Catalog of Music for the Pianola, Pianola Piano and Aeriolia Aeolian Company, 1905

The Sonata Thomas Schmidt-Beste, 2011-03-10 What is a sonata Literally translated it simply means instrumental piece It is the epitome of instrumental music and is certainly the oldest and most enduring form of pure and independent instrumental composition beginning around 1600 and lasting to the present day Schmidt-Beste analyses key aspects of the genre including form scoring and its social context who composed played and listened to sonatas In giving a comprehensive overview of all forms of music which were called sonatas at some point in musical history this book is more about change than about consistency an ensemble sonata by Gabrieli appears to share little with a Beethoven sonata or a trio sonata by Corelli with one of Boulez's piano sonatas apart from the generic designation However common features do emerge and the look across the centuries never before addressed in a single volume survey opens up new and significant perspectives

The Alexander Scriabin Companion Lincoln Ballard, Matthew Bengtson, 2017-06-27 This unique collaboration between a musicologist and two pianists all experts in Russian music takes a fresh look at the supercharged music and polarizing reception of the Russian composer Alexander Scriabin From his Chopin inspired miniatures to his genre bending symphonies and avant garde late works Scriabin left a unique mark on music history Scriabin's death centennial in 2015 brought wider exposure and renewed attention to this pioneering composer Music lovers who are curious about Scriabin have been torn between specialized academic studies and popular sources that glamorize his interests and activities often at the expense of historical accuracy This book bridges the divide between these two branches of literature and brings a modern perspective to

his music and legacy Drawing on archival materials primary sources in Russian and recently published books and articles Part One details the reception and performance history of Scriabin s solo piano and orchestral music High quality recordings are recommended for each piece Part Two explores four topics in Scriabin s reception the myths generated by Scriabin s biographers his claims to synaesthesia or color hearing his revival in 1960s America as a proto Flower Child and the charges of anti Russianness leveled against his music Part Three investigates stylistic context and performance practice in the piano music and considers the domains of sound rhythm and harmony It offers interpretive strategies for deciphering Scriabin s challenging scores at the keyboard Students scholars and music enthusiasts will benefit from the historical insights offered in this interdisciplinary book Armed with this knowledge readers will be able to better appreciate the stylistic innovations and colorful imagination of this extraordinary composer Felix Mendelssohn - Cello Sonata No.1 - Op.45 - A Score for Cello and Piano Felix Mendelssohn,2013-04-26 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork Brooklyn Public Library News Bulletin Brooklyn Public Library,1908
