The Humming Bird Tree:

The Humming-bird Tree Ian McDonald, 1969 Alan was too young to understand why his parents preferred him to play with the other white boys on the estate But gradually he learned that if he was going to meet Kaiser and Jaillin he had to pretend he was going to meet someone else he had to pretend he didn't enjoy spending time with his friends he had to pretend he didn't mind when he wasn't allowed to invite them to his party Sometimes horribly the pretending became real and Alan found himself in betrayal of the friendship that meant so much to him Goodreads [The Humming-bird Tree](#) Ian MacDonald, 1992 [The Humming-Bird Tree](#) Ian McDonald (poète).), 1969 **The Hummingbird Tree**, 2022 *The Humming-bird Tree* Ian McDonald, 1969 Alan was too young to understand why his parents preferred him to play with the other white boys on the estate But gradually he learned that if he was going to meet Kaiser and Jaillin he had to pretend he was going to meet someone else he had to pretend he didn't enjoy spending time with his friends he had to pretend he didn't mind when he wasn't allowed to invite them to his party Sometimes horribly the pretending became real and Alan found himself in betrayal of the friendship that meant so much to him Goodreads *The Hummingbird Cabinet* Judith Pascoe, 2006 This book is a romantic history of romantic collecting It takes seriously and by necessity shares the tendency of romantic histories to dwell upon their own fragmentariness on the impossibility of capturing an intact history It traces the particular ways in which objects stepped into the lives of romantic collectors and also the ways in which the objects moved on from the Introduction In the late eighteenth and early nineteenth centuries the activity of collecting became democratized and popularized allowing all kinds of people to become caught up in the collecting obsessions of the period birds books Napoleonic relics botanical specimens Egyptiana and fossils Judith Pascoe invites readers to contemplate the ongoing allure of romantic collections Pascoe maintains that romanticism as a literary movement played a crucial supporting role in varied attempts by collectors of this era to fashion identities for themselves through collecting She links the collecting craze during the period with the subsequent fetishization of romantic poets and their possessions revealing the extent to which an ongoing fascination with material objects with Keats's hair and Shelley's guitar for example helped to produce an enduring image of these poets as spiritual emissaries of a less materialistic age In language both witty and idiosyncratic Pascoe makes the case that the romantic period stands out as a distinct moment in collecting history a transition between the flourishing of the Renaissance wonder cabinet and the rise of the Victorian museum [Ian McDonald](#) Debbie Jacob, 2007 **Ethnicity in the Caribbean** Gert Oostindie, 2005-10-01 Race and biologized conceptions of ethnicity have been potent factors in the making of the Americas They remain crucial even if more ambiguously than before This collection of essays addresses the workings of ethnicity in the Caribbean a part of the Americas where from the early days of empire through today's post colonial limbo this phenomenon has arguably remained in the center of public society as well as private life These analyses of race and nation building increasingly significant in today's world are widely pertinent to the study of current and international

relations The ten prominent scholars contributing to this book focus on the significance of ethnicity for social structure and national identity in the Caribbean Their essays span a period from the initial European colonization right through today's paradoxical balance sheet of decolonization They deal with the entire region as well as the significance of the diaspora and the continuing impact of metropolitan linkages The topics addressed vary from the international repercussions of Haiti's black revolution through the position of French Caribbean blacks and the Barbadian redlegs to race in revolutionary Cuba from Puerto Rican dance etiquette through the Latin American and Caribbean identity essay to the discourse of Dominican nationhood and from a music imaginary in Guyane through Jamaica's post independence culture to the predicament of Dutch Caribbean decolonization Taken together these essays provide a rare and extraordinarily rich comparative perspective to the study of ethnicity as a crucial factor shaping both intimate relations and the public and even international dimension of Caribbean societies
