The hands are positioned in the center of the frame, with the fingers slightly curled. The background is dark and out of focus, with some faint, repeating patterns of the word 'dreamstime' and a spiral logo.

Ideal suggestion through mental photography Henry Wood,1890 **The Spirit of the New Thought** Horatio Willis Dresser,1917 **Good Vibrations—a Healer's Journey** Patrick Deprez,2013 Like many scientists Patrick Deprez put his work ahead of his own health The demands of his work as an analytical chemist consumed his life and he drifted into a vortex of anxiety and depression One fateful Friday afternoon his mind broke down under the stress of his immense workload Two painful days later he reached out for help Following his recovery he experienced a life changing epiphany in the middle of the night Now an eager traveler on an unexpected path Patrick s life was renewed with purpose He was touched by God and nothing would ever be the same again Good Vibrations A Healer s Journey is an amazing and true account of his dramatic physical and spiritual change Patrick always felt the calling to be a doctor to help those who suffered As a young man he flew between his native Belgium and Africa where his father worked as an engineer He knew from a young age that he wanted to earn his pilot s wings one day And he achieved both dreams In this memoir Patrick explains how he taps into divine energy to help heal people diagnosed with serious illnesses including cancer and heart disease He also describes the steps involved in doing a healing and provides examples of real miraculous healings that have taken place in real people On his remarkable journey as a healer he has experienced revelations that have provided him with great clarity about humanity
