Finland, Norway and Sweden: Conferences of Stockholm 1959, Inari 1959, Kiruna 1962, edited on behalf of the Nordic Lapp Council by Rowland G. P. Hill and Karl Nickul Rowland G. P. Hill, Karl Nickul, 1969 *The Sámi Peoples of the North* Neil Kent, 2019-03-01 There is no single volume that encompasses an integrated social and cultural history of the Sámi people from the Nordic countries and northwestern Russia Neil Kent s book fills this lacuna In the first instance he considers how the Sámi homeland is defined its geography climate and early contact with other peoples He then moves on to its early chronicles and the onset of colonisation which changed Sámi life profoundly over the last millennium Thereafter the nature of Sámi ethnicity is examined in the context of the peoples among whom the Sámi increasingly lived as well as the growing intrusions of the states who claimed sovereignty over them The Soviet gulag the Lapland War and increasing urbanisation all impacted upon Sámi life Religion too played an important role from pre historic times with their pantheon of gods and sacred sites to their Christianisation In the late twentieth century there has been an increasing symbiosis of ancient Sámi spiritual

practice with Christianity Recently the intrusions of the logging and nuclear industries as well as tourism have come to redefine S mi society and culture Even the meaning of who exactly is a S mi is scrutinised at a time when some intermarry and yet return to S mi where their children maintain their S mi identity

Running with Reindeer Roger Took,2008-11-10 Russian Lapland a region of amazing contrasts Here lies the last true wilderness of Europe a rich and pristine ecosystem teeming with bird and animal life But here too lie the dark satanic mills of the former Soviet Union and the rotting remnants of nuclear submarines Running with Reindeer is the first account in over a century to describe life in this harsh but beautiful land Living among remote reindeer herding and hunting families Roger Took spends a decade following the lives and traditions of the indigenous Lapps or Saami He meets pioneering villagers descended from medieval Novgorod fur traders who are now learning to cope with the new economy and the men and women originally forced north to mine Russian Lapland s fabulous mineral wealth but are now unemployed and stranded Avoiding the still vigilant security services he explores the naval bases where nuclear powered submarines are lying dangerously neglected His encounters with the land and its inhabitants are dramatic and comical as well as emotionally disturbing and physically dangerous Moving between the lines of the official histories coping with arduous Arctic conditions he writes compellingly offering a vivid account of a unique part of Europe

Nomadic and Indigenous Spaces Judith Miggelbrink,Joachim Otto Habeck,Nuccio Mazzullo,Peter Koch,2016-05-06 This volume is devoted to aspects of space that have thus far been largely unexplored How space is perceived and cognised has been discussed from different stances but there are few analyses of nomadic approaches to spatiality Nor is there a sufficient number of studies on indigenous interpretations of space despite the importance of territory and place in definitions of indigeneity At the intersection of geography and anthropology the authors of this volume

combine general reflections on spatiality with case studies from the Circumpolar North and other nomadic settings Spatial perceptions and practices have been profoundly transformed by new technologies as well as by new modes of social and political interaction How do these changes play out in the everyday lives identifications and political projects of nomadic and indigenous people This question has been broached from two seemingly divergent stances spatial cognition on the one hand and production of space on the other Bringing these two approaches together this volume re aligns the different strings of scholarship on spatiality making them applicable and relevant for indigenous and nomadic conceptualizations of space place and territory
