The Inner Life and Social Responsibility Thurman, Howard, 2023-11-10 Sermons on the theme of inner life and social responsibility

The Vienna Circle and Religion Esther Ramharter, 2022-03-08 This book is the first systematic and historical account of the Vienna Circle that deals with the relation of logical empiricists with religion as well as theology. Given the standard image of the Vienna Circle as a strong anti metaphysical group and non religious philosophical and intellectual movement this book draws a surprising conclusion namely that several members of the famous Moritz Schlick Circle e.g. the left wing with Rudolf Carnap Otto Neurath Philipp Frank Edgar Zilsel but also Schlick himself dealt with the dualisms of faith belief and knowledge religion and science despite or because of their non cognitivist commitment to the values of Enlightenment. One remarkable exception was the philosopher and Rabbi Joseph Schachter who wrote explicitly on religion and philosophy after the linguistic turn. The book also covers another puzzling figure the famous logician Kurt Godel who wrote on theology and the ontological proof of God in his so far unpublished notebooks. The book opens up new perspectives on the Vienna Circle with its internal philosophical and political pluralism and is of value to philosophers historians and anybody who is interested in the relation between science and religion.

The Indian Ladies' Magazine, 1901-1938 Deborah Anna Logan, 2017-07-12 This book examines the varied influences and accomplishments of the Indian Ladies Magazine the first Indian magazine established and edited by an Indian woman Kamala Saththianadhan in English written by women for women. Influences include Victorian Edwardian and Modern literature and culture as well as traditional Indian literature and culture during the late colonial pre independence period. More than a literary journal this publication also addressed social reforms from ladies philanthropy to women's mission to women the emergence of Indian identity politics in response to the nationalist and independence movements the Indian Woman Question in the context of female education debates and shifting concepts of womanliness cultural exchanges recorded by Indian travelers to America and the emergence of Indian nationalism between World Wars I and II leading to independence. This publication recorded and participated in the most pivotal moment in modern Indian history and did so by appealing to both the conservative and progressive socio political urges marking the era.
