The Immortal Marriage:

The Immortal Marriage Gertrude Franklin Horn Atherton,1933 *The Immortal Marriage* Gertrude Franklin Horn Atherton,1927 Atherton portrays Aspasia the wife of Pericles as a significant person in her own right *The Immortal Mind* Michael Egnor,Denyse O'Leary,2025-06-03 A neuroscientist and surgeon makes an argument for the existence of a spiritual human soul in this eye opening book Many scientists and doctors believe that there is no such thing as the soul That there is no part of us that persists beyond death We are not spiritual in any respect We are made up of cells and tissue and completely controlled by a material organ in our heads the brain In this groundbreaking book Dr Michael Egnor makes the case based on 40 years of practice and over 7 000 brain surgeries that science has gotten it all wrong The human brain is incredible mysterious and powerful But it s not what makes us who we are The soul does that Drawing on the most important research studies in neuroscience Dr Egnor presents evidence that the brain alone does not explain the mind He explores using modern neuroscience and his vast surgical experience how inside every damaged brain there is a thinking feeling person with a spiritual soul that transcends the brain He also uses fascinating case studies to show how research on conjoined twins who share parts of their brains on patients in deep coma who are still able to communicate with people around them on near death experiences and on artificial intelligence all make a scientific case for the existence of the spiritual human soul Engaging thought provoking and groundbreaking *The Immortal Mind* shows here that some aspect of who we are is spiritual and immortal transcending the physical body *The marriage ring* Thomas De Witt Talmage,1891

sacred marriage but the plural form sacred marriages gives the reader an idea that something more is at stake here than a monomaniacal idea of manifestations deriving from a single prototype Following the guidelines of one of the contributors Ruben Zimmermann the editors tentatively define sacred marriage as a real or symbolic union of two complementary entities imagined as gendered in a religious context Sacred marriages plural then refers to various expressions of this kind of union in different cultures that seek to overcome to cite Zimmermann again the great dualism of human and cosmic existence The subtitle indicates that the contributors are primarily interested in different aspects of the divine human sexual metaphor that is the imagining and reenactment of a gendered relationship between the human and divine worlds This metaphor which is essentially about relationship rather than sexual acts can find textual ritual mythical and social expressions in different times and places Indeed the sacred marriage ritual itself should be considered not a manifestation of the sacralized power of sexuality experienced in sexual intercourse but one way of objectifying the divine human sexual metaphor **Cornell**

The Physics of God and the Quantum Gravity Theory of Everything James Redford, 2011-12-19 ABSTRACT Analysis is given of the Omega Point cosmology an extensively peer reviewed proof i e mathematical theorem published in leading physics journals by professor of physics and mathematics Frank J Tipler which demonstrates that in order for the known laws of physics to be mutually consistent the universe must diverge to infinite computational power as it collapses into a final cosmological singularity termed the Omega Point The theorem is an intrinsic component of the Feynman DeWitt Weinberg quantum gravity Standard Model Theory of Everything TOE describing and unifying all the forces in physics of which itself is also required by the known physical laws With infinite computational resources the dead can be resurrected never to die again via perfect computer emulation of the multiverse from its start at the Big Bang Miracles are also physically allowed via electroweak quantum tunneling controlled by the Omega Point cosmological singularity The Omega Point is a different aspect of the Big Bang cosmological singularity the first cause and the Omega Point has all the haecceities claimed for God in the traditional religions From this analysis conclusions are drawn regarding the social ethical economic and political implications of the Omega Point cosmology
