-8 crisis from the perspective of developing countries **Making Global Trade Governance Work for Development** Carolyn Deere Birkbeck, 2011-08-18 Discussion of the governance of global trade and the multilateral trading system is too often dominated by developed country scholars and opinion makers with inadequate attention given to developing country perspectives Making Global Trade Governance Work for Development gathers a diversity of developing country views on how to improve the governance of global trade and the WTO to better advance sustainable development and respond to the needs of developing countries With contributions by senior scholars commentators and practitioners the essays combine new empirically grounded research with practical insights about the trade policy making process They consider the specific governance issues of interest to developing countries and acknowledge the changing dynamics in the global economy and in trade decision making **Poverty and the International Economic Legal System** Krista Nadakavukaren Schefer, 2013-03-21 With a focus on how trade foreign investment commercial arbitration and financial regulation rules affect impoverished individuals Poverty and the International Economic Legal System examines the relationship between the legal rules of the international economic law system and states obligations to reduce poverty The contributors include leading practitioners practice oriented scholars and legal theorists who discuss the human aspects of global economic activity without resorting to either overly dogmatic human rights approaches or technocratic economic views The essays extend beyond development discussions by encouraging further efforts to study improve and develop legal mechanisms for the benefit of the world's poor and challenging traditionally depersonified legal areas to engage with their real world impacts **Redefining Global Economic Thinking for the Welfare of Society** Rahman, Md Mashiur, Goel,

Richa,Gomes, Anthony P.,Uzzaman, Md Almas,2021-12-10 The richest one percent of the entire population of the world now owns more than half of the global wealth Global wealth is unequally distributed gross domestic product GDP and consumption are a declining trend and poverty is an increasing trend Each participant s gain or loss of utility is exactly balanced by the losses or gains of the utility of the other participants which certainly drives an unhealthy and unhappy globe As such global economic thinking must be redefined in order to encourage inclusive development and better problem solving Redefining Global Economic Thinking for the Welfare of Society is a comprehensive reference source that examines the prevailing economic theories and thinking determines the deficiency of some of the existing economic thinking and sets up guidelines and transformation of existing economic thinking Covering topics that include economic development circular economy and population health this serves as an excellent resource for economists sociologists government officials policymakers practitioners faculties of universities and colleges students researchers and academicians *Women And Local Governments* Dr R Ramya, **RealWorld Evaluation** Michael Bamberger,Linda Mabry,2019-07-31 RealWorld Evaluation Working Under Budget Time Data and Political Constraints addresses the challenges of conducting program evaluations in real world contexts where evaluators and their clients face budget and time constraints The book is organized around the authors seven step model that has been tested in workshops and practice environments to help the evaluation implementers and managers make the best choices when faced with real world constraints The Third Edition includes a new chapter on gender equality and women s empowerment and discussion of digital technology and data science Exploring women's empowerment using a mixed methods approach Doss, Cheryl,Rubin, Deborah,2021-07-19 Interest in the meaning and measurement of women s empowerment has become a stated goal of many programs in international development This paper explores a collaborative process of studying women s empowerment in agricultural research for development using both quantitative and qualitative methods It draws on three bodies of research around empowerment growing interest in qualitative methods and measurement research especially the conceptualization and adaptations of the Women s Empowerment in Agriculture Index Employing mixed methods over more than a decade of cooperation among researchers from the Global South and the Global North has challenged the methods and findings of each approach The work has led to new insights about gender differences in what empowerment means to women and to men the importance of context interrelationships among dimensions of empowerment and the need for greater precision in terms and measures particularly around decision making asset ownership and time use Such collaborative research benefits from a long timeframe to build trust and shared understandings across disciplines The paper concludes with suggestions for the next phase of research

Revolutionizing Development Andrea Cornwall,Ian Scoones,2022-03-28 This book tells the story of development studies in practice over the last fifty years through the work of one remarkable individual Robert Chambers His work has taken him from being a colonial officer in Kenya through training and managing large rural development projects to a

fundamental critique of top down development and the championing of participatory approaches The contributors eloquently demonstrate how he has been at the centre of major shifts in development thinking and practice over this period popularising terms that are now at the centre of the development lexicon such as vulnerability multi dimensional poverty sustainable livelihoods and farmer first Robert Chambers played a major role in the massive growth in participatory approaches to development and particularly the application of participatory methods in development research and appraisal This has led to fundamental challenges to development practice ranging from approaches to monitoring and evaluation to institutional learning and professional training There is probably no one who has had more influence on approaches to development in the past decades Revolutionizing Development offers a unique overview of these contributions in thirty two concise chapters from authors who have been intimately involved as collaborators critics and colleagues of Robert Chambers

Gender, Development, and Trade Maree Keating, 2004 This book shows how women are finding ways to influence national and international trade policy agendas in developed countries and are joining forces in global forums to campaign for reforms over trade agreements on agricultural products intellectual property and the movement of migrant labour

European Union Trade Politics and Development Gerrit Faber, Jan Orbie, 2007-05-07 The Everything But Arms EBA regulation of the European Union EU has been hailed as a groundbreaking initiative for developing countries Since 2001 EBA grants almost completely liberalized access to the European market for products from the least developed countries LDCs It quickly became the most symbolic European trade initiative towards the Third World since the first Lomé Convention in the 1970s Given its central position in EU discourse and its continuing relevance for the European and international trade agenda this book attempts to present a thorough analysis of EBA European Union Trade Politics and Development contains contributions from a diverse range of scholars who collectively present a comprehensive picture of EBA This volume also contains a broader analysis of EU trade politics towards the South focusing on agricultural policy reform Europe's evolving relationship with ACP countries ex colonies from Africa the Caribbean and the Pacific it links EBA with Europe's negotiating position within the World Trade Organization Contributions to this volume also consider the continuing negotiation leverage of EBA within the Doha Development Agenda make comparisons with United States trade policy vis vis the LDCs and focus on the economic effectiveness of EBA in terms of its stated objectives as well as on the institutional skirmishing within the EU

Re-Reading Education Policies, 2009-01-01 This book collects studies with a critical education policy orientation and presents itself as a handbook of matters of public concern The term critical does not refer to the adoption of a particular theoretical framework or methodology but rather it refers to a very specific ethos or way of relating to the present and the belief that the future should not be the repetition of the past This implies a concern about what is happening in our societies today and what could or should be happening in the future As a consequence the contributors to the book rely on a general notion of public policy that takes on board processes practices and discourses at a variety of levels in diverse governmental

and non governmental contexts and considers the relation of policy to power to politics and to social regulation Following the detailed introduction that aims at picturing the landscape of studies with a critical education policy orientation the book presents re readings of six policy challenges globalization knowledge society lifelong learning equality democracy social inclusion accountability control efficiency and teacher professionalism It seeks to contextualise these in relation to issues of current global concern at the start of the 21st century Despite the diversity of approaches this collection of critical education policy studies shares a concern with what could be called the public and its education and represents a snapshot of education policy research at a particular time

National Human Rights Action Planning Azadeh Chalabi,2018-07-18 This book deals with human rights action planning as a largely under researched area from theoretical doctrinal empirical and practical perspectives and as such provides the most comprehensive studies of human rights planning to date At the theoretical level by advancing a novel general theory of human rights planning it offers an alternative to the traditional state centric model of planning This new theory contains four sub theories contextual substantive procedural and analytical ones At the doctrinal level by conducting a textual analysis of core human rights conventions it reveals the scope and nature of the states obligation to adopt a plan of action for implementing human rights At the empirical level a cross case analysis of national human rights action plans of 53 countries is conducted exploring the major problems of these plans in different phases of planning and uncovering the underlying causes of these problems At the practical level this volume sets out how these plans should be developed and implemented how they can be best monitored by international human rights bodies and how to maximize their effectiveness With discussions bridging human rights theory and practice and development discourse this book will be a useful resource for a wide range of audiences from academics of

different disciplines law human rights social policy political science political philosophy legal philosophy development studies planning studies socio legal studies to governments human rights practitioners and the UN human rights bodies

Implementing Triple Bottom Line Sustainability into Global Supply Chains Lydia Bals,Wendy Tate,2017-09-08

The global sustainability challenge is urgent tremendous and increasing From an ecological perspective the current worldwide resource footprint requires approximately 1.5 planets to sustain existing life and with current usage would require two planets by 2030 The social impact of ever growing resource use disproportionately affects the world's poor the 3 billion people living on less than 2.50 a day as they struggle to acquire what is needed to survive The serious ecological and social challenges we face in trying to establish global sustainable supply chains must not be underestimated yet so far research has largely ignored the social dimension in favour of the environmental and economic So how can we develop business strategies that move away from a primary economic focus and give equal weight to people planet and profit How can we create sustainable supply chains that take a true triple bottom line approach Implementing Triple Bottom Line Sustainability into Global Supply Chains features innovative research highlighting new cases approaches and concepts in how to successfully implement sustainability covering economic ecological and social dimensions into global supply chains The four parts cover the rationale for sustainable global supply chains key enablers case studies showing clear implementation steps and directions for future research and development This book is a must read for any academic researching in sustainable supply chain management procurement or business strategy and for business leaders seeking cases that will inform a critical step forward for CSR programmes
