15 Characteristics of Effective Pastors Kevin W. Mannoia, Larry Walkemeyer, 2007-09-04 The church finds itself in a period of great diversification and multiple expressions In the midst of great change we have become confused about what really makes for healthy and authentic pastoral leadership What are the basic and common characteristics necessary for pastors to be effective How can lay people understand the pastoral call more fully and partner better with pastors for the health of their church Here Mannoia and Walkemeyer examine the foundations of pastoral effectiveness and bring together nine experienced pastoral leaders to discuss the basic characteristics that exist in effective pastors Regardless of context or personality ineffectiveness in pastors and subsequent ill health in churches is often not the result of a lack of calling but instead is the result of misappropriated efforts to find success Let s help those who are called to be good stewards of their call And let s help churches have a chance to be healthy under the leadership of effective pastors

Servantship Graham Joseph Hill, 2013-10-10 *Servantship* is essentially about following our Lord Jesus Christ the servant Lord and his mission it is a life of discipleship to him patterned after his self emptying humility sacrifice love values and mission *Servantship* is humbly valuing others more than yourself and looking out for the interests and wellbeing of others *Servantship* is the cultivation of the same attitude of mind Christ Jesus had making yourself nothing being a servant humbling yourself and submitting yourself to the will and purposes of the triune God Since servantship is the imitation of Christ it involves an unreserved participation in the missio Dei the Trinitarian mission of God In this pioneering work sixteen servants describe the four movements of radical servantship *Servantship* is the movement 1 from leadership to radical servantship 2 from shallowness to dynamic theological reflection 3 from theories to courageous practices and 4 from forgetfulness to transforming memory *Servantship* recognizes in word thought and deed that whoever wants to become great among you must be your servant and whoever wants to be first must be your slave just as the Son of Man did not come to be served but to serve and to give his life as a ransom for many

Reimagining Instructional Supervision Francis M. Duffy,2017-03-16 The history of instructional supervision has been relatively constant From the days when the first colonists arrived and established schools for their children until today instructional supervision has consistently focused on the critical examination of a teacher s classroom behavior with the assumption that supervising individual teachers could significantly improve teaching and learning throughout a school system That assumption has proven to be flawed The author believes that the focus of instructional supervision needs to shift off of individual teachers to focus on transforming the organization design and functioning of entire school systems Instead of observing teachers working in their classrooms a re imagined instructional supervision process would focus on transforming three sets of key system variables Transform the system s environmental relationships transform the system s core and support work processes and transform the system s internal social infrastructure Supervising Knowledge Work describes the salient features of a re imagined supervision process called Knowledge Work Supervision that is designed to transform entire school systems
