

# THE MORALITY OF EVERYDAY LIFE

Rediscovering an  
Ancient Alternative  
to the Liberal Tradition

Thomas Fleming

# The Morality Of Everyday Life Rediscovering An Ancient Alternative To The Liberal Tradition

**Arthur James Wells**

## **The Morality Of Everyday Life Rediscovering An Ancient Alternative To The Liberal Tradition:**

*The Morality of Everyday Life* Thomas Fleming, 2004      **The Morality of Everyday Life** Thomas Fleming, 2004 Fleming offers an alternative to enlightened liberalism where moral and political problems are looked at from an objective point of view and a decision made from a distant perspective that is both rational and universally applied to all comparable cases. He instead places importance on the particular, the local, and moral complexity, advocating a return to premodern traditions for a solution to ethical predicaments. In his view, liberalism and postmodernism ignore the fact that human beings, by their very nature, refuse to live in a world of abstractions where the attachments of friends, neighbors, family, and country make no difference. Fleming believes that a modern type of casuistry should be applied to moral conflicts using examples from history, literature, and religion to explain this moral ecology that refuses to divorce organisms from their interactions with each other and with their environment.

**Mortal Goods** Ephraim Radner, 2024-03-19 This book by one of today's leading theologians examines how Christians might more faithfully and realistically imagine their political vocation. Ephraim Radner explains that our Christian calling is to limit our political concerns to the boundaries of our created lives: our birth, parents, siblings, families, brief persistence in life, raising of children, relations, decline, and death. He shows that a Christian approach to politics is aimed at tending and protecting these mortal goods and argues for a more constrained view of our mortal life and our political duty than is common in both progressive and conservative Christian perspectives. Radner encourages us to take seriously what is most valuable in our lives and allow this to shape our social posture. Our vocation is to offer our limited life to God, give thanks for it, and glorify God by living our lives as a gift. Radner also shows how catastrophe reveals our time to be fragile, bounded, and easily overturned. And he exposes betterment, which lies behind most modern politics, as a false motive for human life. The book concludes with a vision of the good life articulated in the form of a letter to his adult children.

**Politics for the Greatest Good** Clarke Forsythe, 2010-06 With a level-headed voice, leading policy strategist Clarke Forsythe speaks clearly into the fray of political striving. Here he campaigns for a recovery of a rich understanding of the virtue of prudence and for its application by policymakers and citizens to contemporary public policy. As Forsythe explains, prudence in its classical sense is the ability to apply wisdom to right action. In this book, he explores the importance of applying the principles of prudence, taking account of limitations in a world of constraints, and striving to achieve the greatest measure of justice under current circumstances to the realm of politics, especially that of bioethics. In particular, Forsythe applies these concepts to the ongoing debate among pro-life advocates regarding gradual versus radical change as the most effective way to achieve political and legislative goals. Drawing on the Bible, philosophy, and the wisdom of historical figures such as Abraham Lincoln and William Wilberforce, he makes a strong case for a strategy of seeking to achieve the maximal change possible at a given time or political prudence. As such, it has broad implications for political scientists and strategists both within and beyond the pro-life context.

American Conservatism Bruce Frohnen, Jeremy Beer, Nelson O.

Jeffrey,2014-05-20 A must own title National Review Online American Conservatism An Encyclopedia is the first comprehensive reference volume to cover what is surely the most influential political and intellectual movement of the past half century More than fifteen years in the making and more than half a million words in length this informative and entertaining encyclopedia contains substantive entries on those persons events organizations and concepts of major importance to postwar American conservatism Its contributors include iconic patriarchs of the conservative and libertarian movements celebrated scholars well known authors and influential movement activists and leaders Ranging from abortion to Zoll Donald Atwell and written from viewpoints as various as those which have informed the postwar conservative movement itself the encyclopedia s more than 600 entries will orient readers of all kinds to the people and ideas that have given shape to contemporary American conservatism This long awaited volume is not to be missed     **Encyclopedia of the Literature of Empire** Mary Ellen Snodgrass,2010 Examines the world s greatest literature about empires and imperialism including more than 200 entries on writers classic works themes and concepts     *The Gospel and the Mind* Bradley G.
