**The Idea of Holiness and the Humane Response** John Armstrong, 2023-03-24 First Published in 1981 The Idea of Holiness and the Humane Response is a radically innovative book presenting a critical appraisal of the concept of holiness and its effects It offers a view of holiness far less favourable than the traditional one yet its conclusions are by no means purely critical or negative For it sees certain other elements in Hebrew thought as marvelously rich and fertile insistently reasserting themselves but repeatedly overwhelmed by an opposed and stronger passion for the idea of holiness This book is an interesting read for scholars of religion social history and psychology

Armstrong, 1981 Blood, Bones and Spirit Heather McDonald, 2012-11-27 In this fascinating and beautifully written book Heather McDonald examines Aboriginal people's experiences of colonialism and post colonialism in the nineteenth and twentieth centuries Blood Bones and Spirit analyses how Aboriginal people have appropriated Biblical stories of land inheritance expansion and loss in order to make sense of their own dispossession It investigates the embodiment of Christianity by Aboriginal people through their appropriation of Christ's body his blood bones and spirit in order to replenish and heal their own colonised bodies Indeed this local study of Christianisation in a small East Kimberley town presents a challenge to the very history and philosophy of Western religion Heather McDonald spreads out before the reader various aspects of Aboriginal Christianity the way Aborigines have assimilated Christian stories to make sense of their history and their relationships with the dominant society their understanding of what it means to be Christian their church activities and their conflicting interpretations of the Christian way of life Aboriginal Christians are repossessing the land and reclaiming a traditional earth bound world immanent spirituality These Aboriginal understandings of colonisation including missionisation and Aboriginal ways of interpreting and understanding Christianity offer a unique contribution to the reconciliation process

Holiness Hannah K. Harrington, 2002-08-26 In this in depth exploration of holiness in the context of rabbinic Judaism Hannah K Harrington places the rabbinic concept of holiness alongside other notions of the sacred in the Graeco Roman world Holistic and yet detailed this volume provides a much needed comparative view of this subject during a key period in the development of the Jewish religion

The Sacred and Its Scholars Thomas A. Idinopulos, Edward A. Yonan, 1996 This volume of essays is devoted to a careful examination of the importance of methodology in the study of primary religious data The essays focus on the Sacred as an ultimate object of descriptive analysis and critical scrutiny on the part of a select number of North American and European methodologists in the study and teaching of the history of religions and its allied disciplines The central question to which the contributors respond are these What is the Sacred Is it a being or a concept of a being is it a mental state or an objective reality or something else entirely Can the Sacred be described as an empirical fact or as a formal rule for religious inquiry If the Sacred is a valid category in the study and teaching of religion then what can be said about the antithesis of the sacred namely the profane or the secular This volume probes these

questions with great care in order to justify a number of ways the Sacred can be construed as an indispensable notion for the study and teaching of religion

**Sacrifice, Cult, and Atonement in Early Judaism and Christianity** Henrietta L. Wiley, Christian A. Eberhart, 2017-09-28 Critical and creative studies that offer fresh perspectives on ancient ideas and practices The contributions to this volume deal in various ways with the cult at the Jerusalem Temple that epitomized the religious cultural and socio political identity of Judaism for many centuries Some essays examine ancient constitutive practices and concepts such as purification rituals sacrifices atonement or sacred authorities at the temple with the goal of interpreting their meanings for modern readers Other essays explore alternatives to ancient cultic meaning and practice Essays critique established traditions attempt to renegotiate them or use metaphor and spiritualization to expand the potential of these phenomena to serve as terminological and ideological resources Thus they examine and affirm the continuing relevance of ancient Jewish cultic notions long after the destruction of the Second Temple in 70 CE An international group of scholars representing different fields and diverse religious backgrounds A thorough examination of traditions as through the lens of contemporaneous interpretive traditions such as Jewish prophecy the Dead Sea Scrolls and Early Christian literature Examination of topics such as purification sacrifice and atonement and the depiction and development of sacred authority throughout the Bible

**Christian Eschatology and the Physical Universe** David Wilkinson, 2010-07-29 This book argues that the Christian understanding of new creation speaks powerfully to both theologians and scientists

**Animal Theology** Andrew Linzey, 1995 Animal rights is animal theology The author argues that historical theology creatively defined must reject humanocentricity He questions the assumption that if theology is to speak on this issue it must only do so on the side of the oppressors His theological query investigates not only the abstractions of theory but also the realities of hunting animal experimentation and genetic engineering He is an important pioneering Christian voice speaking for those who cannot speak for themselves

Rudolf Otto and the Concept of Holiness Melissa Raphael, 1997 Melissa Raphael presents a critical examination of the central contribution to the twentieth century concept of holiness made by the German Protestant Rudolf Otto 1869 1937 Whereas Otto s work has usually been studied from a phenomenological

perspective this book is original in offering theological arguments for Otto's idea of the holy becoming an anchor concept of contemporary theistic discourse This volume analyses the scholarly context that shaped Otto's concept of holiness and finding that the theological significance of the latter has been overlooked discusses the relation of the numinous and the holy to the divine personality morality religious experience and emancipatory theology

**Preaching God's Transforming Justice** Ronald J. Allen, Dale P. Andrews, Dawn Ottoni-Wilhelm, 2013-08-16 This is the final volume in a unique new commentary series that helps the preacher identify and reflect on the social implications of the biblical readings in the Revised Common Lectionary The essays concentrate on the themes of social justice in the weekly texts and how those themes can be teachable moments for preaching social justice in the church In addition to the lectionary days there are essays for twenty two Holy Days of Justice including Martin Luther King Day Earth Day World AIDS Day and Children's Sabbath These days are intended to enlarge the church's awareness of God's call for justice and of the many ways that call comes to the church and world today

*Theology and Embodiment* Melissa Raphael, 1996-03-01 Theology and Embodiment both analyses and contributes to spiritual feminism's postmodern construction of the female body as a metaphor and medium of divine generativity Addressing religious studies and women's studies students and all those interested in contemporary spirituality Raphael counters reformist feminism's recurrent criticism of goddess feminism as naively essentialist and sub political She presents spiritual feminism as a set of religio political manoeuvres that powerfully resist such patriarchal degradations of female natural generativity as environmental destruction weight reducing diets and menstrual taboos

**Religion, Feminism, and Idoloclasm** Melissa Raphael, 2019-01-22 Religion Feminism and Idoloclasm identifies religious and secular feminism's common critical moment as that of idol breaking It reads the women's liberation movement as founded upon a philosophically and emotionally risky attempt to liberate women's consciousness from a three fold cognitive captivity to the self idolizing god called Man the God who is a projection of his power and the idol of the feminine called Woman that the god called God created for Man Examining a period of feminist theory theology and culture from about 1965 to 2010 this book shows that secular as well as Christian Jewish and post Christian feminists drew on ancient and modern tropes of redemption from slavery to idols or false ideas as a means of overcoming the alienation of women's being from their own becoming With an understanding of feminist theology as a pivotal contribution to the feminist criticism of culture this original book also examines idoloclasm in feminist visual art literature direct action and theory not least that of the sexual politics of romantic love the diet and beauty industry sex robots and other phenomena whose idolization of women reduces them to figures of the feminine same experienced as a de realization or death of the self This book demonstrates that secular and religious feminist critical engagements with the modern trauma of dehumanization were far more closely related than is often supposed As
