Ovid,1900 *God's Presence* Frances Young,2013-10-10 In 2011 Frances Young delivered the Bampton Lectures in Oxford to great acclaim She offered a systematic theology with contemporary coherence by engaging in conversation with the fathers of the church those who laid down the parameters of Christian theology and enshrined key concepts in the creeds and exploring how their teachings can be applied today despite the differences in our intellectual and ecclesial environments This book results from a thorough rewriting of those lectures in which Young explores the key topics of Christian doctrine in a way that is neither simply dogmatic nor simply historical She addresses the congruence of head and heart through academic and spiritual engagement with God s gracious accommodation to human limitations Christianity and biblical interpretation are discussed in depth and the book covers key topics including Creation anthropology Christology soteriology spirituality ecclesiology and Mariology making it invaluable to those studying historical and constructive theology **The Christian text-book and birthday remembrancer** Christian text-book,1874 **The British and Foreign Evangelical Review** ,1857 **The World's Book; Or, Key to Spiritual Life** Mrs. Morelli W. Spencer,1855 **The Education of Man** Johann Heinrich Pestalozzi,2022-09-06 Timeless words of wisdom from the eighteenth century teacher who transformed the world of education with his groundbreaking ideas Johann Heinrich Pestalozzi rose to prominence during the Age of Enlightenment bringing the spirit of equal opportunity and respect for human personality into the classroom just as Thomas Jefferson imbued such virtues into the Declaration of Independence The foundation of Pestalozzi s educational philosophy rested on six principles the inner dignity of the individual the promise of potential in each child love as the basis of education as opposed to punishment his doctrine of Anschauung experience based learning appropriate action following Anschauung and an emphasis on repetition of said action This philosophical grounding influenced the great remaking of American education from 1830 to 1860 resulting in changes that have been felt through the centuries and remain relevant today The Education of Man gathers Pestalozzi s enduring thoughts on subjects as wide ranging as humanity teaching poverty justice truth and nature including such observations as People are led by custom and catchwords but facts they are wont to overlook The man who seeks to rule as a father before he has learned to love as a brother will never be a patriarch Sooner or later but of a certainty in the end Nature will take her toll for what men do against her Learning is not worth a penny when courage and joy are lost along the way The world grows poor in seeking to avoid poverty the man who strives for riches most earnestly is seen to be the poorest **Of God and Man** M. C. Steenberg,2009-01-01 Scholarship in early Christianity has long focused on themes of theological doctrine on the one hand and anthropology on the other Doctrinal study has generally concentrated on the rise of Trinitarian language and Christological questions while anthropological studies explore early perceptions of human nature sin and redemption This has produced standard chronologies of doctrine dividing early Christian history into distinct if interrelated periods of history in the development of these views Building on current scholarship this volume re assesses

such an approach to early patristic study through a sustained investigation of anthropology and theology as a single project in the fathers Taking Irenaeus of Lyons Tertullian of Carthage Cyril of Jerusalem and Athanasius of Alexandria as chief examples of the period it explores how concentration on the human provides the context and lens through which doctrinal questions are articulated Assessing theology as anthropology as the approach to doctrines of God through understandings of the human creative insight is gleaned into refined developments of trinitarian thought far earlier than Nicaea and advanced reflections on the divinity of the Holy Spirit long before Constantinople The nature of humanity as in the image of God takes on a fresh potency when it is approached not only as a window on the human but the means by which the human reveals the nature of God *Ballou's Dollar Monthly Magazine* ,1856 Several Discourses Upon the Existence and Attributes of God Stephen Charnock,1682 The Essential Books of Mormons - Complete Collection William Alexander Linn,John Taylor,Joseph Fielding Smith,Wilford Woodruff,James E. Holy Spirit The title of the book was also from the Holy Spirit I was totally guided by the Holy Spirit in writing this book along with references from the Bible The book is mainly about salvation The title of the book is an attention getter The title of the book How Secure Is Your Salvation generates curiosity As the saying goes never judge a book by its cover
