The Evolution of the Monastic Ideal, from the Earliest Times Down to the Coming of the Friars Herbert Brook Workman, 1962 First published in 1913 Bibliography p 353-361 The Evolution of the Monastic Ideal Herbert B. Workman, 2008-11-24 Herbert Brook Workman (1862-1951) was born in London and educated at Owens College, Manchester. He entered the Wesleyan ministry in 1885 and served as a circuit minister in England and Scotland until 1903, when he was appointed Principal of Westminster College. He was elected President of the Wesleyan Conference in 1930. A distinguished historian, Workman was Cole Lecturer at Vanderbilt University in 1916 and Visiting Professor of Methodist Church History at the University of Chicago in 1927. He published extensively in the field of medieval church history as well as Methodism. His other publications include *Persecution in the Early Church*, *The Dawn of the Reformation*, *The Evolution of the Monastic Ideal*, *Martyrs of the Early Church*, *Methodism*, and *The Age of John Hus*. The Evolution of the Monastic Ideal Herbert B. Workman, 2008-11-24 Intercessory Prayer and the Monastic Ideal in the Time of the Carolingian Reforms Renie Shun-Man Choy, 2016 In early medieval Europe, monasticism constituted a significant force in society because the prayers of the religious on behalf of others featured as powerful currency. The study of this phenomenon is at once full of potential and peril, rightly drawing attention to the wider social involvement of an otherwise exclusive group but also describing a religious community in terms of its service provision. Previous scholarship has focused on the supply and demand of prayer within the medieval economy of power, patronage, and gift exchange. *Intercessory Prayer and the Monastic Ideal in the Time of the Carolingian Reforms* is the first volume to explain how this transactional dimension of prayer factored into monastic spirituality. Renie S. Choy uncovers the relationship between the intercessory function of monasteries and the ascetic concern for moral conversion in the minds of prominent religious leaders active between c. 750-820. Through sustained analysis of the devotional thought of Benedict of Aniane and contemporaneous religious reformers during the reigns of Charlemagne and Louis the Pious, Choy examines key topics in the study of Carolingian monasticism: liturgical organization and the intercessory performances of the Mass and the Divine Office; monastic theology and relationships of prayer within monastic communities and with the world outside. Arguing that monastic leaders showed new interest on the intersection between the interiority of prayer and the functional world of social relationships, this study reveals the ascetic ideal undergirding the provision of intercessory prayer by monasteries. *Christ the Ideal of the Monk (Unabridged)* Columba Marmion, 2022-08-16 Every

Evolution of the Monastic Ideal Herbert B. Workman, 1980-01-01 The Glory of Monastic Life Swami Bhajananda, This book discusses the traditional modes of monasticism and compares them with the modern monastic way of life as seen in the Ramakrishna Order With the changing times monasticism too has to grow and assume new forms to adapt to the new situations Sri Ramakrishna and Swami Vivekananda brought about this change in the outward form of Indian monasticism without deviating from the eternal principles Here the readers will get an overview of monasticism in general and the Ramakrishna monasticism in particular Published by Advaita Ashrama a publication house of Ramakrishna Math Belur Math India **The Monastic School of Gaza** Brouria Bitton-Ashkelony, Aryeh Kofsky, 2006-02-01 This book studies one of the most striking chapters in the history of late antique monastic culture provided by the monastic legacy of Gaza A monastic intellectual community flourished in the region of Gaza from the fourth to the seventh century producing a wealth of literary works In this diverse and exciting literary corpus especially in the unique correspondence between spiritual leaders and their clientele matters that are usually only hinted at in monastic sources are vividly portrayed Distinct from the dry and matter of fact monastic instructions and the stereotypes of hagiography this corpus exposes the psychological tensions moods

frustrations and elations in the daily existence of the monks revealing them as creatures of flesh and blood This book seeks to frame the historical development of this community and endeavours to analyze the spiritual and intellectual context of what may be termed the monastic school of Gaza The legacy of this complex and thriving centre cuts across theological differences and boundaries Shedding light on these neglected educated circles enhances and somewhat balances the overall historical picture of late antique ascetic culture and Palestinian Christianity The Monastic Magnet René Gothóni, 2008 Mount Athos has been exercising its magnetic attraction on monks and pilgrims for over a thousand years Many of the papers collected here are concerned with aspects of pilgrimage to Athos and the effect that a visit to the Mountain has on pilgrims lives
