**Inspector in Charge of Canadian Border Inspection for the Year Ended June 30, 1902** United States. Bureau of Immigration, 1902 **The Immigrant Organising Process** Floris Vermeulen, 2006 Annotation This study focuses on the

emergence and persistence of immigrant organisations in host societies The relevance of immigrant organisations for both the host society and the immigrants themselves has been effectively demonstrated in many different studies However the question why immigrant organisations emerge and why they often persist over a long period is not adequately answered In this study a comparative approach is used to reveal the structural determinants of the immigrant organising process Different theoretical perspectives are combined immigration model social movement theory and the organisational ecology model It is this combination of models which has not yet been done by other scholars which determines the value of this study and the contribution to a better understanding of the immigrant organising process A comparative method is used analysing Turkish organisations in Amsterdam and Berlin and Surinamese organisations in Amsterdam 1960 2000 to explain the way in which the three explanatory models can be combined in one coherent explanation This title can be previewed in Google Books <http://books.google.com/books/vid/ISBN9789053568750> This title is available in the OAPEN Library <http://www.oapen.org> **Immigrant Entrepreneurs and Immigrants in the United States and Israel** Ivan Light, Richard E.
