The Story of the Daughters of Quchan Afsaneh Najmabadi, 1998-12-01 In 1905 the year preceding the Iranian Constitutional Revolution Iranian women and girls were sold by needy peasants to pay their taxes or taken as booty in a raid by Turkoman tribesmen against a village settlement in Northeast Iran The telling and retelling of the event became a focus for outrage and grievance contributing to both popular mobilizations against autocracy and a constitutional regime Indeed the narration of this event took all of Iran by storm Shortly after the opening of a new parliament in 1906 relatives of some of the captive women demanded that the parliament punish those responsible The newly reconstituted Ministry of Justice investigated the matter and actually tried several people who were alleged to be responsible In The Story of the Daughters of Quchan Afsaneh Najmabadi investigates what made this incident more powerful How did a familiar incident of rural destitution and the story of yet another Turkoman raid become a uniquely outrageous story Although it captured the Iranian national imagination this event has been all but forgotten What does this amnesia tell us
