## **The Illusion Of Caring:**

**The Illusion of Caring** Robert L. Geiser, 1973-11      **The Feminist Care Tradition in Animal Ethics** Josephine Donovan, Carol J. Adams, 2007 In *Beyond Animal Rights* Josephine Donovan and Carol J Adams introduced feminist ethic of care theory into philosophical discussions of the treatment of animals In this new volume seven essays from *Beyond Animal Rights* are joined by nine new articles most of which were written in response to that book and a new introduction that situates feminist animal care theory within feminist theory and the larger debate over animal rights Contributors critique theorists reliance on natural rights doctrine and utilitarianism which they suggest have a masculine bias They argue for ethical attentiveness and sympathy in our relationships with animals and propose a link between the continuing subjugation of women and the human domination of nature Beginning with the earliest articulation of the idea in the mid 1980s and continuing to the theory's most recent revisions this volume presents the most complete portrait of the evolution of the feminist care tradition

**The Private Regulation of American Health Care** Betty Leyerle, 2016-09-16 This work discusses a transformation of health care delivery that was launched by coalitions of business leaders during the early 1970s It argues for a single payer system and considers how public regulation offers the possibility of democratic participation in setting health care policies

**Philosophy of Care** Joaquim Braga, Mário Santiago de Carvalho, 2021-12-09 In this book authors from a wide interdisciplinary spectrum discuss the issue of care The book covers both philosophical and

therapeutic studies and contains a three pronged approach to discussing the concepts of care vulnerability otherness and therapy Above all it is a matter of combining in a plural form a path with multiple theoretical and conceptual bifurcations but which always point to an observation of society from the perspective of human vulnerability

**Unpaid Care Policies in the UK** Liz Lloyd,2024-12-10 This book examines policies on unpaid care throughout the UK since the 1990 NHS and Community Care Act It questions why after decades of policies and strategies unpaid care remains in a marginal position in the social care system and in society more broadly as demonstrated during the COVID 19 pandemic It provides critical analysis of key policies and professional practice over three decades and highlights the continuing challenges faced by people in caring relationships as well as reflecting on developments in the position of unpaid carers in the system of social care By questioning why this crucially important sphere of human life remains under resourced it sheds light on the ways in which care is understood and how policy makers and service providers perceive the need for support

*Child Care Policy at the Crossroads* Sonya Michel,Rianne Mahon,2013-12-16 Whether childcare is seen as part of society s educational policy welfare policy or employment policy affects not only its form and content but also its public image The contributors in this volume use current policies for the care of infants and preschool children to analyze debates and track the emergence of new state welfare practices across a variety of social and political configurations and offer some conclusions about which methods work the best

**Ethics and Critical Care Medicine** J.C. Moskop,L.M. Kopelman,1985-09-30 The expense of critical care and emergency medicine along with widespread expectations for good care when the need arises pose hard moral and political problems How should we spend our tax dollars and who should get help The purpose of this volume is to reflect upon our choices The authors whose papers appear herein identify major difficulties and offer various solutions to them Four topics are discussed throughout the volume First encounters between patients and health professionals in critical situations in general and where scarcity makes rationing necessary second allocation and social policy including how much to spend on preventive chronic or critical care medicine or for medicine in general compared to other important social projects third conflicts between or ranking of important goals and values and fourth conceptual issues affecting the choices we make Since these topics are raised by the authors in almost every essay we did not divide the papers into separate sections within the volume Warren Reich begins the volume with a parable illustrating a key problem for contemporary medicine and two very different approaches to its solution His story begins with the delivery of three indigent critically ill foreign patients to the emergency room of a large American private hospital Although the hospital is legally bound to care for these patients providing long term high cost care for them and others soon becomes a major financial strain

**Applying Care Ethics to Business** Maurice Hamington,Maureen Sander-Staudt,2011-07-29 Applying Care Ethics to Business is a multidisciplinary collection of original essays that explores the intersection between the burgeoning field of care ethics and business Care ethics is an approach to morality that emphasizes relational particularist and affective dimensions of morality that evolved

from feminist theory and today enjoys robust intellectual exploration Care ethics emerged out of feminist theory in the 1980 s and the greatest contribution to moral analysis among Women Studies scholars Today feminists and non feminist scholars are increasingly taking care ethics seriously Applying care to the marketplace is a natural step in its maturity Applying Care Ethics to Business is the first book length analysis of business and economic cases and theories from the perspective of care theory Furthermore given economic turbulence and the resulting scrutiny of market practices care ethics provides fresh and timely insight into ideal business values and commitments In many ways care ethics emphasis upon connection and cooperation as well as the growth and well being of the other make it appear to be the antithesis of the corporate character Nevertheless many contemporary theorists question if traditional moral approaches based on autonomous agents is adequate to address a shrinking and interconnected world particularly one that is marked by global markets Applying Care Ethics to Business offers a unique opportunity to rethink corporate responsibility and business ethics **Citizenship and the Ethics**

**of Care** Selma Sevenhuijsen,2003-09-02 Care and women s emancipation have often been seen as opposed Politicians have begun to look again at the issue of care in the context of new reforms in the welfare state health care policies and family law Using concrete examples taken from parental rights cases health care education and the public health sector Using concrete examples taken from the practice and discourse of care those found in parental rights issues health care education the family and in the public health sector Sevenhuijsen argues for revaluation of care from a feminist perspective The Care of the Sick at Home and in the Hospital Theodor Billroth,1890 **Oxford Textbook of Palliative Care for Children** Ann
