Emotions and Values in Equity Crowdfunding Investment Choices 1 Christian Goglin, 2020-12-09 Equity crowdfunding is a new way for seed stage start ups to generate initial capital and as such raises questions around the choices made by investors within this area Understanding it is important for investor protection as investors are generally unaware of the factors that can influence their decisions However investing in equity crowdfunding places the investor in a unique decision making framework in which resources such as images videos and storytelling are all mobilized by entrepreneurs and platforms as tools of persuasion This context thus seems to favor more holistic and emotional decision making rather than a process that is rational and analytical This first volume centers on the emotional and axiological determinants of choice A transdisciplinary theoretical analysis is carried out combining different fields within the social sciences primarily finance marketing and psychology This state of the art leads to the emergence of an original theoretical framework for understanding investment choices in equity crowdfunding **Emotional Fitness** Betty Hamblen, 2012-11-30 Emotional fitness is much like physical fitness the more you exercise certain behaviors consistently the more fit you can become When you are emotionally fit you possess more emotional energy and stamina to help you through daily trials You can bounce back more easily from emotional upsets and most important you can maintain healthier and more beneficial relationships Experienced counselor Betty Hamblen uses the insight she has gained from research and the struggles of her own clients to identify ten behaviors that can lead to improved emotional health She addresses what kinds of issues need to be confronted why violating your values has you in an emotional tailspin how control of natural boundaries is important how gaining control of anger benefits you and which relationships are the most needful Based on true to life stories and drawing principles from sacred scriptures *Emotional Fitness A Counselors Perspective* offers practical step by step guides for improving emotional health You will learn how to handle out of control anger maintain appropriate fences confront troubling issues eliminate unhealthy pursuits and cultivate important relationships particularly the most important one of all *Separation* Charles Moore, 2010-12-22 While returning from a business appointment Frank Young experienced an incident that unknowingly took him out of his body and into another reality where he learned about life death spirituality and the true power of the human
