Aging Syed Ibrahim Rizvi,Gaurav Majumdar,2024-10-15 This book aims to understand the inherent circadian cycles of biological processes and their role in maintaining health and healing a variety of diseases The book is divided into eight sections The first section introduces circadian rhythms and aging The second section focuses on the detailed mechanistic approach of oscillatory pathways in mammals The next section summarizes the sensitivity of the biological clock towards light and the circadian response to melatonin in mammals The fourth section addresses the circadian architecture at the cellular level and introduces an age dependent experimental model of rodents for subsequent biochemical and molecular investigations The subsequent section covers the complexity of circadian regulation in mitochondrial dynamics and its impact on aging The sixth section of the book discusses the findings obtained from different experimental approaches as a critical threat to the functioning of clock regulatory mechanisms and its associated health consequences during aging in humans and animal models The circadian oscillatory mechanisms that are dysregulated and might play an important role in the development and progression of neurological disorders such as Alzheimer s Disease AD Parkinson s Disease PD Huntington s Disease HD and Amyotrophic Lateral Sclerosis ALS etc are discussed in the next section Towards the end the book explores

the circadian clock as a possible drug target to restore circadian oscillations **Proving Homeopathy Case**

Adams,2024-01-28 Homeopathy is an old medical science with a history of clinical success It is also controversial with many detractors who propose homeopathy has no mechanism of action In Proving Homeopathy the author presents the scientific basis for the mechanisms of action for homeopathy proving that it has the therapeutic potential but only under the right conditions Utilizing a compendium of scientific resources the reader is taken through the fundamentals and the research providing an invaluable resource for those who utilize homeopathy as either practitioners or patients Note This is not a diagnostic resource *The Pineal Gland and its Endocrine Role* J. Axelrod,2013-12-01 The pineal gland has been a subject of interest and speculation for more than 2000 years Greek anatomists were impressed by the observation that the pineal gland is an unpaired structure and they believed that it regulated the flow of thoughts The philosopher Descartes proposed an important role for this organ in brain function At the beginning of the 20th century experiments by several investigators indicated that the pineal influenced sexual function and skin pigmentation and was also responsive to light signals With the isolation of melatonin from bovine pineal glands by Lerner and coworkers in 1958 the modern era of pineal research was initiated Within a few years the pathway for the biosynthesis of melatonin in the pineal was elucidated Soon thereafter it was shown that the formation of melatonin was influenced by environmental lighting Anatomists found that the pineal was innervated by sympathetic nerves and that the gland had photoreceptor elements It was also shown that the gonads were influenced by light via the pineal gland Research on the pineal gland became of increasing interest to anatomists biochemists pharmacologists and endocrinologists With the expanding knowledge concerning the function of the pineal gland contributed by the wide variety of disciplines it was thought that a study workshop would be timely **FOOD YOGA - Nourishing Body, Mind & Soul** Paul Turner,2013 Author Paul Rodney Turner the food yogi takes you on a journey of rediscovering food and its importance in our spiritual evolution FOOD YOGA not only offers practical guidance on how to live a healthy and happy life by reconnecting with nature but also introduces the reader to the power of food as a uniter and a medium for expressing our love for the divine Food yoga springs from the belief that the kind of food we eat affects our consciousness and subsequent behaviours All the world's great spiritual traditions have elaborate food offering rituals carefully designed to expand consciousness and all use food as a means to represent or please the Divine and to expand the consciousness of their followers Food yoga is in essence a discipline that honors all spiritual paths by embracing their core teaching that food in its most pure form is divine and therefore an excellent medium for spiritual purification Aesthetics, Well-being and Health Birgit Cold,2024-11-07 In everyday life most people do not reflect seriously on the impacts of architecture and environmental aesthetics on their well being and health Originally published in 2001 as part of the Ethnoscapes Current Challenges in the Environmental Social Sciences series reissued now with a new series introduction Aesthetics Well being and Health Essays within Architecture and Environmental Aesthetics is an intriguing volume bringing

together professionals working in architecture planning urban design and social policy with academics from both humanities and social sciences to provide a broad based and insightful discussion on how aesthetics affect us emotionally and physically The essays help us understand our cultural and individual preferences related to the quality of the environment and challenge the common belief that environmental beauty is a matter of personal taste A wide range of concepts are discussed such as place identity multi sensuous and emotional processes geometrical order and controlled space architectural plasticity aesthetically real and virtual values participative design processes ethics in architecture and beauty and happiness The book highlights the importance for today s society to engage more in aesthetic ethics and to understand the significance of creating aesthetically pleasing environments

Luminous Life Jacob Israel Liberman, 2018-01-22 The secrets of light Your pathway to a state of presence Seeking a state of presence The most important things in life are our health and happiness Yet most of us are neither healthy nor happy We have been led to believe that if we think ahead and make the right choices we can manifest our dreams Yet despite our best efforts we still have more disease and discontent than ever before Is it possible that our essential ideas about life are flawed Can we learn how to get into the zone or a flow state Is light the key to finding a state of presence Living in the light We are all aware of the impact of sunlight on a plant s growth and development But few of us realize that a plant actually sees where light is emanating from and positions itself to be in optimal alignment with it This phenomenon however is not just occurring in the plant kingdom humans are also fundamentally directed by light The intersection of science and spirituality In *Luminous Life* Dr Jacob Israel Liberman integrates scientific research clinical practice and direct experience to demonstrate how the luminous intelligence we call light effortlessly guides us toward health contentment and a life filled with purpose If you have read Barbara Brennan s *Hands of Light* or *Light Emerging* you re going to love Jacob Liberman s *Luminous Life*
