Infertility J. Aiman, 2012-12-06 The authors of this book have a goal to describe the management of infertility from the perspective of physiology and anatomy gone awry To accomplish this goal the chapters devoted to the causes of infertility begin with a description of the normal structure and function of the organ or system causing the infertility We believe that understanding the normal will result in rational and effective diagnosis and treatment of infertility Our intent is that this book be a useful resource for those who care for infertile couples For an infertile couple success is the delivery of a normal and healthy infant Chapters that describe the causes and treatment of habitual abortion and the reproductive performance of previously infertile couples emphasize the hazards that exist between conception and birth Our environment is one of these hazards one that may also affect reproduction before conception A chapter is devoted to a description of environmental agents that affect reproduction the mechanisms of their effect and methods to predict those present and future environmental agents which might also affect reproduction Congressional Record United States. Congress, 1990 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **In Vitro: My Journey Through the World of IVF**

Anastasia Sputnik, 2013-12 This book is a personal testimony from a patient who underwent 15 In Vitro fertilization IVF treatments over a 7 year period It is a story about male infertility combined with the female's fertility declined with the age which lead the partners to proceed with In Vitro Fertilization IVF as the only option In today's western world one in every six couples face fertility problems and this story could become a reality for millions of couples in the world This book is raising awareness about female fertility and reproductivity potential for women after their mid thirties It also reveals some of the

hidden truths and misconceptions about IVF and demystifies information provided by the press and media A similar book with details of the latest IVF trends facts and experiences from the patients perspective has never been published The first part of the book is a chronicle of the author s experiences as an IVF patient where she shares medical information facts experience and lessons learned during IVF treatments In the second part of the book the author is offering valuable advice recommendations and tools including tips on how to save money for IVF This is also a patient s story about the emotional impact of IVF The book is unique in presenting a serious family and marriage crisis throughout battles with infertility and how the journey through the IVF drastically affected the couple s relationship It is also a story of a personal life crisis that the female patient was going through The author describes her own turmoil when she decided to end IVF IVF closure after many years of living in the IVF bubble when she faced not only the cruel fact that she will never be able to have more children but also experienced a career failure financial difficulties and her husband being ready to leave her due to the inability to have a big family together This book is also a relevant resource for medical practitioners to better understand patients physical and emotional needs and improve the service in IVF clinics Quote from the book My greatest hope is that reading this book leads to positive outcomes for as many women and couples as possible Infertility around the Globe Marcia Inhorn, Frank van Balen, 2002-05-30 This exceptional collection of essays breaks new ground by examining the global impact of infertility as a major reproductive health issue one that has profoundly affected the lives of countless women and men Based on original research by seventeen internationally acclaimed social scientists it is the first book to investigate the use of reproductive technologies in non Western countries Provocative and incisive it is the most substantial work to date on the subject of infertility With infertility as the lens through which a wide range of social issues is explored the contributors address a far reaching array of topics why infertility has been neglected in population studies how the deeply gendered nature of infertility sets the blame squarely on women s shoulders how infertility and its treatment transform family dynamics and relationships and the distribution of medical and marital power The chapters present informed and sophisticated investigations into cultural perceptions of infertility in numerous countries including China India the nations of sub Saharan Africa Vietnam Costa Rica Egypt Israel the United States and the nations of Europe Poised to become the quintessential reference on infertility from an international social science perspective Infertility around the Globe makes a powerful argument that involuntary childlessness is a complex phenomenon that has far reaching significance worldwide **Revitalizing Health Through Humanities: Foregrounding Unheard Trends** L. Santhosh Kumar, Barnashree Khasnobis, Sreedevi Santhosh, 2024-11-28 Health Humanities in contemporary times has enabled exploration of the unexplored chartered terrains in literary paradigms Scholars in the field of Humanities and Sciences have been engaging with the praxis of applying concepts from both disciplines revising the approach towards Health Care and Humanities Due to interdisciplinary and multidisciplinary methodologies of reading literary texts they have been reinforcing a paradigm shift from the conventional

understanding of narratives in Literature and Health Care Traditional discursive boundaries between the disciplines of Health and Humanities are collapsing due to a comprehensive and nuanced interpretation of the shared ontological foundation between the two Humanism Terminologies like Displacement Dislocation and Disjunction unite Health and Humanities and they also make the unknown known Health Humanities explores the different multitudes of narration in the literary arena and it represents diverse voices of literature It also showcases the importance of re reading a text owing to its autotelic status The authors who have contributed chapters for this book have meticulously selected diverse texts and contexts embedded in the dynamism of Health Humanities This book is an impetus for academicians from the field of Humanities and Sciences who desire to venture into new epistemes towards Health Humanities **The Infertility**
