Each church holds various amounts of information from many sources that may assist single women in reversing the perception of exclusion, but making the best use of these sources and resources can make a big difference in the life of a single woman. Author and pastor Gary H. Wolverton brings together information that assists the staff of the church in developing, maintaining and evaluating effective ministry and is designed to help the church thrive in the 21st century. **Grant Us Courage** Randall Balmer, 1996-01-18 In 1950 *Christian Century* ran a series of articles on twelve churches, some large, some small, each representing a strand of American mainline Protestantism. Now nearly fifty years later, Randall Balmer, author and host of *Mine Eyes Have Seen the Glory*, the acclaimed book and PBS series on American evangelicism, has revisited each of these twelve churches to take the pulse of Protestantism today. The result is a remarkable narrative, graced with touches of local color and memorable portraits of the people involved, and filled with deft observations and carefully nuanced insights about Protestantism at century's end. Much as he did in *Mine Eyes Have Seen the Glory*, Balmer crisscrosses America to give us a first hand look at how Christianity has fared in the last half century. What emerges is a church challenged by diminished influence but with signs of hope for the future. For instance, he takes us to West Hartford, Connecticut, where we learn how a gregarious pastor, Bob Heppenstall, rekindled the spirit of the First Church of Christ, Congregational, still housed in its stately classic New England meetinghouse that had suffered from inept management until

recent years And in Ames Iowa at the Collegiate United Methodist Church we watch George White struggle to regain his church's once dominant voice in the religious life of the town a voice now dimmed by the growth of fundamentalism Some churches have held steadfastly to long established roles such as the Washington Prairie Lutheran Church in Decorah Iowa which has been a model of continuity serving its Norwegian American community in much the same way since it was founded in 1851 And Balmer also visits some thriving churches such as Hollywood's First Presbyterian Church led by the great preacher John Lloyd Ogilvie who was recently appointed chaplain of the U S Senate In Minneapolis Balmer encounters Mount Olivet Lutheran Church a congregation that has not only increased its membership but can now call itself the biggest Lutheran church in the world In Grant Us Courage one of our most thoughtful chroniclers of the American scene offers an intimate look at mainline Protestantism at the close of the century We come away with the feeling of having been there of having listened to the voices of an important segment of Christian life and of having found a deeper understanding of religious life in America today

*Ministering to Today's Adults* Kenneth O. Gangel, 2006-02-01 Adult ministry poses a unique challenge to churches today a challenge that many of us fail to meet adequately The tragic result is an exodus of the best and brightest from our pews not because these people have changed their theology or abandoned God They just don't find much at church that seems immediately relevant or compelling For nearly fifty years Kenneth O Gangel has been teaching church leaders how to do adult ministry right In this volume he has distilled his insights into an easy to grasp and apply analysis of what it takes to capture the attention and guarantee the participation of adults in your church including Specific advice based on ages genders and circumstances peculiar to certain ministries Proven cutting edge curriculum models that can revitalize your church's adult instruction Contemporary solutions to the most common problems we encounter in ministering to today's adults Whether they know it or not even those who are lagging in church attendance and distancing themselves from other believers still need the time proven heaven given blessings only the church can offer them As you read this book Gangel will give you fresh ideas about how to draw these drifters back into the fold The real life stories he tells and the successful strategies he outlines may strike in your heart some spark of imagination and renewed commitment that will help you to bring new life to the adult ministry of the church you serve

**Public Financial Management and Internal**

**Control** Noel Hepworth, 2023-10-29 This open access book focuses on the downstream element of PFM that is how public organisations utilise public resources It argues that improvements in PFM IC will only flow from a recognition that what really matters is the quality of management Management reform is an essential precondition to the successful implementation of many new techniques Only when a managerial capacity exists willing to take advantage of the opportunities created by such technical developments is it beneficial to pursue them The benefits of PFM IC flow from an improved quality of management Despite enormous efforts reform of public financial management and internal control PFM IC in developing and transition economy countries has not been particularly successful in improving the quality of public

service delivery and the use of public resources This book outlines why this is and suggests a new approach The analysis set out in this book is particularly relevant especially given limited national budgets and squeezed international aid budgets These management changes include to the political official relationships to management structures to budgetary and accounting arrangements and to the relationships between particularly the ministry of finance and other ministries They require the delegation of operational management developments in financial management and in accountability arrangements and a reconsideration of personnel policies penalty and sanction arrangements Managerial training for the civil service will be a key requirement Reform may impact upon traditional cultural practices These changes are all inter related and should be coordinated
