

Winner of the Bancroft Prize

THE MINUTEMEN AND THEIR WORLD

Foreword by Alan Taylor

Revised and Expanded Edition

with a new preface and afterword by the author

"Robert A. Gross's *The Minutemen and Their World* is almost as famous as the April 19 battle of Concord itself, and now we have it in a new, updated edition that further enriches the story. By itself this little masterpiece reveals more of the nature and complexity of the Revolution than a multitude of volumes."

—GORDON S. WOOD, professor emeritus at Brown University and author of *Friends Divided* and *The Radicalism of the American Revolution*

ROBERT A. GROSS

The Minutemen And Their World

Brian Donahue

The Minutemen And Their World:

The Minutemen and Their World Robert A. Gross, 2011-04-01 The Bancroft Prize winning classic of American history now in a revised and expanded edition with a new preface and afterword by the author On April 19 1775 the American Revolution began at the Old North Bridge in Concord Massachusetts The shot heard round the world catapulted this sleepy New England town into the height of revolutionary fervor and Concord went on to become the intellectual capital of the new republic The town future home to Emerson Thoreau and Hawthorne soon came to symbolize devotion to liberty intellectual freedom and the stubborn integrity of rural life In The Minutemen and Their World Robert A. Gross has written a remarkably subtle and detailed reconstruction of the lives and community of this special place and a compelling interpretation of the American Revolution as a social movement

The Minutemen and Their World Robert A. Gross, 1995 **The Minutemen and Their World (Revised and Expanded Edition)** Robert A. Gross, 2022-11-08 The classic work on one town's American Revolution now with a new preface and afterword by the author The Transcendentalists and Their World Robert A. Gross, 2021-11-09 One of The Wall Street Journal's 10 best books of 2021 One of Air Mail's 10 best books of 2021 Winner of the Peter J. Gomes Memorial Book Prize In the year of the nation's bicentennial Robert A. Gross published The Minutemen and Their World a paradigm shaping study of Concord Massachusetts during the American Revolution It won the prestigious Bancroft Prize and became a perennial bestseller Forty years later in this highly anticipated work Gross returns to Concord and explores the meaning of an equally crucial moment in the American story the rise of Transcendentalism The Transcendentalists and Their World offers a fresh view of the thinkers whose outsized impact on philosophy and literature would spread from tiny Concord to all corners of the earth Ralph Waldo Emerson Henry David Thoreau Nathaniel Hawthorne and the Alcotts called this New England town home and Thoreau drew on its life extensively in his classic Walden But Concord from the 1820s through the 1840s was no pastoral place fit for poets and philosophers The Transcendentalists and their neighbors lived through a transformative epoch of American life A place of two thousand plus souls in the antebellum era Concord was a community in ferment whose small ordered society founded by Puritans and defended by Minutemen was dramatically unsettled through the expansive forces of capitalism and democracy and tightly integrated into the wider world These changes challenged a world of inherited institutions and involuntary associations with a new premium on autonomy and choice They exposed people to cosmopolitan currents of thought and endowed them with unparalleled opportunities They fostered uncertainties raised new hopes stirred dreams of perfection and created an audience for new ideas of individual freedom and democratic equality deeply resonant today The Transcendentalists and Their World is both an intimate journey into the life of a community and a searching cultural study of major American writers as they plumbed the depths of the universe for spiritual truths and surveyed the rapidly changing contours of their own neighborhoods It shows us familiar figures in American literature alongside their neighbors at every level of the social order and it reveals how this common life

in Concord entered powerfully into their works No American community of the nineteenth century has been recovered so richly and with so acute an awareness of its place in the larger American story The Politics of War Michael A. McDonnell,2012-12-01 War often unites a society behind a common cause but the notion of diverse populations all rallying together to fight on the same side disguises the complex social forces that come into play in the midst of perceived unity Michael A McDonnell uses the Revolution in Virginia to examine the political and social struggles of a revolutionary society at war with itself as much as with Great Britain McDonnell documents the numerous contests within Virginia over mobilizing for war struggles between ordinary Virginians and patriot leaders between the lower and middle classes and between blacks and whites From these conflicts emerged a republican polity rife with racial and class tensions Looking at the Revolution in Virginia from the bottom up The Politics of War demonstrates how contests over waging war in turn shaped society and the emerging new political settlement With its insights into the mobilization of popular support the exposure of social rifts and the inversion of power relations McDonnell s analysis is relevant to any society at war *Paul Revere's Ride* David Hackett Fischer,1995-04-19 One of the foremost American historians offers the first serious look at the events of the night of April 18 1775 what led up to it what really happened and what followed uncovering a story far more remarkable than the myths of tradition In *Paul Revere s Ride* David Hackett Fischer fashions an exciting narrative that offers deep insight into the outbreak of revolution and the emergence of the American republic Beginning in the years before the eruption of war Fischer illuminates the figure of Paul Revere a man far more complex than the simple artisan and messenger of legend Indeed this book returns Paul Revere to center stage in the events leading up to the American Revolution The Great Meadow Brian Donahue,2004-01-01 Employing precise geographical information system GIS mapping of land ownership and land use Donahue describes how the land was settled and how mixed husbandry was developed in Concord By reconstructing several farm neighborhoods and following them through many generations he reveals a diverse sustainable farming system of tillage orchards pastures hay meadows and woodlots that required careful management of soil and water Donahue concludes that ecological degradation came to Concord only later when nineteenth century economic and social forces undercut the environmental balance that earlier colonial farmers had nurtured BOOK JACKET The British Are Coming Rick Atkinson,2019-05-14 Winner of the George Washington Prize Winner of the Barbara and David Zalaznick Book Prize in American History Winner of the Excellence in American History Book Award Winner of the Fraunces Tavern Museum Book Award From the bestselling author of the *Liberation Trilogy* comes the extraordinary first volume of his new trilogy about the American Revolution Rick Atkinson author of the Pulitzer Prize winning *An Army at Dawn* and two other superb books about World War II has long been admired for his deeply researched stunningly vivid narrative histories Now he turns his attention to a new war and in the initial volume of the *Revolution Trilogy* he recounts the first twenty one months of America s violent war for independence From the battles at Lexington and Concord in spring 1775 to those at Trenton and Princeton in winter

1777 American militiamen and then the ragged Continental Army take on the world's most formidable fighting force. It is a gripping saga alive with astonishing characters: Henry Knox, the former bookseller with an uncanny understanding of artillery; Nathanael Greene, the blue-eyed bumpkin who becomes a brilliant battle captain; Benjamin Franklin, the self-made man who proves to be the wildest of diplomats; George Washington, the commander in chief who learns the difficult art of leadership when the war seems all but lost. The story is also told from the British perspective, making the mortal conflict between the redcoats and the rebels all the more compelling. Full of riveting details and untold stories, *The British Are Coming* is a tale of heroes and knaves, of sacrifice and blunder, of redemption and profound suffering. Rick Atkinson has given stirring new life to the first act of our country's creation drama.

Mary Moody Emerson and the Origins of Transcendentalism Phyllis Cole, 2002. Mary Moody Emerson has long been a New England legend, the eccentric Calvinist aunt of Ralph Waldo Emerson, wearing a death shroud as her daily garment. This exciting new study, based on the first reading of all her known letters and diaries, reveals a complex human voice and powerful forerunner of American Transcendentalism. From the years of her famous nephew's infancy in both private and published writings, she celebrated independence, solitude in nature, and inward communion with God. Mary Moody Emerson inherited both resources and constraints from her family: a lineage of Massachusetts ministers who had earlier practiced spiritual awakening and political resistance against England. Cole discovers a previously unexamined Emerson tradition of fervent piety in the ancestor's own writing, and Mary's preservation of their memory. She also examines the position of a woman in this patriarchal family: barred from the pulpit and university by her sex, she also refused marriage to become a reader, writer, and religious seeker. Cole's biography explores this reading and writing as both a woman's vocation and a gift to Ralph Waldo Emerson. Helping to raise her nephews after their father's death, Mary Moody Emerson urged Waldo, the college student, to seek solitude in nature and become a divine poet. Cole's pioneering study, tracing crucial lines of influence from Mary Emerson's heretofore unknown texts to her nephew's major works, establishes a fresh and vital source for a central American literary tradition.

Two Worlds in the Tennessee Mountains David C. Hsiung, 2021-12-14. Most Americans know Appalachia through stereotyped images: moonshine and handicrafts, poverty and illiteracy, rugged terrain and isolated mountaineers. Historian David Hsiung maintains that in order to understand the origins of such stereotypes, we must look critically at their underlying concepts, especially those of isolation and community. Hsiung focuses on the mountainous area of upper East Tennessee, tracing this area's development from the first settlement in the eighteenth century to the eve of the Civil War. Through his examination, he identifies the different ways in which the region's inhabitants were connected to or separated from other peoples and places. Using an interdisciplinary framework, he analyzes geographical and sociocultural isolation from a number of perspectives, including transportation networks, changing economy, population movement, and topography. This provocative work will stimulate future studies of early Appalachia and serve as a model for the analysis of regional cultures.

Reflections in Bullough's Pond Diana

Karter Appelbaum, Diana Muir, 2000 A dramatic story of the interplay between environment and economy in New England

The American Revolution in Indian Country Colin G. Calloway, 1995-04-28 Examines the Native American experience during the American Revolution The American Revolution 1775-1783 Richard L. Blanco, 2020-12-06 This definitive encyclopedia originally published in 1983 and now available as an ebook for the first time covers the American Revolution comes in two volumes and contains 865 entries on the war for American independence Included are essays ranging from 250 to 25 000 words on major and minor battles and biographies of military men partisan leaders loyalist figures and war heroes as well as strong coverage of political and diplomatic themes The contributors present their summaries within the context of late 20th Century historiography about the American Revolution Every entry has been written by a subject specialist and is accompanied by a bibliography to aid further research Extensively illustrated with maps the volumes also contain a chronology of events glossary and substantial index **A Crisis of Community** Mary Babson Fuhrer, 2014-03-17 In the first decades of the American republic Mary White a shopkeeper's wife from rural Boylston Massachusetts kept a diary Woven into its record of everyday events is a remarkable tale of conflict and transformation in small town life Sustained by its Puritan heritage gentry leadership and sense of common good Boylston had survived the upheaval of revolution and the creation of the new nation Then in a single generation of wrenching change the town and its people descended into contentious struggle Examining the tumultuous Jacksonian era at the intimate level of family and community Mary Babson Fuhrer brings to life the troublesome creation of a new social political and economic order centered on individual striving and voluntary associations in an expansive nation Blending family records and a rich trove of community archives Fuhrer examines the age of revolutions through the lens of a rural community that was swept into the networks of an expanding and urbanizing New England region This finely detailed history lends new depth to our understanding of a key transformative moment in American history Darkness Falls on the Land of Light Douglas L. Winiarski, 2017-02-09 This sweeping history of popular religion in eighteenth century New England examines the experiences of ordinary people living through extraordinary times Drawing on an unprecedented quantity of letters diaries and testimonies Douglas Winiarski recovers the pervasive and vigorous lay piety of the early eighteenth century George Whitefield's preaching tour of 1740 called into question the fundamental assumptions of this thriving religious culture Incited by Whitefield and fascinated by miraculous gifts of the Holy Spirit visions bodily fits and sudden conversions countless New Englanders broke ranks with family neighbors and ministers who dismissed their religious experiences as delusive enthusiasm These new converts the progenitors of today's evangelical movement bitterly assaulted the Congregational establishment The 1740s and 1750s were the dark night of the New England soul as men and women groped toward a restructured religious order Conflict transformed inclusive parishes into exclusive networks of combative spiritual seekers Then as now evangelicalism emboldened ordinary people to question traditional authorities Their challenge shattered whole communities *The Key of*

Liberty William Manning,1993 *The Key of Liberty* offers better than any book yet published a grassroots view of the rise of democratic opposition in the new nation It sheds considerable light on the popular culture literary religious and profane of the epoch

The Richardson Light Guard of Wakefield, Massachusetts Barry M. Stentiford,2013-05-03 This book traces the history of the Richardson Light Guard of Wakefield Massachusetts from its origins in 1851 until its end in 1975 What had been an institution of community members and local elites passed to town then state and finally federal government During the same period Wakefield evolved from an agrarian town to a manufacturing town and finally to a bedroom suburb ending the practice of a handful of local elites ruling the town unchallenged Though the rise of the National Guard was generally positive for some militia companies inclusion in the National Guard weakened vital bonds with their communities In the 19th century the Richardson Light Guard thrived under generous patrons a supportive town and a relatively wealthy state government After becoming part of the National Guard in 1916 the links with its home community steadily weakened finally breaking during World War II After the war the National Guard company had few links to Wakefield and was reorganized out of existence in 1975

Black Walden Elise Lemire,2011-08-24 Concord Massachusetts has long been heralded as the birthplace of American liberty and American letters It was here that the first military engagement of the Revolutionary War was fought and here that Thoreau came to live deliberately on the shores of Walden Pond Between the Revolution and the settlement of the little cabin with the bean rows however Walden Woods was home to several generations of freed slaves and their children Living on the fringes of society they attempted to pursue lives of freedom promised by the rhetoric of the Revolution and yet withheld by the practice of racism Thoreau was all but alone in his attempt to conjure up the former occupants of these woods Other than the chapter he devoted to them in *Walden* the history of slavery in Concord has been all but forgotten In *Black Walden Slavery and Its Aftermath* in Concord Massachusetts Elise Lemire brings to life the former slaves of Walden Woods and the men and women who held them in bondage during the eighteenth century After charting the rise of Concord slaveholder John Cuming *Black Walden* follows the struggles of Cuming s slave Brister as he attempts to build a life for himself after thirty five years of enslavement Brister Freeman as he came to call himself and other of the town s slaves were able to leverage the political tensions that fueled the American Revolution and force their owners into relinquishing them Once emancipated however the former slaves were permitted to squat on only the most remote and infertile places Walden Woods was one of them Here Freeman and his neighbors farmed spun linen made baskets told fortunes and otherwise tried to survive in spite of poverty and harassment With a new preface that reflects on community developments since the hardcover s publication *Black Walden* reminds us that this was a black space before it was an internationally known green space and preserves the legacy of the people who strove against all odds to overcome slavery and segregation

The Citizen-Soldier in War and Peace James Biser Whisker,John R. Coe,2021-09-15 *The Citizen Soldier in War and Peace* is a is a short historical look at the use of firearms in America and throughout the world this book

appeals to anybody who believes in the Second Amendment or who is interested in the historical use of firearms It begins with the use of guns for hunting and self protection as well as personal property and of course national defense early in our country's early history It also analyzes the philosophical standpoint of the idea of the armed citizen and its relationship to freedom A freeman with a gun an armed citizenry means a free country The book also does a thorough job of examining other countries and other philosophical aspects of arming the citizenry This book clearly defines the Militias in other countries It touches on China and the Soviet Union and their philosophy as well The book is extremely readable and would be advised reading for anyone from high school to grad school Those interested in history political science or current events will find this book a must for their personal library **The Origins of American Capitalism** James A. Henretta, 1991

Reviewing **The Minutemen And Their World**: Unlocking the Spellbinding Force of Linguistics
