enduring legacy of this cultural exchange **The Influence of Greek Philosophy on Western Christianity** Mark R Anderson, 2020-07-15 Why do so many American and European Christians struggle with believing for and operating in the supernatural Many go through a lifetime and rarely if ever see a miracle or experience anything supernatural The reason is because in the West we have been programmed to walk in and believe in the of the separation of the natural and spiritual realms This dogma originated around 400AD when strains of Greek philosophy mingled with Western Christianity Many are ignorant about this influence but follow religious traditions and are influenced by a Western mindset passed down from that time period In this book we expose the impact of Greek philosophy on Western Christianity Were you were raised to mostly believe the religious traditions of men rather than what Jesus taught Would you be interested in finding out where that belief came from and compare it to what the early church embraced In our travels worldwide experiencing many different cultures we can see that most Western Christians are more influenced by Greek philosophy than they are by the Bible In Part I we look at the history of Greek philosophy during the time of Jesus right up to the present We look at leaders in Europe who were greatly influenced by Greek philosophy and brought that mentality into Western Christianity In this book we compare the influence of Greek philosophy in Western Christianity to what Jesus and the early church taught so you can easily make a distinction between the two We also examine beliefs that came from the influence of Greek Philosophy such vows of poverty views on politics vow of chastity sex in marriage views on physical suffering and does God have complete control of this earth We seek to strike the proper balance and compare it all with what the scriptures say regarding these issues Don t settle for a powerless Christian lifestyle when you can easily be walking in the power of Holy Spirit affecting the atmosphere around you for the better Sometimes we must unlearn and embrace change for the better if Holy Spirit is in it We often have been in meetings or met people in India and Nepal who have seen Jesus face to face seen angels and had supernatural encounters that radically transformed them This can happen in North America and Europe with a renewed mind that connects both the spiritual invisible realm and physical visible realms together as one God is no respecter of persons see Romans 2 11 What He does for one He can easily do for another **The Influence of Greek Ideas on Christianity.
