**Lionel Trilling**

## **The Moralist:**

The Moralist Patricia O'Toole, 2019-04-16 Acclaimed author Patricia O Toole s superb The New York Times account of Woodrow Wilson one of the most high minded consequential and controversial US presidents A gripping USA TODAY biography The Moralist is an essential contribution to presidential history Booklist starred review In graceful prose and deep scholarship Patricia O Toole casts new light on the presidency of Woodrow Wilson Star Tribune Minneapolis The Moralist shows how Wilson was a progressive who enjoyed unprecedented success in leveling the economic playing field but he was behind the times on racial equality and women s suffrage As a Southern boy during the Civil War he knew the ravages of war and as president he refused to lead the country into World War I until he was convinced that Germany posed a direct threat to the United States Once committed he was an admirable commander in chief yet he also presided over the harshest suppression of political dissent in American history After the war Wilson became the world s most ardent champion of liberal internationalism a democratic new world order committed to peace collective security and free trade With Wilson s leadership the governments at the Paris Peace Conference in 1919 founded the League of Nations a federation of the world s democracies The creation of the League Wilson s last great triumph was quickly followed by two crushing blows a paralyzing stroke and the rejection of the treaty that would have allowed the United States to join the League Ultimately Wilson s liberal internationalism was revived by Franklin D Roosevelt and it has shaped American foreign relations for better and worse ever since A cautionary tale about the perils of moral vanity and American overreach in foreign affairs The Moralist does full justice to Wilson s complexities The Wall Street Journal

**Coleridge the Moralist** Laurence S. Lockridge, 2019-06-30 This rigorously argued yet deftly written book defines and analyzes Coleridge s moral vision as it reveals itself in his life thought and poetry Based on the entire corpus of his writings it includes much unpublished or previously unanalyzed primary source material such as the late notebooks and the Opus Maximum manuscript Mr Lockridge considers Coleridge to be one of the great British moralists and he argues that much of his work is characterized by an uncommon density of thought and an imaginative assimilation of theory to practice Tracing Coleridge s evolution as a moralist he treats with close attention Coleridge s writings on such subjects as freedom will duty self realization pleasure suffering dread and evil By bringing together related fragments he has given coherent structure to the moral thought of a major Romantic writer

The Moralist Patricia O'Toole, 2018-04-24 Acclaimed author Patricia O Toole s superb The New York Times account of Woodrow Wilson one of the most high minded consequential and controversial US presidents A gripping USA TODAY biography The Moralist is an essential contribution to presidential history Booklist starred review In graceful prose and deep scholarship Patricia O Toole casts new light on the presidency of Woodrow Wilson Star Tribune Minneapolis The Moralist shows how Wilson was a progressive who enjoyed unprecedented success in leveling the economic playing field but he was behind the times on racial equality and women s suffrage As a Southern boy during the Civil War he knew the ravages of war and as president he

refused to lead the country into World War I until he was convinced that Germany posed a direct threat to the United States. Once committed, he was an admirable commander in chief yet he also presided over the harshest suppression of political dissent in American history. After the war, Wilson became the world's most ardent champion of liberal internationalism, a democratic new world order committed to peace, collective security, and free trade. With Wilson's leadership, the governments at the Paris Peace Conference in 1919 founded the League of Nations, a federation of the world's democracies. The creation of the League, Wilson's last great triumph, was quickly followed by two crushing blows: a paralyzing stroke and the rejection of the treaty that would have allowed the United States to join the League. Ultimately, Wilson's liberal internationalism was revived by Franklin D. Roosevelt, and it has shaped American foreign relations for better and worse ever since. A cautionary tale about the perils of moral vanity and American overreach in foreign affairs, *The Moralists* does full justice to Wilson's complexities. *The Wall Street Journal*

**The Moralist International** Kristina Stoeckl, Dmitry Uzlaner, 2022-12-20 *The Moralist International* analyzes the role of the Russian Orthodox Church and the Russian state in the global culture wars over gender and reproductive rights and religious freedom. It shows how the Russian Orthodox Church in the past thirty years first acquired knowledge about the dynamics, issues, and strategies of Right Wing Christian groups; how the Moscow Patriarchate has shaped its traditionalist agenda accordingly; and how the close alliance between church and state has turned Russia into a norm entrepreneur for international moral conservatism. Including detailed case studies of the World Congress of Families, anti-abortion activism, and the global homeschooling movement, the book identifies the key factors, causes, and actors of this process. Kristina Stoeckl and Dmitry Uzlaner then develop the concept of conservative *aggiornamento* to describe Russian traditionalism as the result of conservative religious modernization and the globalization of Christian social conservatism. *The Moralist International* continues a line of research on the globalization of the culture wars that challenges the widespread perception that it is only progressive actors who use the international human rights regime to achieve their goals, by demonstrating that conservative actors do the same. The book offers a new, original perspective that firmly embeds the conservative turn of post-Soviet Russia in the transnational dynamics of the global culture wars. *The Moralist International* is available from the publisher on an open access basis.

**The Moralists; being a selection of ancient moral precepts from the Bible and other sources; with the addition of modern treatises** Moralist, 1823

**The Moralist, Or, Tales of Instruction, and Entertainment, Partly Original, and Partly Compiled** T. Potter, 1785 *The Structure of a Moral Code* John Ladd, 2004-01-28 Mr Ladd here presents a philosophical analysis of the nature and structure of a moral code. He exemplifies his general theory by providing the first systematic description of Navajo ethics based on raw material gathered by intensive anthropological field work among the Navajo. The complete transcript of his field notes is contained in the Appendix to this book. Mr Ladd shows how the codes of other societies can be described with scientific rigor and objectivity. Drawing upon recent developments in analytical ethics that emphasize the uses of discourse and the logic of

imperatives he develops a general theory of moral codes which holds considerable significance for moral philosophers and which presents for anthropologists a methodology for their investigations into the ethical systems of non literate cultures

Nietzsche as Political Philosopher Manuel Knoll, Barry Stocker, 2014-08-27 This collection establishes Nietzsche's importance as a political philosopher. It includes a substantial introduction and eighteen chapters by some of the most renowned Nietzsche scholars. The book examines Nietzsche's connections with political thought since Plato, major influences on him, his methodology and his influence on subsequent thought. The book includes extensive coverage of the debate between radical aristocratic readings of Nietzsche and more liberal or democratic readings. Close readings of Nietzsche's texts are combined with a contextualising approach to build up a complete picture of his place in political philosophy. Topics include the relevance of Bonapartism and classical liberalism, Nietzsche on Christianity, the cultural history of Germany, the *Übermensch* ethics and politics in Nietzsche and the controversial question of his political preferences and affinities. Nietzsche's political thought is compared with that of Humboldt, Weber and Foucault. The book is essential reading for anyone concerned with Nietzsche's thought, political philosophy and the history of political ideas.

The Moral Obligation to Be Intelligent Lionel Trilling, 2009-08-05 The America of John Dos Passos, Hemingway and his critics, T. S. Eliot's politics, The immortality ode, Kipling, Reality in America, Art and neurosis, Manners, morals and the novel, The Kinsey report, Huckleberry Finn, The Princess Casamassima, Wordsworth and the Rabbis, William Dean Howells and the roots of modern taste, The poet as hero, Keats in his letters, George Orwell and the politics of truth, The situation of the American intellectual at the present time, Mansfield Park, Isaac Babel, The morality of inertia, That smile of Parmenides made me think, The last lover, A speech on Robert Frost, a cultural episode, On the teaching of modern literature, The Leavis-Snow controversy, The fate of pleasure, James Joyce in his letters, Mind in the modern world, Art, will and necessity, Why we read Jane Austen.

*The Moral Imagination* Gertrude Himmelfarb, 2012-07-30 In *The Moral Imagination* Gertrude Himmelfarb, one of America's most distinguished intellectual historians, explores the minds and lives of some of the most brilliant and provocative thinkers of modern times. In their distinctive ways, she argues, they exemplify what Burke two centuries ago and Trilling most recently have called the moral imagination. Himmelfarb describes how each of these thinkers, coming from different traditions, responding to different concerns and writing in different genres, shared a moral passion that permeated their work. It is this passion that makes their reflections on politics and literature, religion and society, marriage and sex, sometimes unpredictable, often controversial, always exciting and as illuminating and pertinent today as they were then. The second edition includes a revised introduction and three new essays on Adam Smith, Lord Acton and Alfred Marshall.

**The Moral Mystic** James R. Horne, 2006-01-01 Mysticism is condemned as often as it is praised. Much of the condemnation comes from mysticism's apparent disregard of morality and ethics. For mystics, the experience of union transcends all moral concern. In this careful examination of the works of such practitioners or examiners of mysticism as Paul Tillich, Thomas Merton, Evelyn Underhill and Martin Buber, the author

posits a spectrum of uneasy relationships between mysticism and morality Horne explores the polarities of apophatic imageless and imaginative mysticism the contemplative and the active life and morality and amorality He stresses the importance of the distinction between proper name entirely personal morality and social morality for the history of Christian mysticism is a mix of minimal moral concern proper name morality and social morality The volume will be of interest to students of religious experience ethics and the recent history of mysticism Carefully reasoned and documented the argument is couched in clear prose easily accessible to lay readers as well as to scholars      *King James Version Bible Commentary* Thomas Nelson, 2005-09-18 The King James Version Bible Commentary is a complete verse by verse commentary comprehensive in scope reliable in scholarship and easy to use Its authors are leading evangelical theologians who provide practical truths and biblical principles Any Bible student will gain new insights through this one volume commentary based on the timeless King James Version of the Bible Features Include Every verse of the Bible covered Old and New Testaments Complete text of Scripture in parallel column Outlines and introductions on each book of the Bible provide valuable information for effective Bible study Maps and Charts to help you visualize key events in biblical history Thorough Evangelical scholarship This commentary is designed to meet the needs of pastors teachers and ordinary Bible readers and students alike It draws upon the work of Bible scholars and provides references to their own works in Bibliographies for those who wish to carry their study further      *The World and the Individual: Nature, man, and the moral order* Josiah Royce, 1901      *Two French Moralists* Odette de Mourgues, 2010-06-10 Professor de Mourgues study examines the works of La Rochefoucauld and La Bruy re in regards to the term moralist      **The Contradictions of Modern Moral Philosophy** Dr Paul Johnston, 2004-01-14 The Contradictions of Modern Moral Philosophy is a highly original and radical critique of contemporary moral theory Paul Johnston demonstrates that much recent moral philosophy is confused about the fundamental issue of whether there are correct moral judgements He shows that the standard modern approaches to ethics cannot justify or even make much sense of traditional moral beliefs Applied rigorously these approaches suggest that we should reject ethics as a set of outdated and misguided claims Rather than facing up to this conclusion most recent moral philosophy consists of attempts to find some ways of preserving moral beliefs This places a contradiction at the heart of moral philosophy As a result it is often impossible to tell whether a contemporary philosopher ultimately rejects or endorses the idea of objective right and wrong On the basis of a Wittgenstein approach Paul Johnston puts forward an alternative account of ethics that avoids this contradiction and recognises that the central issues of ethics cannot be resolved by conceptual analysis He then uses this account to highlight the contradictions of important contemporary moral theorists such as Bernard Williams Alasdair MacIntyre Thomas Nagel and Charles Taylor      **Theology and Literature in the Age of Johnson** Melvyn New, Gerard Reedy, S.J., 2012-06-14 Seventeen essays explore the complex relationships between literary intentions and theological concerns of authors writing in the second half of the eighteenth century The diversity of literary

forms and subjects from Fielding and Richardson to Burke and Wollstonecraft is matched by a diversity of theologies to argue that the age resisted secularism is by no means to argue that that resistance was blindly doctrinal or rigidly uniform the many ways secularism could be resisted is the subject of the collection

**British Moralists being selections from writers principally of the eighteenth century** Lewis Amherst Selby-Bigge, 1897      **Economics and its Enemies** William Oliver Coleman, 2002-10-23 Anti economics is described as the opposition to the main stream of economic thought that has existed from the Eighteenth century to the present day This book tells the story of anti economics in relations to Smith Ricardo Mill Walras Keynes and Hicks as well as current economic thinkers William Coleman examines how anti economics developed from the Enlightenment to the present day and analyzes its various guises Right anti economics Left anti economics Nationalist and Historicist anti economics and Irrationalist Moralist Aesthetic and Environmental anti economics

British Moralists Sir Lewis Amherst Selby-Bigge, 1897      **All the Year Round** , 1868
