**The Law of Arms Control and the International Non-proliferation Regime** Tom Coppen, 2016-12-08 Nuclear proliferation poses a serious threat to international peace and security The non proliferation regime is the body of public international law that aims to counter this threat It has been a cornerstone of global security for

decades This book analyses its main instruments The book focuses on the Nuclear Non proliferation Treaty international trade controls and the International Atomic Energy Agency It describes the internal mechanics of these mechanisms their development and their strengths and weaknesses It shows how they together are the basis of a political legal order that is more than the sum of its parts offering new insights on the role of international law in an area dominated by security driven politics *BULLETIN of the Atomic Scientists*, 1974-12 **History of the International Atomic Energy Agency** David Fischer (politiste).), 1997 Focuses on the history of the IAEA as an organization an history inevitably linked with the evolution of nuclear technology Sketches the fortunes of nuclear power since 1957 the main events that have affected confidence in nuclear safety and the evolution of nuclear arms control Concludes with a brief discussion of some of the questions the agency may have to answer before it turns 50 **Nuclear Non-Proliferation in International Law - Volume VI** Jonathan L. Black-Branch, Dieter Fleck, 2021-07-26 This sixth volume of the book series on Nuclear Non Proliferation in International Law focuses on current legal challenges regarding nuclear disarmament and security The Series on Nuclear Non Proliferation in International Law provides scholarly research articles with critical commentaries on relevant treaty law best practice and legal developments thus offering an academic analysis and information on practical legal and diplomatic developments both globally and regionally It sets a basis for further constructive discourse at both national and international levels Jonathan L Black Branch is Chair of the ILA Committee on Nuclear Weapons Non Proliferation and Contemporary International Law and President and CEO of ISLAND The Foundation for International Society of Law and Nuclear Disarmament Dieter Fleck is Former Director International Agreements Member of the Advisory Board of the Amsterdam Center for International Law ACIL Rapporteur of the International Law Association ILA Committee on Nuclear Weapons Non Proliferation Contemporary International Law Basic Documents on International Investment Protection Martins Paparinskis, 2012-07-09 The increase in the number and complexity of investor State treaty arbitrations in the last decade has attracted considerable attention from practitioners and academics of international investment protection law Rules aimed at regulating the protection of foreign investment have been expressed in a decentralised manner making a clear and comprehensive overview of the topic important This volume focuses on the relevant documents and aims to provide an exhaustive treatment of relevant procedural and substantive issues It includes documents explaining the historical development of investment law substantive investment rules multilateral and bilateral treaties and model documents and general rules on the law of treaties and responsibility and procedural investment rules relating to the arbitral process in different fora immunity recognition and enforcement The book is aimed at teachers students and practitioners in the area It can be used both as a practitioners handbook and as a classroom companion for courses on international dispute settlement and investment protection law This title is included in Bloomsbury Professional s International Arbitration online service *Law and Politics in Peaceful Use of Nuclear Energy* Xinjun Zhang, 2024-10-28 This book analyzes the law and politics in

the peaceful use of nuclear energy The inalienable right as provided for in Article IV of the Treaty on the Non proliferation of Nuclear Weapons NPT has unexpectedly been an interpretation riddle which has brought about many controversies among NPT Party States like those in the 1970s between the U S and its allies and today in the Iranian nuclear problem and in the North Korean nuclear crisis This book offers a detailed review and analysis of the lifetime of the norm on the right to the peaceful use of nuclear energy what factors give rise to a possible design of the dynamic treaty obligation how they are made in drafting the relevant treaty provisions and how subsequent practice plays a role in the interpretation The usefulness of the general rule of interpretation is also challenged in this book and an interdisciplinary perspective on interpretation is otherwise proposed to better understand the interplay of the law and politics in the nuclear nonproliferation regime

**Federal Register** ,1978-03 , **Scientific and Technical Aerospace Reports** ,1979 Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the NASA Scientific and Technical Information Database **Foreign Commerce Weekly** ,1962 *Monthly Catalogue, United States Public Documents* ,1992-10 **The Sky Is Not the Limit** Alessandro Gili,2024-06-07 Space is a contested domain for its very nature and today it is evidently becoming an increasingly important enabler of economic and military power An increasing number of actors infrastructures and technologies deployed in space also raises concerns for safety and security especially in cyberspace Many countries are striving to achieve space capabilities and autonomous access to space and this is having a tremendous geopolitical impact especially since space is emerging as an increasingly critical military and strategic domain The development of the new space economy which is increasingly involving the private sector and many industrial actors and services will also be a game changer for the international economy The space race likewise implies disruptive technologies that could contribute massively to the energy and digital transitions accelerating solutions that could benefit humanity A new international governance system for space is therefore needed urgently considering that the current rules are no longer able to respond to a sector evolving at such a rapid pace Which actors are leading the race Which economic sectors could benefit the most and what could the new space economy mean for the world How is space emerging as a military domain against a backdrop of increasing international tensions What would a new system of global governance for space look like *Nuclear Non-Proliferation in International Law - Volume III* Jonathan L. Black-Branch,Dieter Fleck,2016-11-14 This third volume of the book series on Nuclear Non Proliferation in International Law focuses on the development and use of nuclear energy for peaceful purposes within a contemporary global context an interdependent characteristic of the Non Proliferation Treaty along with disarmament and non proliferation The scholarly contributions in this volume explore this interrelationship considering the role of nation States as well as international organizations such as the International Atomic Energy Agency IAEA in monitoring and implementing the Treaty The 2015 Nuclear Accord with Iran and its implementation is also discussed highlighting relevant developments in this evolving area Overall the volume explores

relevant issues ultimately presenting a number of suggestions for international cooperation in this sensitive field where political discussion often dominates over legal analysis The important tasks of limiting the proliferation of nuclear weapons ensuring the safety and security of peaceful uses of nuclear energy and achieving nuclear disarmament under strict and effective international control calls for the interpretation and application of international legal principles and rules in their relevant context a task that this book series endeavours to facilitate whilst presenting new information and evaluating current developments in this area of international law Jonathan L Black Branch is Dean of Law and Professor of International and Comparative Law at Robson Hall Faculty of Law University of Manitoba a Barrister at One Garden Court London a Magistrate in Oxfordshire a Justice of the Peace for England a Member of Wolfson College University of Oxford and Chair of the International Law Association ILA Committee on Nuclear Weapons Non Proliferation Member of the Advisory Board of the Amsterdam Center for International Law ACIL and Rapporteur of the International Law Association ILA Committee on Nuclear Weapons Non Proliferation Contemporary International Law      *Energy Abstracts for Policy Analysis* ,1978
