The Impossibility Of Sex:

The Impossibility of Sex Susie Orbach, 2018-04-24 In this book I have struggled with certain words without a satisfactory conclusion I am unhappy about all the words used to describe the person who visits the therapist's consulting room Is she or he a patient Well sometimes yes Certain individuals like that word because it captures for them the sense that there is something wrong an emotional illness Is she or he a client Again sometimes yes Certain individuals like that word because it connotes a kind of consultative process Is she or he an analysand Certain individuals like this word because it conveys something about the process of a therapy and it has a symmetry analyst analysand I myself find that all these words capture something about the therapy and the therapy process but are considerably less than perfect In what follows I have chosen to use the words interchangeably as well as the words psychotherapist therapist and analyst In the text in the musings in italics I have usually referred to the primary carer in the person's early life as mother I realize that this is not always the case There are fathers who have primary responsibility for their children from birth and there are relatives and nannies who fulfil this role Rarely in my clinical experience of seeing adults has this role been an enterprise between two people in the way that it is becoming for some couples with children today We have yet to see the effects of joint child rearing on adult psychologies so I have retained the notion of the mother or mother substitute a notion which will have to be expanded as the generations now raising children make new arrangements between them I have also chosen for simplicity's sake to use the word she throughout for the personal pronoun rather than she or he *The Impossibility of Sex* Susie Orbach, 2019-10-02 In these intriguing accounts The author the celebrated author of *Fat is a Feminist* Issue presents us with six imaginary clinical cases including Adam the serial seducer Belle the compulsive liar and Joanne the self mutilator Through them the author presents an intriguing look into the hidden world of the consulting room She demonstrates The Impossibility of Sex Susan Orbach, 2000 Relating to Clients Su Fox, 2007-10-15 The book provides information and exercises to help practitioners improve their style of interacting with clients by setting clear boundaries having a defined contract with them communicating effectively and being a good listener among other things Suitable for complementary therapy practitioners and students in the field **The Symbolic, the Sublime, and Slavoj Žižek's Theory of Film** M. Flisfeder, 2016-01-20 Returning to questions about ideology and subjectivity Flisfeder argues that Slavoj Žižek's theory of film aims to re-politicize film studies and film theory bringing cinema into the fold of twenty first century politics **Sexual Politics of Desire and Belonging**, 2007-01-01 Designed for students academics and the general reader alike *Sexual Politics of Desire and Belonging* provides theoretical and empirical insights into the linkages between sexualities and forms of desire and ways of belonging and relating to others in specific contexts and moments in time Opening with a substantial introduction by one of the editors this collection of thirteen essays is organised into three parts each section making important contributions to contemporary debates regarding the sexual politics of citizenship marriage friendship

pornography intimacies eroticism and desire As such the essays introduce fresh perspectives for thinking about how individuals construct senses of belonging and modes of relating to others in their everyday lives within the disciplinary frameworks of sociology organisational analysis and cultural studies As well the volume analyses representations of desire and eroticism in British Pop Art trauma and feminist fiction polyamory self help literature Hollywood films and sociological and psychoanalytic theory Analytical insights offered within these essays will do much to stimulate debate about aspects of the socially and historically constituted relationship between desire and sexuality Because of the diverse approaches and conclusions it contains the volume will be essential reading for anyone interested in engaging with inter and multidisciplinary perspectives in order to understand the dynamics between constructions of desire and belonging and discourses of gender sex and sexuality

Subject of the Event Sebastian Huber, 2017-11-30 What does falling in love have in common with the fall of the Berlin Wall Or the fall of the Twin Towers In the light of postmodernism s programmatic critique of a humanist notion of the subject and an emphatic understanding of events Subject of the Event shows that selected American novels after 2000 offer an alternative to the death of the subject As the first book to comprehensively engage with Alain Badiou s writings outside of a philosophical context Subject of the Event analyzes five critically acclaimed novels of the new millennium Cormac McCarthy s The Road 2006 Jess Walter s The Zero 2006 Mark Z Danielewski s Only Revolutions 2006 Paul Beatty s Slumberland 2008 and Thomas Pynchon s Against the Day 2006 and argues that they create different subjects of the event that are empowered with reagency The subject of the event and its empowerment what this book calls reagency implies that subjects only evolve out of their confrontation with the revolutionary impetus that events propel Unlike a humanist capability of having agency reagency is defined as a repetitive subjective praxis that is contingent upon events which is given a concrete literary form in the novels under investigation Sebastian Huber explores how the American penchant for events new beginnings clean slates apocalypse is being critically dealt with in the novels at hand while still offering an emphatic idea of singular disruptions that open up ways for subjects to affirm and become empowered by the new propositions of these happenings

The Not-Two Lorenzo Chiesa, 2016-04-08 A philosophical examination of the treatment of logic and God in Lacan s later psychoanalytic theory In The Not Two Lorenzo Chiesa examines the treatment of logic and God in Lacan s later work Chiesa draws for the most part from Lacan s Seminars of the early 1970s as they revolve around the axiom There is no sexual relationship Chiesa provides both a close reading of Lacan s effort to formalize sexual difference as incompleteness and an assessment of its broader implications for philosophical realism and materialism Chiesa argues that There is no sexual relationship is for Lacan empirically and historically circumscribed by psychoanalysis yet self evident in our everyday lives Lacan believed that we have sex because we love and that love is a desire to be One in face of the absence of the sexual relationship Love presupposes a real not two The not two condenses the idea that our love and sex lives are dictated by the impossibility of fusing man s contradictory being with the heteros of woman as a fundamentally

uncountable Other Sexual liaisons are sustained by a transcendental logic the so called phallic function that attempts to overcome this impossibility Chiesa also focuses on Lacan s critical dialogue with modern science and formal logic as well as his dismantling of sexuality as considered by mainstream biological discourse Developing a new logic of sexuation based on incompleteness requires the relinquishing of any alleged logos of life and any teleological evolution For Lacan the truth of incompleteness as approached psychoanalytically through sexuality would allow us to go further in debunking traditional onto theology and replace it with a para ontology yet to be developed Given the truth of incompleteness Chiesa asks can we think such a truth in itself without turning incompleteness into another truth about truth that is into yet another figure of God as absolute being

Sex and the Failed Absolute Slavoj Žižek,2019-09-19 In the most rigorous articulation of his philosophical system to date Slavoj i ek provides nothing short of a new definition of dialectical materialism In forging this new materialism i ek critiques and challenges not only the work of Alain Badiou Robert Brandom Joan Copjec Quentin Meillassoux and Julia Kristeva to name but a few but everything from popular science and quantum mechanics to sexual difference and analytic philosophy Alongside striking images of the M bius strip the cross cap and the Klein bottle i ek brings alive the Hegelian triad of being essence notion Radical new readings of Hegel and Kant sit side by side with characteristically lively commentaries on film politics and culture Here is i ek at his interrogative best

Anxiety and Evil in the Writings of Patricia Highsmith Dr Fiona Peters,2013-05-28 Drawing on an impressive range of secondary material including many elusive reviews interviews and articles from the under explored Highsmith Archive Fiona Peters suggests that the usual generic distinctions crime fiction mystery suspense have been largely unhelpful in elucidating Patricia Highsmith s novels Peters analyzes a significant selection of Highsmith s works chosen with a view towards demonstrating the range of her oeuvre while also identifying the main themes and preoccupations running throughout her career Adopting a psychoanalytic approach Peters proposes a reading of Highsmith that subordinates murder as the primary focus of the novels in favor of the gaps between periods of activity represented through anxiety waiting lack of desire and evil Her close readings of the Ripley series This Sweet Sickness Deep Water The Tremor of Forgery and The Cry of the Owl among others reveal and illuminate Highsmith s concern with minutiae and the particular Peters makes a strong case that the specific disturbances within her texts have resulted in Highsmith s writing remaining resistant to explication and to the more sophisticated interpretative strategies that would seek to position her within a specific genre

The Emperor's New Nudity Yuval Kremitzer,2024-12-10 An analysis of contemporary authoritarianism and the medium in which it flourishes the internet as well as what lies at the complex intersection of authority and technology In recent decades a new style of authoritarian politics has taken hold throughout the liberal democratic world The new authority figures are characterized by obscene transgressive behavior reminiscent of the crowd leader as theorized by Freud only far less transient In The Emperor s New Nudity Yuval Kremitzer considers the fraught intersection of authority and technology the internet being the medium

that has allowed contemporary authoritarianism to thrive asking foundational questions such as How can we think of the network as a social phenomenon What can social and political phenomena teach us about the nature of the new technology And how does technology reshape the very fabric of social and political life Technology Kremnitzer writes leads us toward an impersonal and hyperrational world to such an extent that it renders human subjectivity outmoded Authority on the other hand anchors our subjective identifications to certain figures and seems to be hopelessly primitive and irrational What is required then is a dialectics of the primal a study of the way in which what strikes us as essential enters into the dynamics of historical change From this perspective authority and technology can be said to be divided by a common object the unwritten law and the special knowledge that pertains to it a knowledge without knowers Incontinence of the Void Slavoj Zizek, 2019-02-26 The formidably brilliant i ek considers sexuality ontology subjectivity and Marxian critiques of political economy by way of Lacanian psychoanalysis If the most interesting theoretical interventions emerge today from the interspaces between fields then the foremost interspaceman is Slavoj i ek In *Incontinence of the Void* the title is inspired by a sentence in Samuel Beckett's late masterpiece *Ill Seen Ill Said* i ek explores the empty spaces between philosophy psychoanalysis and the critique of political economy He proceeds from the universal dimension of philosophy to the particular dimension of sexuality to the singular dimension of the critique of political economy The passage from one dimension to another is immanent the ontological void is accessible only through the impasses of sexuation and the ongoing prospect of the abolition of sexuality which is itself opened up by the technoscientific progress of global capitalism in turn leading to the critique of political economy Responding to his colleague and fellow *Short Circuits* author Alenka Zupan i ek's *What Is Sex* i ek examines the notion of an excessive element in ontology that gives body to radical negativity which becomes the antagonism of sexual difference From the economico philosophical perspective i ek extrapolates from ontological excess to Marxian surplus value to Lacan's surplus enjoyment In true i ekian fashion *Incontinence of the Void* focuses on eternal topics while detouring freely into contemporary issues from the Internet of Things to Danish TV series *Supposing the Subject* Joan Copjec, 1994 A collection of essays by theorists in culture and politics Experts from a variety of fields re-examine the origins of the subject as understood by Descartes Kant and Hegel and consider contemporary ideas that revive the subject including queer theory and national identity Contributors include Parveen Adams Etienne Balibar Homi Bhabha Slavoj Zizek Joan Copjec Juliet Flower MacCannell Charles Shepardson Mikkei Borch Jacobsen Elizabeth Grosz and Miaden Dolar Porn on the Couch Ricky Varghese, 2023-03-21 This book considers pornography as a bridge between screen cultures and screen memories The screen as a conceptual apparatus in both pornographic production viewership and psychoanalysis becomes important to unpack as such what does the screen hold in with respect to desire and pleasure What does it keep out Are sex and memory interconnected And if so what is the status of memory as it informs sexual choices practices and fantasies and thereby informs the use of porn Following Eve Kosofsky Sedgwick might there be the possibility

for a reparative or redemptive reading of pornography that is informed by a psychoanalytic emphasis on the study of desire Who or what are the subjects and objects of desire in the visual field of pornography What sorts of psychoanalytic readings are possible of pornographic texts in any media and to what end might we undertake such an interpretative approach How do well worn psychoanalytic categories such as loss lack mourning melancholia attachment trauma and the fetish inform pornographic interpellation in both the producer and viewer What are the ethical and methodological implications connected to thinking psychoanalytically about pornography These are but some of the questions that this collection of essays explores It will be of interest to researchers and advanced students of media and cultural studies sociology psychology and mental health This book was originally published as a special issue of the journal *Porn Studies* *The Neither/nor of the Second Sex* Céline León, 2008 Although Kierkegaard provided many a puzzle for his biographers one would be wrong to assume Kierkegaard invariably lied when he claimed to be telling the truth Tying Kierkegaard's baffling misogyny and ultimately his misogamy to the existence of an inner mystery *The Neither Nor of the Second Sex* navigates between the Charybdis of an allegedly insurmountable gulf between works and biography and the Scylla of the biographical fallacy a peril whose threat raised greater alarms in Kierkegaard Céline León draws her conclusions by paying close attention to the texts and by carefully distinguishing between author and pseudonyms She only brings works and life together when Kierkegaard ambivalently plays with the former in order to impart something of the secret lying at the core of his being to reverse Sartre's famous formulation to communicate at the heart of hiddenness León shows how Kierkegaard a writer whose views on other subjects she holds in high regard projected his lack onto a particular woman Regina Olsen his one time fiancée and lifelong obsession then onto all women and ultimately regarding his own exceptional status as normative elected to ban the heterosexual relation altogether This is not however the same as saying that notwithstanding the religious development and the enormous production whose twin onset he ascribed to the rupture with Regina Kierkegaard did not do so at an egregious personal cost Book jacket **Anxiety Between Desire and the Body** Bogdan Wolf, 2019-01-30 This book provides a unique analysis of Lacan's conception of anxiety as presented in one of his most fascinating seminars Seminar X The seminar took place in the lead up to Lacan's infamous excommunication from the IPA Revisiting Freud's work on the topic Lacan conceives anxiety in an anxiety chart which includes adjacent terms such as inhibition embarrassment and turmoil He sees desire as the kernel of anxiety before turning attention to the body **Anxiety Between Desire and the Body** What Lacan Says in Seminar X is written from the perspective of the analytical experience its logic and its surprising discoveries It will be of great interest to students of Lacanian psychoanalysis as well as philosophers interested in Lacan's work **The Art of Shrinking Heads** Dany-Robert Dufour, 2008 After the hell of the Nazis and the terror of Communism it is possible that a new catastrophe has appeared on the horizon this time it is neoliberalism that wants to create its own new man For two centuries Kant's critical subject and Freud's neurotic subject provided us with philosophical templates for modernity but today modern capitalism is

systematically destroying these two subjects and replacing them with something new The two subjects of modernity both presupposed some reference to a higher value or power like Reason which provided a symbolic guarantor but neoliberalism by emphasizing the exchange of commodities in the marketplace destroys all transcendental references of this kind Now human beings no longer look beyond themselves and no longer have to agree about symbolic values they only have to get on with the circulation and consumption of goods Deprived of his faculty of judgement and urged to enjoy himself without restraint the new man of neoliberalism takes centre stage in the era of global capitalism In this biting critique of our contemporary condition Dufour shows that the radical transformation of the subject brought about by neoliberalism what he calls the art of shrinking heads contains a new kind of violence which has far reaching consequences for our ways of living together

Bad Education Lee Edelman, 2022-12-05 Long awaited after No Future and making queer theory controversial again Lee Edelman's Bad Education proposes a queerness without positive identity a queerness understood as a figural name for the void itself unnamable around which the social order takes shape Like Blackness woman incest and sex queerness as Edelman explains it designates the antagonism the structuring negativity preventing that order from achieving coherence But when certain types of persons get read as literalizing queerness the negation of their negativity can seem to resolve the social antagonism and totalize community By translating the nothing of queerness into the something of the queer the order of meaning defends against the senselessness that undoes it thus mirroring Edelman argues education's response to queerness its sublimation of irony into the meaningfulness of a world Putting queerness in relation to Lacan's ab sens and in dialogue with feminist and Afropessimist thought Edelman reads works by Shakespeare Jacobs Almod var Lemmons and Haneke among others to show why queer theory's engagement with queerness necessarily results in a bad education that is destined to teach us nothing
