The Harmony of the Soul Neal O. Weiner, 1993-01-01 The Harmony of the Soul creates a naturalistic grounding for ethics and a moral grounding for psychotherapy It is an original and startling synthesis of the ideas of mental health and moral virtue based on neglected affinities between classical Greek ethics contemporary virtue ethics sociobiology and the basic presuppositions of psychotherapy A central thesis of the book is that we can assume the worst about what science tells us about the human animal without having to sacrifice any of the things that are of most importance to ethics virtue and the good life harmony of the soul freedom conscience and moral knowledge

Rhetoric Retold Cheryl Glenn, 1997 After explaining how and why women have been excluded from the rhetorical tradition from antiquity through the Renaissance Cheryl Glenn provides the opportunity for Sappho Aspasia Diotima Hortensia Fulvia Julian of Norwich Margery Kempe Margaret More Roper Anne Askew and Elizabeth I to speak with equal authority and as eloquently as Plato Aristotle Cicero and Augustine Her aim is nothing less than regendering and changing forever the history of rhetoric To that end Glenn locates women's contributions to and participation in the rhetorical tradition and writes them into an expanded inclusive tradition She regenders the tradition by designating those terms of identity that have promoted and supported men's control of public persuasive discourse the culturally constructed social relations between the appropriate roles for and the subjective identities of women and men Glenn is the first scholar to contextualize analyze and follow the migration of women's rhetorical accomplishments systematically To locate these women she follows the migration of the Western intellectual tradition from its inception in classical antiquity and its confrontation with and ultimate appropriation by evangelical Christianity to its force in the medieval Church and in Tudor arts and politics Glenn sets the scope of her study from antiquity to the Renaissance for several reasons not the least of which is that the Enlightenment saw the end of classical rhetoric as the dominant and most influential system of education and communication Equally important the Enlightenment brought about the demise of the one sex model of humanity that centered on the telos of perfect maleness with women and children being perceived as undeveloped men Glenn expands the history of rhetoric by including the contributions of women She is not writing a compensatory history or a history of rhetoric by women she is integrating the rhetorical accomplishments of women into the context of the male dominated and male documented rhetorical tradition and in the process enriching that tradition **The Library of Literary Criticism of English and**

The Contemporary Reception of Classical Rhetoric Kathleen E. Welch,2013-11-05 Responding to the reassertion of orality in the twentieth century in the form of electronic media such as the telegraph film video computers and television this unique volume traces the roots of classical rhetoric in the modern world Welch begins by changing the current view of classical rhetoric by reinterpreting the existing texts into fluid language contexts a change that requires relinquishing the formulaic tradition acquiring an awareness of translation issues and constructing a classical rhetoric beginning with the Fifth Century B C She continues with a discussion of the adaptability of this material to new language situations including political cultural and linguistic change providing it with much of its power as well as its longevity The book concludes that classical rhetoric can readily address any situation since it focuses not only on critical stances toward discourse that already exists but also presents elaborate theories for the production of new discourse *Library of the Fine Arts; Or Repertory of Painting, Sculpture, Architecture & Engraving* ,1831 **The Blind, the Lamé, and the Poor** S.
