The Physics of Skiing David A. Lind, Scott P. Sanders, 2013-06-29 Just over ten years ago when the first drafts of this book were being written and even more so a few years after that as it was making its way through the publication process alpine skiing was experiencing what eventually became a complete revolution in equipment and tech nique shaped or parabolic skis completely took over the market and even relatively beginning skiers

expected to carve graceful turns as they schussed down the slopes Re reading our work with an eye to revision we have been surprised to see how our focus on the physics of skiing in the first edition allowed us to recognize the fundamental importance of what were then quite novel changes in equipment and technique The essence of the enhancement offered by shaped skis is their greater sidecut radius Our original discussion then and now in Chapters 3 and 4 of the crucial role that a ski's sidecut plays in carving a turn caused us to write for the most part as if the shaped ski had always been in existence Similarly our interest in the geometry of the sidecut allowed us to discuss snowboards in some detail as well for the key to their ability to shred down the mountain is their deep sidecut

It's Christmas in Mapleton. Laney McGregor's previous holiday season ended in disaster. Add to that her recent Election Day loss and her spirits are decidedly un-bright. She's determined to spend a quiet Christmas at home in Mapleton helping out on her family's tree farm when needed but mostly keeping to herself. That is until a job opportunity sweeter than sugar plums gets dangled in front of her if only she'll participate in a sequence of Christmas clichés. Ford Marshall has made his list and checked it twice and he's sure of one thing. He's been half in love with Laney since he knew being in love was a thing to be but he's always acted like a fool where she's concerned. Now though when Laney finds herself running McGregor Tree Farm solo Ford gladly steps up to be her right hand elf. As the pair participates in the Merry Mapleton festivities an unexpected holiday romance is born. But when personal insecurities and professional developments are brought to light Ford and Laney's new relationship is put to the test. Can they learn from past mistakes let their guards down and come together to make theirs a Christmas love story that'll last the whole year long and beyond.
