The Modern Crime Story:

The Modern Crime Story Julian Symons, 1980 *True Stories of Crime in Modern Mexico* Robert Buffington, Pablo Piccato, 2011-04-21 Crime has played a complicated role in the history of human social relations Public narratives about murders insanity kidnappings assassinations and infanticide attempt to make sense of the social economic and cultural realities of ordinary people at different periods in history Such stories also shape the ways historians write about society and offer valuable insight into aspects of life that more conventional accounts have neglected misunderstood or ignored altogether This edited volume focuses on Mexico s social and cultural history through the lens of celebrated cases of social deviance from the late nineteenth and early twentieth centuries Each essay centers on a different crime story and explores the documentary record of each case in order to reconstruct the ways in which they helped shape Mexican society s views of itself and of its criminals

Crime Stories Todd Herzog, 2009 The Weimar Republic 1918 1933 was a crucial moment not only in German history but also in the history of both crime fiction and criminal science This study approaches the period from a unique perspective investigating the most notorious criminals of the time and the public s reaction to their crimes The author argues that the development of a new type of crime fiction during this period which turned literary tradition on its head by focusing on the criminal and abandoning faith in the powers of the rational detective is intricately related to new ways of understanding criminality among professionals in the fields of law criminology and police science Considering Weimar Germany not only as a culture in crisis the standard view in both popular and scholarly studies but also as a culture of crisis the author explores the ways in which crime and crisis became the foundation of the Republic s self definition An interdisciplinary cultural studies project this book insightfully combines history sociology literary studies and film studies to investigate a topic that cuts across all of these disciplines
