tired of the world outside always wanting from him The more time he spent alone the more he became lonely He soon became obsessive and by shutting people out of his life to sit counting his wealth was to be the beginning of his downfall Back in 2014 and the more the young historian investigated it the more he learned of a twisted eerie story that was stranger than fiction and made a once rich nobleman the poorest man on earth *Kings of the Hunting-Field - Memoirs and Anecdotes of Distinguished Masters of Hounds and other Celebrities of the Chase with Histories of Famous Packs, and Hunting Traditions of Great Houses* Thormanby,2017-09-21 This is a fascinating work originally published in 1899 contains a collection of biographies and brilliantly entertaining anecdotes from the cream of the hunting elite in the United Kingdom during the Victorian period Chapters include The Fathers of Foxhunting John Peel Lord Forester Nimrod Charles James Apperley The Dukes of Rutland George Lane Fox and The Masters of the Devon and Somerset just to name a few This fine work is still of great value and would be a wonderful addition to the historian of foxhunting This work is being republished with a brand new introductory essay on Fox hunting [The Gay Talese Reader](#) Gay Talese,2009-05-26 As a young reporter for The New York Times in 1961 Gay Talese published his first book New York A Serendipiter's Journey a series of vignettes and essays that began New York is a city of things unnoticed It is a city with cats sleeping under parked cars two stone armadillos crawling up St Patrick's Cathedral and thousands of ants creeping on top of the Empire State Building Attention to detail and observation of the unnoticed is the hallmark of Gay Talese's writing and The Gay Talese Reader brings together the best of his essays and classic profiles This collection opens with New York Is a City of Things Unnoticed and includes Silent Season of a Hero about Joe DiMaggio Ali in Havana and Looking for Hemingway as well as several other favorite pieces It also features a previously unpublished article on the infamous case of Lorena and John Wayne Bobbitt and concludes with the autobiographical pieces that are among Talese's finest writings These works give insight into the progression of a writer at the pinnacle of his craft Whether he is detailing the unseen and sometimes quirky world of New York City or profiling Ol Blue Eyes in Frank Sinatra Has a Cold Talese captures his subjects be they famous infamous or merely unusual in his own inimitable elegant fashion The essays and profiles collected in The Gay Talese Reader are works of art each carefully crafted to create a portrait of an unforgettable individual place or moment *Transactions of the American Institute of Electrical Engineers* ,1900 **Careless People** Sarah Wynn-Williams,2025-03-11 1 New York Times Bestseller Careless People is darkly funny and genuinely shocking Not only does Sarah Wynn Williams have the storytelling chops to unspool a gripping narrative she also delivers the goods Jennifer Szalai The New York Times When one of the world's most powerful media companies tries to snuff out a book amid other alarming attacks on free speech in America like this it's time to pull out all the stops Ron Charles The Washington Post An explosive memoir charting one woman's career at the heart of one of the most influential companies on the planet Careless People gives you a front row seat to Facebook the decisions that have shaped world events in recent decades and the people who made them From trips on private jets and

encounters with world leaders to shocking accounts of misogyny and double standards behind the scenes this searing memoir exposes both the personal and the political fallout when unfettered power and a rotten company culture take hold In a gripping and often absurd narrative where a few people carelessly hold the world in their hands this eye opening memoir reveals what really goes on among the global elite Sarah Wynn Williams tells the wrenching but fun story of Facebook mapping its rise from stumbling encounters with juntas to Mark Zuckerberg s reaction when he learned of Facebook s role in Trump s election She experiences the challenges and humiliations of working motherhood within a pressure cooker of a workplace all while Sheryl Sandberg urges her and others to lean in Careless People is a deeply personal account of why and how things have gone so horribly wrong in the past decade told in a sharp candid and utterly disarming voice A deep unflinching look at the role that social media has assumed in our lives Careless People reveals the truth about the leaders of Facebook how the more power they grasp the less responsible they become and the consequences this has for all of us

The Baptism Papers Peter Frow,2011-06-16 In The Baptism Papers professional engineer and preacher Peter Frow attests to the disquieting reality that certain laws and disciplines within his church are being applied with such monolithic rigidity that grace is stifled Here is a poignant reminder that when denominational distinctives have greater potential to divide the Church than the cross has to unite it then such practices have become denominational idols *Idioms and Phrases* Sura College of Competition,2004-08 Scenes Of Murder Winston Ramsey,2012-02-28 In this book After the Battle have explored entirely new ground to investigate 150 years of murder and present it through our then and now theme of comparison photographs Scene of crime plans and photographs from police files focus on a wide variety of murders committed between 1812 when a Prime Minister was shot in the House of Commons to killings on the streets of London in the 1960s Far too often it is the perpetrator who is remembered while their victims many lying in unmarked graves remain lost to history So this book sets out to redress the balance by tracking down the last resting places even going as far as to mark two wartime graves of taxi drivers killed by American servicemen Homicide is not a subject for the faint hearted and many of the photographs are distressing which is why the book is made available with that warning Diseases of the nose, throat, and ear Seth Scott Bishop,1904
