The Impact Of Colonisation On Indigenous Groups

Margaret Barnes, Jennifer Rowe

The Impact Of Colonisation On Indigenous Groups:

Aboriginal Peoples, Colonialism and International Law Irene Watson, 2014-10-17 This work is the first to assess the legality and impact of colonisation from the viewpoint of Aboriginal law rather than from that of the dominant Western legal tradition It begins by outlining the Aboriginal legal system as it is embedded in Aboriginal people s complex relationship with their ancestral lands This is Raw Law a natural system of obligations and benefits flowing from an Aboriginal ontology This book places Raw Law at the centre of an analysis of colonisation thereby decentring the usual analytical tendency to privilege the dominant structures and concepts of Western law From the perspective of Aboriginal law colonisation was a violation of the code of political and social conduct embodied in Raw Law Its effects were damaging It forced Aboriginal peoples to violate their own principles of natural responsibility to self community country and future existence But this book is not simply a work of mourning Most profoundly it is a celebration of the resilience of Aboriginal ways and a call for these to be recognised as central in discussions of colonial and postcolonial legality Written by an experienced legal practitioner scholar and political activist Aboriginal Peoples Colonialism and International Law Raw Law will be of interest to students and researchers of Indigenous Peoples Rights International Law and Critical Legal Theory **Psychology: Australia and New**

McIntyre-Mills, Norma R. A. Romm, 2019-07-12 This book uses mixed methods to extend the concept of wellbeing stocks to refer to dynamic ways of working with others It addresses metaphors and praxis for weaving together strands of experience The aim of the wellbeing stocks concept is to enable people to re evaluate economics and to become more aware of the way in which we neglect social and environmental aspects of life The pursuit of profit at the expense of people and the environment is a central problem for democracy and governance The vulnerability of cities is a symptom of the lack of balance between individual and collective needs This book explores the potential for cities specifically in the regions of Indonesia Africa and Australia to become more productive as sites for food and water security through more creative use of technology It highlights the need for partners that see food and security feasible at the household level if supports are provided at the community national and international level The book examines how these regions are affected by demographics climate change and people movements but also explores ways to establish an effective cultural ecosystem management

Our Greatest Challenge Hannah McGlade, 2012 Hannah McGlade s book bravely addresses the complex and fraught issue of Aboriginal child abuse She argues that Aboriginal child sexual assault has been formed within the entrenched societal forces of racism colonisation and patriarchy yet cast in the Australian public domain as an Aboriginal problem with controversial government responses critiqued as racist and paternalistic McGlade highlights that non Aboriginal society has yet to acknowledge the traumatic impacts of the sexual assault on Aboriginal children which was part and parcel of the European project of civilisation She provides detailed analysis of the legal systems response While child sexual assault is a criminal offence the Aboriginal experience of the law is tainted Despite reforms to the law the courtroom experience is based on re victimisation and trauma which prevents the fundamental principle of equality before the law McGlade believes that we should be guided by Indigenous human rights concepts and international Indigenous responses in addressing the problem In doing so she believes that we can help to stem the harm to future generations

Researching with Care Tula Brannelly, Marian Barnes, 2022-10-24 What are the implications of caring about the things we research How does that affect how we research who we research with and what we do with our results Proposing what Joan C Tronto has called a paradigm shift in research thinking this book invites researchers across disciplines and fields of study to do research that thinks and acts with care The authors draw on their own and others experiences of researching the troubles they encounter and the opportunities generated when research is approached as a caring practice Care ethics provides a guide from starting out designing and conducting projects to thinking about research legacies It offers a way in which research can help repair harms and promote justice

Preventing Prison Violence Armon J. Tamatea, Andrew J. Day, David J. Cooke, 2023-09-08 Preventing Prison Violence introduces the idea of prison ecologies a multi layered perspective to understanding prison violence as a product of human environment social and physical systemic and societal influences and how an ecological approach is helpful to prevention efforts Interpersonal violence is a global concern and a significant cause

of death around the world In prisons the human financial and health burden of violence presents a significant social issue as well as a wicked problem that does not permit of simplistic solutions Recent innovations in data capture means that questions about violence gang affiliations and prisons that could not be answered previously can now be explored The central theme of this book is that prisons are ecologies spaces where people resources and the built environment are interrelated and that violence is a product of a complex of interpersonal and environmental factors that increase the likelihood of assault but also provide opportunities for solutions Drawing on psychology geography indigenous knowledge gang culture and predictive modelling this book expands beyond the conventional individual focused assessment intervention prevention approach to research in this field towards a holistic and ecological way of thinking that recognises individual organisational and cultural factors as well as the role of the physical environment itself in the facilitation and prohibition of aggression Providing a comprehensive resource for those who are interested in making prisons safer firmly based in contemporary research and theory Preventing Prison Violence will be of great interest to students and scholars of Penology Violence and Forensic Psychology as well as to professionals working in criminal justice settings The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
