Giblin, 1985-11-01 Taking a brass tacks approach to communication How to Have Confidence and Power in Dealing With People explains how to interact with others as they really are not as you would like them to be The goal is to get what you want from them successfully be it cooperation goodwill love or security Les Giblin a recognized expert in the field of human relations has devised a method for dealing with people that can be used when relating with anyone parents teachers bosses employees friends acquaintances even strangers Giblin shows step by step how to get what you want at any time and in ways that leave you feeling good about yourself Moreover the people who have given you what you want wind up feeling good about themselves too The result Nobody gets shortchanged It's a win win situation Each chapter includes a handy summary so there's absolutely no chance of missing the book's key points You can also use these recaps to refresh your memory after you've finished the book Instead of feeling miserable about your interpersonal skills read this best selling guide and learn to succeed with people in every area of your life

[The Art of Dealing With People](#) Les Giblin, 2001-01-01 What is the one quality that all successful people have in common They have mastered the art of dealing with people Let this book show you how to Achieve your goals Handle the human ego Become a master conversationalist Make others feel good about themselves And much more Skill with people is the one essential ingredient for success and happiness at home and in business The Art of Dealing With People gives you the skills to take your people skills to a level that you never thought possible Skill in human relations is similar to skill in any other field in that success depends on understanding and mastering certain basic general principles You must not only know what to do but why you're doing it As far as basic principles are concerned people are all the same Yet each individual person you meet is different If you attempted to learn some gimmick to deal successfully with each separate individual you met you would be faced with a hopeless task Influencing people is an art not a gimmick When you apply gimmicks in a superficial mechanical manner you go through the same motions as the person who has a way but it doesn't work for you The purpose of this book is to give you knowledge based upon an understanding of human nature why people act the way they do The methods presented in this

book have been tested on thousands of people who have attended my human relations seminars They are not just my pet ideas of how you should deal with people but ideas that have stood the test of how you must deal with people That is if you want to get along with them and get what you want at the same time Yes we all want success and happiness And the day is long past if it ever existed when you could achieve these goals by forcing people to give you what you want And begging is no better for no one has respect for or any desire to help the person who constantly kowtows and literally goes around with his hand out begging other people to like him The one successful way to get the things you want from life is to acquire skill in dealing with people Download now and you will learn how [SKILL WITH PEOPLE \(HINDI\)](#) Les Giblin, Life lessons from the Master of basic people skills Described as the most wisdom in the least words Skill with People has sold over 10 Million copies and has been translated into 20 languages worldwide Credited with transforming the lives of its many readers Skill With People is a must have for everyone s personal library Learn to communicate with impact Influence with certainty and listen with sensitivity **How to Have Confidence and Power in Dealing with People** Les Giblin,1956 Taking a brass tacks approach to communication How to Have Confidence and Power in Dealing With People explains how to interact with others as they really are not as you would like them to be The goal is to get what you want from them successfully be it cooperation goodwill love or security Les Giblin a recognized expert in the field of human relations has devised a method for dealing with people that can be used when relating with anyone parents teachers bosses employees friends acquaintances even strangers Giblin shows step by step how to get what you want at any time and in ways that leave you feeling good about yourself Moreover the people who have given you what you want wind up feeling good about themselves too The result Nobody gets shortchanged It s a win win situation Each chapter includes a handy summary so there s absolutely no chance of missing the book s key points You can also use these recaps to refresh your memory after you ve finished the book Instead of feeling miserable about your interpersonal skills read this best selling guide and learn to succeed with people in every area of your life **How to be People-smart** Les Giblin,1977 [People Skills](#) Robert Bolton,2009-11-24 Improve your personal and professional relationships instantly with this timeless guide to communication listening skills body language and conflict resolution Maybe a wall of silent resentment has shut you off from someone you love Maybe you listen to an argument in which neither party seems to hear the other Or maybe your mind drifts to other matters when people talk to you People Skills is a communication skills handbook that can help you eliminate these and other communication problems Author Robert Bolton describes the twelve most common communication barriers showing how these roadblocks damage relationships by increasing defensiveness aggressiveness or dependency He explains how to acquire the ability to listen assert yourself resolve conflicts and work out problems with others These are skills that will help you communicate calmly even in stressful emotionally charged situations People Skills will show you How to get your needs met using simple assertion techniques How body language often speaks louder than words How to use silence as a valuable communication tool How to de escalate
