The Industrial Army:

Coxey's Army Donald Le Crone McMurry,1929 **The Industrial Army (Classic Reprint)** Fayette Stratton Giles,2015-07-14 Excerpt from The Industrial Army The modern advances made in physical science have been enormous Economic and sociological science has lagged The social equilibrium has been destroyed The vital relations of our social organization are strained The conflict between capital and labor is bitter The very principles of our government are but on trial Will they endure the strain The new phases of industrialism under actual sociological conditions tend to minimize the individual and to throw an undue proportion of the increased wealth into the hands of the few at the expense of the many The percentage of hopeless and often blameless poverty is increasing Moral and physical degradation and crime follow About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Coxey's Army** Donald Lecrone McMurry,John Donald Hicks,Jacob Sechler Coxey,1968 **The Industrial Army** Fayette Stratton Giles,1896 *Coxey's Army* Donald Le Crone McMurry,1970 **Coxey's Army** Donald Le Crone McMurry,1929 *The Industrial Army* Fayette Stratton Giles,2014-03-29 This Is A New Release Of The Original 1896 Edition *The Industrial Army* Giles Fayette Stratton,2016-05-04 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Work, Give Us Work** Steven L Piott,2024-11-17 The Depression of the 1890s caused widespread economic suffering throughout the country and triggered a march of unemployed men from Massillon Ohio to Washington D C Known in the press as Coxey s Army led ironically by successful businessman Jacob Coxey the marchers demanded that the federal government create jobs for idled workers But Coxey s march overshadowed a much larger story In late March 1894 other armies of the unemployed mobilized in major cities along the Pacific Coast and in mining towns and

cities in the Intermountain West to begin their own pilgrimages to the nation's capital. Confronted with distances farther than those covered by European crusaders to the Holy Land, western marchers had to improvise. When railroads refused them or demanded full fare that they didn't have, they commandeered trains. Sometimes they built boats to continue their journeys on one of the major rivers. In the fashion of Mark Twain's Huckleberry Finn, they were real-life adventurers. Alarmed by the possibility of 100,000 unemployed workers converging on the nation's capital, railroad and government officials did everything they could to stop them. This exhaustively researched history tells the story of these dogged marchers who only wanted to work.

Coxey's Army. A Study of the Industrial Army Movement of 1894. Introd. by J.D. Hicks Donald L. MacMurry, J. D. Hicks, 1968

History of the Industrial College of the Armed Forces Theodore W. Bauer, 1983 Before World War II the Army Industrial College with its emphasis on the economic aspects of national security was a unique military college with no counterpart in other nations. World War II brought new recognition of the important role of the Industrial College. When the College was reconstituted as a joint service institution after World War II, graduate level instruction was provided in economic mobilization but emphasis soon shifted to the management of defense resources. The Industrial College of the Armed Forces was designated by its charter as an institution at the highest educational level in the Defense Establishment. The Alumni Association of the Industrial College of the Armed Forces undertook the preparation of this history to meet a long recognized need for a comprehensive account of the development of the College. This project is especially timely in view of the 60 year anniversary of the Industrial College on 25 February 1984. The present study emphasizes changes in mission and the evolution of the instructional program. Extensive use was made of the annual reports submitted by the Commandants of the Industrial College to the Joint Chiefs of Staff.

The Role of Federal Military Forces in Domestic Disorders, 1877-1945 Clayton David Laurie, Ronald H. Cole, 1997 Published in 1904, this forgotten classic is sci-fi and dystopia at its best, written by the creator and master of the genre. Following extensive research in the field of growth, Mr. Bensington and Professor Redwood light upon a new, mysterious

element a food that causes greatly accelerated development Initially christening their discovery The Food of the Gods the two scientists are overwhelmed by the possible ramifications of their creation Needing room for experiments Mr Besington chooses a farm that offers him the chance to test on chickens which duly grow monstrous six or seven times their usual size With the farmer Mr Skinner failing to contain the spread of the Food chaos soon reigns as reports come in of local encounters with monstrous wasps earwigs and rats The chickens escape leaving carnage in their wake The Skinners and Redwoods have both been feeding their children the compound illicitly their eventual offspring will constitute a new age of giants Public opinion rapidly turns against the scientists and society rebels against the world s new flora and fauna Daily life has changed shockingly and now politicians are involved trying to stamp out the Food of the Gods and the giant race Comic and at times surprisingly touching and tragic Wells story is a cautionary tale warning against the rampant advances of science but also of the dangers of greed political infighting and shameless vote seeking
