Sins of the Shovel Rachel Morgan, 2023-11-06 An incisive history of early American archaeology from reckless looting to professional science and the field's unfinished efforts to make amends today told with passion indignation and a dash of suspense New York Times American archaeology was forever scarred by an 1893 business proposition between cowboy turned excavator Richard Wetherill and socialites turned antiquarians Fred and Talbot Hyde Wetherill had stumbled upon Mesa Verde's spectacular cliff dwellings and started selling artifacts but with the Hydies money behind him well there's no telling what they might

discover Thus begins the Hyde Exploring Expedition a nine year venture into Utah s Grand Gulch and New Mexico s Chaco Canyon that coupled with other less restrained looters so devastates Indigenous cultural sites across the American Southwest that Congress passes first of their kind regulations to stop the carnage As the money dries up tensions rise and a once profitable enterprise disintegrates setting the stage for a tragic murder Sins of the Shovel is a story of adventure and business gone wrong and how archaeologists today grapple with this complex heritage Through the story of the Hyde Exploring Expedition practicing archaeologist Rachel Morgan uncovers the uncomfortable links between commodity culture contemporary ethics and the broader political forces that perpetuate destructive behavior today The result is an unsparing and even handed assessment of American archaeology s sins past and present and how the field is working toward atonement
