The Ingenious Mr Henry Care:

An elegie upon the most ingenious Mr. Henry Care, 1688 *The Extraordinary and the Everyday in Early Modern England* A. McShane, G. Walker, 2010-05-28 A fascinating collection of essays by renowned and emerging scholars exploring how everyday matters from farting to friendship reveal extraordinary aspects of early modern life while seemingly exceptional acts and beliefs such as those of ghosts prophecies and cannibalism illuminate something of the routine experience of ordinary people *The Ingenious Mr Henry Care* Lois G. Schwoerer, 2004 The life and career of the seventeenth century spin doctor a constant thorn in the side of King James II Care was a celebrity amongst a rare group of 17th Century figures who wrote about politics and religion The Personal Rule of Charles II, 1681-85 Grant Tapsell, 2007 From 1681 until his death in 1685 Charles II ruled without a Parliament and his personal rule forms the central subject of this book The author discusses the nature of the Whig and Tory parties at this crucial period of their formation as political parties showing how they coped with the absence of a parliamentary forum *Divine Art, Infernal Machine* Elizabeth L. Eisenstein, 2011 Annotation *Divine Art Infernal Machine* presents a history of the printing press of the ambivalent attitudes of the public toward printers printing since the days of Gutenberg his business partner Johann Fust a gentleman often tellingly confused with the notorious Doctor Faustus **Restoration and Revolution in Britain** Gary S. De Krey, 2017-09-16 Charles II was restored to the rule of England Scotland and Ireland in 1660 less than twelve years after the execution of his father Charles I and the ensuing republican experiment in government Popular at first the Restoration nevertheless failed to provide lasting settlement in any of the British kingdoms *Restoration and Revolution in Britain* examines the political history of these kingdoms from the Interregnum through Britain's eighteenth century rise to power Written especially for students approaching the Restoration for the first time this essential introduction Assesses the reasons for the failure of settlement in the reigns of Charles and of his brother James II Integrates the histories of Charles's different realms Examines the many connections between politics and Protestant religious disagreements Provides helpful historical context for understanding a range of contemporary authors such as Bunyan Locke and Milton Concludes with an examination of the Glorious Revolution of 1688-89 and explains why settlement was finally achieved through revolution rather than through restoration **The Ingenious Mr. Henry Care, Restoration Publicist** Lois G. Schwoerer, 2001 Henry Care was a Restoration publicist who worked during the Exclusion Crisis and the reign of King James II By exploring his life and work this text offers insight into how the non elite affected politics **Benjamin Franklin and the Ends of Empire** Carla J. Mulford, 2015-06-01 Drawing from Benjamin Franklin's published and unpublished papers including letters notes and marginalia *Benjamin Franklin and the Ends of Empire* examines how the early modern liberalism of Franklin's youthful intellectual life helped foster his vision of independence from Britain that became his hallmark achievement In the early chapters Carla Mulford explores the impact of Franklin's family history especially their difficult times during the English Civil War on Franklin's intellectual life and his

personal and political goals The book's middle chapters show how Franklin's fascination with British imperial strategy grew from his own analyses of the financial environmental and commercial potential of North America Franklin's involvement in Pennsylvania's politics led him to devise strategies for monetary stability intercolonial trade Indian affairs and imperial defense that would have assisted the British Empire in its effort to take over the world When Franklin realized that the goals of British ministers were to subordinate colonists in a system that assisted the lives of Britons in England but undermined the wellbeing of North Americans he began to criticize the goals of British imperialism Mulford argues that Franklin's turn away from the British Empire began in the 1750s not the 1770s as most historians have suggested and occurred as a result of Franklin's perceptive analyses of what the British Empire was doing not just in the American colonies but in Ireland and India In the last chapters Mulford reveals how Franklin ultimately grew restive formed alliances with French intellectuals and the court of France and condemned the actions of the British Empire and imperial politicians As a whole Mulford's book provides a fresh reading of a much admired founding father suggesting how Franklin's conception of the freedoms espoused in England's ages old Magna Carta could be realized in the political life of the new American nation **Roger L'Estrange**

and the Making of Restoration Culture Beth Lynch, 2017-03-02 Roger L Estrange 1616 1704 was one of the most remarkable significant and colourful figures in seventeenth century England Whilst there has been regular if often cursory scholarly interest in his activities as Licensor and Stuart apologist this is the first sustained book length study of the man for almost a century L Estrange's engagement on the Royalist side during the Civil war and his energetic pamphleteering for the return of the King in the months preceding the Restoration earned him a reputation as one of the most radical royalist apologists As Licensor for the Press under Charles II he was charged with preventing the printing and publication of dissenting writings his additional role as Surveyor of the Press authorised him to search the premises of printers and booksellers on the mere suspicion of such activity He was also a tireless pamphleteer journalist and controversialist in the conformist cause all of which made him the *be te noire* of Whigs and non conformists This collection of essays by leading scholars of the period highlights the instrumental role L Estrange played in the shaping of the political literary and print cultures of the Restoration period Taking an interdisciplinary approach the volume covers all the major aspects of his career as well as situating them in their broader historical and literary context By examining his career in this way the book offers insights that will prove of worth to political social religious and cultural historians as well as those interested in seventeenth century literary and book history **Rebranding Rule** Kevin Sharpe, 2013-06-30 In the climactic part of his three book series exploring the importance of public image in the Tudor and Stuart monarchies Kevin Sharpe employs a remarkable interdisciplinary approach that draws on literary studies and art history as well as political cultural and social history to show how this preoccupation with public representation met the challenge of dealing with the aftermath of Cromwell's interregnum and Charles II's restoration and how the irrevocably changed cultural landscape was navigated by the

sometimes astute yet equally fallible Stuart monarchs and their successors

Ignite the flame of optimism with Get Inspired by is motivational masterpiece, Fuel Your Spirit with **The Ingenious Mrhenry Care** . In a downloadable PDF format (*), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
