## **The Interdisciplinary Study Of Politics:**

**The Interdisciplinary Study of Politics** Monte Palmer, Larry Stern, Charles Gaile, 1974     The Palgrave Encyclopedia of Interest Groups, Lobbying and Public Affairs Phil Harris, Alberto Bitonti, Craig S. Fleisher, Anne Skorkjær Binderkrantz, 2022-06-20 The growing need for a concise and comprehensive overview of the world of interest groups lobbying and public affairs called for a compendium of existing research key theories concepts and case studies This project is the first transnational encyclopedia to offer such an interdisciplinary and wide overview of these topics including perspectives on public relations crisis management communication studies as well as political science political marketing and policy studies It is an interdisciplinary work which involved an extraordinary pool of contributors made up of leading scholars and practitioners from all around the globe it is a live and evolving project focused on drawing together grounded international knowledge for our diverse and developing world The 200 entries of the Palgrave Encyclopedia of Interest Groups Lobbying and Public Affairs to be found as a live reference work online here and in two print volumes in 2022 address these research avenues tackling a growing demand for a comprehensive international reference work regarding key global sectors and policymaking structures looking beyond the traditional markets of Europe and North America to incorporate practice and research from Asia Africa Oceania and Latin America This encyclopedia acts as a synthesis of existing research and aims to aid academics students and practitioners navigate their relevant fields around the globe     **The Interdisciplinary Study of Politics [By] Monte Palmer, Larry Stern [And] Charles Gaile** Monte Palmer, Charles Gaile, Larry Stern, 1974     *Strange Power* Thomas Lawton, James Rosenau, Amy Verdun, 2018-02-06 This title was first published in 2000 Focusing on the contribution of Susan Strange to the study of international political economy this collection forms a unique perspective on the global economy whilst providing tools for the reader to better understand that economic system The book examines Susan Strange s structural power theories whilst adding the perspective of the contributor The combination of approaches and experience provides a multifaceted analysis of international relations and international political economy     The Politics of Principle Theunis Roux, 2013-03-28 Uses a single country case study to enrich research on the role of constitutional courts in new democracies     **Research Handbook on the Law and Politics of Migration** Catherine Dauvergne, 2021-04-30 As the law and politics of migration become increasingly intertwined this thought provoking Research Handbook addresses the challenge of analysing their growing relationship Discussing the evolving theoretical approaches to migration it explores the growing attention given to the legal frameworks for migration and the expansion of regulation as migration moves to the centre of the political global agenda The Research Handbook demonstrates that the overlap between law and politics puts the rule of law at risk in matters of migration     *The Study of Politics and Education* , 1980     **Politics and Kinship** Erdmute Alber, Tatjana Thelen, 2021-12-15 Politics and Kinship A Reader offers a unique overview of the entanglement of these two categories in both theoretical debates and everyday

practices The two despite many challenges are often thought to have become separated during the process of modernisation Tracing how this notion of separation becomes idealised and translated into various contexts this book sheds light on its epistemological limitations Combining otherwise distinct lines of discussion within political anthropology and kinship studies the selection of texts covers a broad range of intersecting topics that range from military strategy DNA testing and child fostering to practices of kinning the state Beginning with the study of politics the first part of this volume looks at how its separation from kinship came to be considered a modern phenomenon with significant consequences The second part starts from kinship showing how it was made into a separate and apolitical field an idea that would soon travel and be translated globally into policies The third part turns to reproductions through various transmissions and future making projects Overall the volume offers a fundamental critique of the epistemological separation of politics and kinship and its shortcomings for teaching and research Featuring contributions from a broad range of regional temporal and theoretical backgrounds it allows for critical engagement with knowledge production about the entanglement of politics and kinship The different traditions and contemporary approaches represented make this book an essential resource for researchers instructors and students of anthropology

**Qualitative Inquiry and the Politics of Research** Norman K Denzin, Michael D Giardina, 2016-07-01 This volume of plenary addresses and other key presentations from the 2014 International Congress of Qualitative Inquiry highlights the politics of research in the neoliberal state and the role of qualitative researchers in that debate Marginalized by an increasingly top down assessment driven university system the fifteen contributors from a variety of disciplines show the responses of qualitative scholars in their research writing advocacy and teaching both inside the university and in the broader society Sponsored by the International Congress of Qualitative Inquiry

**Perspectives in Politics and Discourse** Urszula Okulska, Piotr Cap, 2010-06-16 The volume explores the vast and heterogeneous territory of Political Linguistics structuring and developing its concepts themes and methodologies into combined and coherent Analysis of Political Discourse APD Dealing with an extensive and representative variety of topics and domains political rhetoric mediatized communication ideology politics of language choice etc it offers uniquely systematic theoretically grounded insights in how language is used to perform power enforcing imbuing practices in social interaction and how it is deployed

for communicating decisions concerning language itself The twenty chapters in the volume written by specialists in political linguistics critical discourse analysis pragmatics sociolinguistics and social psychology address the diversity of political discourse to propose novel perspectives from which common analytic procedures can be drawn and followed The volume is thus an essential resource for anyone looking for a coherent research agenda in explorations of political discourse as a point of reference for their own academic activities both scholarly and didactic

**Companion to Environmental Studies** Noel Castree, Mike Hulme, James D. Proctor, 2018-05-01 Companion to Environmental Studies presents a comprehensive and interdisciplinary overview of the key issues debates concepts approaches and questions that together define environmental studies today The intellectually wide ranging volume covers approaches in environmental science all the way through to humanistic and post natural perspectives on the biophysical world Though many academic disciplines have incorporated studying the environment as part of their curriculum only in recent years has it become central to the social sciences and humanities rather than mainly the geosciences The environment is now a keyword in everything from fisheries science to international relations to philosophical ethics to cultural studies The Companion brings these subject areas and their distinctive perspectives and contributions together in one accessible volume Over 150 short chapters written by leading international experts provide concise authoritative and easy to use summaries of all the major and emerging topics dominating the field while the seven part introductions situate and provide context for section entries A gateway to deeper understanding is provided via further reading and links to online resources Companion to Environmental Studies offers an essential one stop reference to university students academics policy makers and others keenly interested in the environmental question the answer to which will define the coming century

**Critical Visions** Anthony Elliott, 2019-04-10 Originally published in 2003 Critical Visions develops a wide ranging analysis of key issues and debates in contemporary social theory Drawing social theory cultural studies and psychoanalysis together in a bold configuration the book challenges the widespread view that social theory seems to have lost its way as a result of the diversification of conceptual approaches The book includes critical readings of the terrain of contemporary social theory and theorists Questions relating to the globalization of risk citizenship morality and ethics politics and norms and sexuality and desire are all explored

**Political Sociologies of the Cultural Encounter** Barrie Axford, Alistair Brisbane, Sandra Halperin, Claudia Lueders, 2020-09-10 This book offers transdisciplinary scholarship which challenges the agendas of and markers around traditional social scientific fields It builds on the belief that the study of major issues in the global cultural and political economies benefit from a perspective that rejects the limitations imposed by established boundaries whether disciplinary conceptual symbolic or material Established and early career academics explore and embrace contemporary political sociology following the global and cultural turns of recent decades Categories such as state civil society family migration citizenship and identity are interrogated and sometimes found to be ill suited to the task of analyzing global complexities The limits of global theory the

challenges of global citizenship and the relationship between globalisation and situated and mobile subjects and objects are all referenced in this book The book will be of interest to scholars of International Relations Political Science Sociology Political Sociology Social Theory Geography Area studies and European studies     The Emotional Politics of Research Collaboration Gabriele Griffin, Annelie Bränström-Öhman, Hildur Kalman, 2013-07-18 Research collaboration in the form of networks projects and centers has become one of the dominant modes of engaging in research especially funded research across all academic domains However there has been little research on the processes of such collaborations particularly their affective dimensions These as this volume demonstrates and as researchers know well are highly important yet mostly not directly engaged with when scientists work together even though they are experienced by everybody involved This volume is the first to consider questions such as how the naming of projects impacts on their accompanying affect scapes the policing or disciplining of emotions in research collaborations their accompanying tensions and how these might be managed and the challenges to trust between scientists that such collaborations present Drawing on theories of affect and literature on collaboration as well as on the contributors experiences of being involved in large scale research projects the volume also importantly deals directly with some of the key emotions that occur during research collaborations such as blame elation frustration alienation and belonging and suggests some ways in which one might engage productively with the affective dimensions of research collaboration
