Final Seance Massimo Polidoro, 2010-06-03 Polidoro has written and written well a saga of two Titans that is also a remarkable exploration of both superstition and obsession at the lush twilight of the Edwardian era Baltimore Sun This is the story of an unusual friendship between two of the most intriguing characters of the early 20th century renowned escape artist Harry Houdini and celebrated mystery writer Sir Arthur Conan Doyle creator of Sherlock Holmes Both men were fascinated by the occult practice of spiritualism Houdini as an ardent skeptic who often publicly exposed fraudulent mediums and Conan Doyle as a true believer who became convinced that the dead could and did communicate with the living Despite their differing perspectives the two men not only respected each other but became friends The correspondence between them on the subject provides a fascinating glimpse not only into the personalities of two talented and interesting celebrities but also into a psychic phenomenon that is the ancestor of today s channeling craze Based on original correspondence photographs and his own extensive research Massimo Polidoro reconstructs this unusual friendship between a believer and a skeptic which

his self destructive habit I have read the stories several times since and I am sure I will read them several times again in future For it is through them that I developed a love for the English language and this love affair will continue as long as I am physically able to read MEET THE AUTHOR Sourya is a former risk analyst and has worked with several financial organizations of international repute besides being a freelance journalist with several articles published online After 6 years of work he decided to pursue his MBA from the University of Notre Dame Sourya has a Bachelors in Engineering from the Indian Institute of Information Technology He is also a member of high IQ organizations Mensa and Triple Nine Society and is negotiating with publishers to get his science fiction work published EXCERPT FROM THE BOOK Since the first time Sherlock Holmes made an appearance in 1887 he has been the defining character of detective fiction There have been famous fictional detectives before Edgar Allen Poes Auguste Dupin and Emile Gaborieus Monsieur come to mind and there have been famous fictional detectives since Agatha Christies Hercule Poirot and GK Chestertons Father Brown are notable examples however none have reached the heights of popularity that the fictional occupant of 221B Baker Street attained As a book The Memoirs of Sherlock Holmes presents an interesting insight into the morality of its age When the collection was first published in London in 1894 it did not include The Adventure of the Cardboard Box although all twelve stories had appeared in the Strand Magazine where they had been serialized Consequently while the US edition did include that story it was soon removed Although it is difficult to be certain the author himself may have been the reason behind this removal considering the involvement of adultery in the story Even though current UK editions of the Memoirs do include that story American editions dont CHAPTER OUTLINE Quicklet on Sir Arthur Conan Doyle s The Memoirs of Sherlock Holmes Personal Introduction About the Author About the Book Overall Summary and much more [The Sherlock Holmes Journal](#) ,1988

Sherlock Holmes in Context Sam Naidu,2017-03-17 This book of interdisciplinary essays serves to situate the original Sherlock Holmes and his various adaptations in a contemporary cultural context This collection is prompted by three main and related questions firstly why is Sherlock Holmes such an enduring and ubiquitous cultural icon secondly why is it that Sherlock Holmes nearly 130 years after his birth is enjoying such a spectacular renaissance and thirdly what sort of communities imagined or otherwise have arisen around this figure since the most recent resurrections of Sherlock Holmes by popular media Covering various media and genres TV film literature theatre and scholarly approaches this comprehensive collection offers cogent answers to these questions *Purity and Contamination in Late Victorian Detective Fiction* Dr Christopher Pittard,2013-05-28 Concentrating on works by authors such as Fergus Hume Arthur Conan Doyle Grant Allen L T Meade and Marie Belloc Lowndes Christopher Pittard explores the complex relation between the emergence of detective fictions in the 1880s and 1890s and the concept of purity The centrality of material and moral purity as a theme of the genre Pittard argues both reflected and satirised a contemporary discourse of degeneration in which criminality was equated with dirt and disease and where national boundaries were guarded against the threat of the criminal foreigner Situating his

discussion within the ideologies underpinning George Newnes's Strand Magazine as well as a wide range of nonfiction texts Pittard demonstrates that the genre was a response to the seductive and impure delights associated with sensation and gothic novels Further Pittard suggests that criticism of detective fiction has in turn become obsessed with the idea of purity thus illustrating how a genre concerned with policing the impure itself became subject to the same fear of contamination Contributing to the richness of Pittard's project are his discussions of the convergence of medical discourse and detective fiction in the 1890s including the way social protest movements like the antivivisectionist campaigns and medical explorations of criminality raised questions related to moral purity
