The Inmost Leaf A Selection Of Essays By Alfred Kazin:

Alfred Kazin Richard M. Cook,2007-12-01 Born in 1915 to barely literate Jewish immigrants in the Brownsville section of Brooklyn Alfred Kazin rose from near poverty to become a dominant figure in twentieth century literary criticism and one of Americas last great men of letters Biographer Richard M. Cook, *Alfred Kazin's Journals* Alfred Kazin,2011-01-01 At the time of his death in 1998 Alfred Kazin was considered one of the most influential intellectuals of postwar America What is less well known is that Kazin had been contributing almost daily to an extensive private journal which arguably contains some of his best writing These journals collectively tell the story of his journey from Brooklyn s Brownsville neighborhood to his position as a dominant figure in twentieth century cultural life To Kazin the daily entry was a psychological and spiritual act To read through these entries is to reexperience history as a series of daily discoveries by an alert adventurous if often mercurial intelligence It is also to encounter an array of interesting and notable personalities Sketches of friends mistresses family figures and other intellectuals are woven in with commentary on Kazin s childhood early religious interests problems with parents bouts of loneliness dealings with publishers and thoughts on the Holocaust The journals also highlight his engagement with the political and cultural debates of the decades through which he lived He wrestles with communism cultural nationalism liberalism existentialism Israel modernism and much more Judiciously selected and edited by acclaimed Kazin biographer Richard Cook this collection provides the public with access to these previously unavailable writings and in doing so offers a fascinating social historical literary and cultural record

The Novel Art Mark McGurl,2020-06-30 Once upon a time there were good American novels and bad ones but none was thought of as a work of art The Novel Art tells the story of how beginning with Henry James this began to change Examining the late nineteenth century movement to elevate the status of the novel its sources paradoxes and reverberations into the twentieth century Mark McGurl presents a more coherent and wide ranging account of the development of American modernist fiction than ever before Moving deftly from James to Stephen Crane Edith Wharton Gertrude Stein William Faulkner Dashiell Hammett and Djuna Barnes among others McGurl argues that what unifies this diverse group of ambitious writers is their agonized relation to a middling genre rarely included in discussions of the fine arts He concludes that the new product despite its authors desire to distinguish it from popular forms never quite forsook the intimacy the genre had long cultivated with the common reader Indeed the art novel sought status within the mass market and among its prime strategies was a promotion of the mind as a source of value in an economy increasingly dependent on mental labor McGurl also shows how modernism s obsessive interest in simple mindedness revealed a continued concern with the masses even as it attempted to use this simplicity to produce a heightened sophistication of form Masterfully argued and set in elegant prose The Novel Art provides a rich new understanding of the fascinating road the American novel has taken from being an artless enterprise to an aesthetic one

American Studies Jack Salzman,1986-08-29 This is an annotated bibliography of 20th century books through 1983 and is a reworking of American

Studies An Annotated Bibliography of Works on the Civilization of the United States published in 1982 Seeking to provide foreign nationals with a comprehensive and authoritative list of sources of information concerning America it focuses on books that have an important cultural framework and does not include those which are primarily theoretical or methodological It is organized in 11 sections anthropology and folklore art and architecture history literature music political science popular culture psychology religion science technology medicine and sociology Each section contains a preface introducing the reader to basic bibliographic resources in that discipline and paragraph length non evaluative annotations Includes author title and subject indexes ISBN 0 521 32555 2 set 150 00 Edmund Wilson Lewis M. Dabney,2005-08-03 From the Jazz Age through the McCarthy era Edmund Wilson 1895 1972 stood at the center of the American cultural scene In his own youth a crucial champion of the young Ernest Hemingway and F Scott Fitzgerald Wilson went on to write three classics of literary and intellectual history Axel s Castle To the Finland Station and Patriotic Gore searching reportage and criticism that has outlasted many of its subjects Wilson documented his unruly private life a formative love affair with Edna St Vincent Millay a tempestuous marriage to Mary McCarthy and volatile friendships with Fitzgerald and Vladimir Nabokov among others in openly erotic fiction and journals but Lewis Dabney is the first writer to integrate the life and work Dabney traces the critic s intellectual development from son of small town New Jersey gentry to America s last great renaissance man a deep commentator on everything from the Russian classics to Native American rituals to the Dead Sea Scrolls Along the way Dabney shows why Wilson was and has remained in his cosmopolitanism and trenchant nonconformity a model for young writers and intellectuals as well as the favorite critic of the general reader Edmund Wilson will be recognized as the lasting biography of this brilliant man whose life reflected so much of the cultural social and human experience of a turbulent century The Binding of Isaac, Religious Murders & Kabbalah Lippman Bodoff,2005 In a series of evocative groundbreaking articles the author analyzes the Biblical and Rabbinic basis for what surely are now some of the most hotly debated topics in Jewish religious thought today These include how the traditional interpretation of the Binding of Isaac has been misapplied in both Christian theology and Jewish martyrology and how the centuries long and newly resurgent belief in mysticism and messianism in kabbalah and Hasidism has distorted classical Judaism and thwarted its national and cultural development The author counters the arguments of those who see Judaism s and the world s newfound obsession with mysticism and kabbalah as a natural outgrowth of a progressive trend within rabbinic Judaism and warns of the impending danger of rejecting the very core of Jewish thought and opinion as it was expounded in the Torah and classical Jewish tradition the Oral Law Each section of this magnificent work will give the reader new insights into how different aspects of Judaism have evolved and why they have often been in contention with each other Nor is he afraid to deal with some of the supercharged issues within Judaism such as what are the underlying premises of Jewry s claim to the Divinely Promised Land And has this claim been affected by its failure to pursue an active program of nationalism These highly acclaimed articles

have been gleaned from today's leading Jewish journals and have stood the test of time. They contain valuable source material and are a ready reference to the many historical and religious topics that are the focus of discussion across all main Jewish denominations. The Program Era Mark McGurl, 2011-11-30 McGurl offers a fundamental reinterpretation of postwar American fiction asserting that it can be properly understood only in relation to the rise of mass higher education and the creative writing program. The Program Era will be at the center of debates about postwar literature and culture for years to come.

Marcel Proust Harold Bloom, 2009 A guide to three novels by Marcel Proust containing selections of critical essays, plot summaries for each work and a biography of Proust. *Paperbound Books in Print*, 1966

Henry David Thoreau Michael Berger, 2025-08-01 Thoreau is well known as a lyrical nature writer, environmental prophet, rebel against stifling convention, and theorist of strategic intervention to protest injustice. He was also a part-time surveyor and pencil maker, student of Native America, abolitionist, philosopher, and shrewd Transcendentalist. Whether living at Walden Pond or comfortably on Main Street in central Concord, Thoreau made deep inquiries into life and gave all to his craft. Drawing on the work of outstanding scholars and critics, this companion provides information on the full body of Thoreau's work, his life, and his world, connecting the factors that affected Thoreau's thought and writing and highlighting his impact in his own time and since. This study brings these various aspects of Thoreau's life and writings into focus in over one hundred interconnected essays. *The Complete Stories* Franz Kafka, 2012-10-24 The complete stories of one of the greatest writers of the twentieth century, the author of *The Metamorphosis* and *The Trial*. An important book, valuable in itself and absolutely fascinating. The stories are dreamlike, allegorical, symbolic, parabolic, grotesque, ritualistic, nasty, lucent, extremely personal, ghoulishly detached, exquisitely comic, numinous, and prophetic. *The New York Times*: *The Complete Stories* brings together all of Kafka's stories from the classic tales such as *The Metamorphosis*, *In the Penal Colony*, and *A Hunger Artist* to shorter pieces and fragments that Max Brod, Kafka's literary executor, released after Kafka's death. With the exception of his three novels, the whole of Kafka's narrative work is included in this volume. Kafka spoke for millions in their new unease a century after his birth; he seems the last holy writer and the supreme fabulist of modern man's cosmic predicament. Foreword by John Updike.
