School Libraries in a Time of Change Kathleen W. Craver, 2019-08-01 By becoming practical futurists school librarians can help their libraries not only to survive sweeping changes in education but to thrive This book shows how to spot technological trends and use them to your library's advantage During this time of rapid modernization of technology and educational reform this book is a must read for school librarians tasked with ensuring their libraries meet evolving standards This title provides the research and organizational techniques and skills they need to gain seats at the table of the three power committees technology curricula and strategic planning School librarians need to collect and publicize national and local school based evidence that shows the positive correlations between school librarians and student achievement Craver notes correlative sources and provides ideas to employ them to ensure that school librarians remain indispensable In addition acquiring technological skills and becoming expert at their application are paramount for librarians Even more important is the need for librarians to assume sole responsibility for designing and integrating information literacy and critical thinking skills throughout the curriculum Craver analyzes studies that show students inability to discern fact from fiction ads from news and information bias in electronic information sources and recommends six actions that school librarians take to ensure that they become active participants in their future rather than its victims

The Blue Book on Information Age Inquiry, Instruction and Literacy Daniel Callison, Leslie B. Preddy, 2006-09-30 Based on many years of columns from *School Library Media Activities Monthly* authors Daniel Callison and Leslie Preddy present key terms in a working theoretical model that may be used in developing and understanding the power of information inquiry in instruction This book is both a revision and an update to *Key Words Concepts and Methods for Information Age Instruction* LMS Associates 2003 New columns from *School Library Media Activities Monthly* are included and entirely new key words

for instruction are introduced These key terms have immediate value for staff development purposes They are reproducible and can be used in building year long study group programmes in schools and libraries or as weekly discussion handouts An entirely new section on inquiry has been added An in depth and invaluable section of resources and web sites has been updated In addition to the theoretical base the authors include much practical instructional application for immediate use The Blue Book on Information Age Inquiry Instruction and Literacy is the new definitive work on information inquiry and information literacy instruction The authors have thoughtfully blended theories in education and library science in a book that finally gives us a picture of the huge role of the school library media specialist as both a teacher and a librarian who needs to understand interpret and instruct students in the skill of inquiry the basis of all learning Back cover
