It was sometime in the twenty first century when one discovery revolutionized the world further than any ever before it This was the discovery of a nonlinear power which lies inside of every living and nonliving organism on the planet Its discoverers termed it Meteora With it came the ability to tap into a clean seemingly unlimited source of energy With further study it was found that only a few genetically gifted individuals could use this power World War III was fought between these new beings and the United Governments of the world After fighting to a stalemate the governments and the beings who had access to this power now known as Homospiritus came to an agreement called the Accords Code 23 By law all children born who are capable of using Meteora will be taken for safety reasons to Gardens to learn to control their powers and serve the greater good of the commonwealth Which meant to become a soldier in the army of the new world order Tenchi was four years old when they came for him Despite the best efforts by his mother to keep him hidden and safe he was taken by force to Juneau Gardens which is the home of the Homospiritus and the new governing order of the former United States of America now named Juneau It is a Gardens itself one of a series of peaceful and beautiful utopian societies made up of the now free Homospiritus who under the terms of the Accords were allowed their independence and sovereignty Gardens are realms which demonstrate the height of Meteora manipulation and the coming together of humans with Meteora to create a utopian Shangri La like paradise on a level with the Garden of Eden Now inside of Gardens Tenchi is swept up in a world of Meteora fighting and war to protect a world he does not really feel a part of He is taken from his home his mother and the only family he has ever known and commissioned to fight in a war for the peace and safety of the planet He is forced to go through rigorous training and trials as well as torment from other Homospiritus when the only thing he truly cares about is getting home to his mother And after six years in the Gardens Academy comes to an end he seems to get his chance when at the age of ten Tenchi graduates Now he is an apprentice under the command of a Master Agent who guards trains and protects him and his two other apprentices Ko and Suki In the field as a second level of training Tenchi has a greater degree of freedom though under the careful guidance and tutelage of Master Agent Shaun The team members begin their journey all over the world carrying out peace missions while simultaneously improving and learning how to better use Meteora in real life battle situations all to prepare the young Agents to eventually go out on their own This is vital as it is public knowledge that the life of an apprentice is a very short one Tenchi is then swept up in a series of missions both dangerous and important to the fate and the safety of the whole world Eventually he is sent on a mission where he encounters terrorists with nuclear arms who

have also taken their own dark dive into the use of Meteora only to corrupt it Tenchi is given the chance to abandon his mission and continue his own which has always been to return to his mother But now he is faced with a choice to return home or to fight to secure and prevent the misuse of The Sword of Heaven an ancient weapon of unparalleled power forged of Meteora itself If not kept in check The Sword will throw the world into an apocalyptic age from which we may never recover a fate that will visit both Homospiritus and humankind alike *I Love You Like a Tomato* Marie

Giordano,2004-04-19 I Letticia ChiChi Maggiordino will put to GOOD use the power of the Evil Eye ChiChi Maggiordino will do anything to get God s attention She will hold her breath stand on tiptoe for an hour walk a mile backward climb all stairs on her knees anything When her grandmother teaches her how to use the Evil Eye telling her it s how Jesus Christ made his miracles and how the Italians got rid of Mussolini ChiChi realizes it s what her prayers have been missing Now she can get started on the business of making her mother happier by helping her find love and healing her brother s weak lungs But ChiChi s family lives in Minneapolis and it s the 1950s For an Italian immigrant family sometimes it seems like nothing can make life easier ChiChi s mother still pines for her husband a long dead American soldier ChiChi s brother is disdainful of her sacrifices and penance he doesn t understand what his older sister already knows that sometimes God needs to be bribed When her grandmother passes away ChiChi steps up her search for meaning and happiness but it seems to be fruitless And she struggles the way so many women do because her love for her family is suffocating even while it fulfills her It s not until she meets two Italian dwarves and they teach her of the ancient clown tradition the commedia dell arte that she comes to understand that in order to make everyone else happy she herself must be happy But first she must find her own way in the world and learn to accept that not even the power of the Evil Eye can keep people from changing At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied **Otherland: River of Blue Fire** Tad
