Making the Best of It Sarah Glassford, Amy J. Shaw, 2020-04-15 Many women who lived through the Second World War believed it heralded new status and opportunities but scholars have argued that very little changed How can these interpretations be reconciled Making the Best of It examines the ways in which gender and other identities intersected to shape the experiences of female Canadians and Newfoundlanders during the war The contributors to this thoughtful collection consider mainstream and minority populations girls and women and different parts of Canada and Newfoundland They reassess topics such as women in the military and in munitions factories and tackle entirely new subjects such as wartime girlhood in Quebec Collectively these essays broaden the scope of what we know about the changes the war wrought in the lives of Canadian women and girls and address wider debates about memory historiography and feminism The Most Important Available Reserve of Manpower : a Series of Wartime Recollections by Members and Friends of the University Women's Club of Winnipeg Morriss, Geraldine, University Women's Club of Winnipeg, 1996

Rewriting the First World War Andrew Suttie, 2005-12-16 This book assesses Lloyd George's attempt to shape the history of 1914-18 through his War Memoirs His account of the British conduct of the war focused on the generals' incompetence their obsession with the Western Front and their refusal to consider alternatives to the costly trench warfare in France and Belgium Yet as War Minister and Prime Minister Lloyd George presided over the bloody

offensives of 1916-17 and had earlier taken a leading role in mobilising industrial resources to provide the weapons which made them possible. *Rewriting the First World War* examines how Lloyd George addressed this paradox. **Aftermath** Tim Haughton, 2016-03-23 Focusing on three of the defining moments of the twentieth century: the end of the two World Wars and the collapse of the Iron Curtain, this volume presents a rich collection of authoritative essays covering a wide range of thematic, regional, temporal and methodological perspectives. By re-examining the traumatic legacies of the century's three major conflicts, the volume illuminates a number of recurrent yet differentiated ideas concerning memorialisation, mythologisation, mobilisation, commemoration and confrontation, reconstruction and representation in the aftermath of conflict. The post-conflict relationship between the living and the dead, the contestation of memories and legacies of war in cultural and political discourses and the significance of generations are key threads binding the collection together. While not claiming to be the definitive study of so vast a subject, the collection nevertheless presents a series of enlightening historical and cultural perspectives from leading scholars in the field, and it pushes back the boundaries of the burgeoning field of the study of legacies and memories of war. Bringing together historians, literary scholars, political scientists and cultural studies experts to discuss the legacies and memories of war in Europe, 1918-1945-1989, the collection makes an important contribution to the ongoing interdisciplinary conversation regarding the interwoven legacies of twentieth-century Europe's three major conflicts. **Aftermath** Dr Nicholas Martin, Dr Tim Haughton, Dr Pierre Purseigle, 2014-12-28 Focusing on three of the defining moments of the twentieth century: the end of the two World Wars and the collapse of the Iron Curtain, this volume presents a rich interdisciplinary collection of authoritative essays covering a wide range of thematic, regional and methodological perspectives. By re-examining these traumatic years, it illuminates ideas concerning mythologisation, mobilisation, commemoration, confrontation and representation in the aftermath of conflict. The relationship between the living and the dead, the contestation of memories and legacies of war in cultural and political discourses and the significance of generations are all key threads binding the collection together. **Women Against the Good War** Rachel Waltner Goossen, 1997 During World War II, more than 12,000 male conscientious objectors seeking alternatives to military service entered Civilian Public Service to do forestry, soil conservation or other work of national importance. But this government-sponsored church-sponsored *Exile Armies* M. Bennett, P. Latawski, 2004-11-30 Operating from outside their homelands, exile armies have been an understudied phenomenon in history and international politics. From avoiding the fate of being a mere tool for a patron power to facing issues regarding their military efficacy and political legitimacy, exiled armies have found their journey home a tortuous one. This collection of essays covers the experience of exiled forces in the Second World War, principally in Europe, and also covers their activities around the globe during the Cold War and beyond. **Congressional Record** United States. Congress, 1982 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. Not Just a Man's War

Yihong Pan, 2024-09-01 In 1931 Japan began a brutal occupation of Manchuria and in 1937 China and Japan entered a full scale war that ended with Japan's defeat in 1945 The War of Resistance became the Chinese experience of the Second World War Yet women scarcely get a mention in most accounts of the fourteen year conflict Through interviews published reminiscences and oral histories Not Just a Man's War uncovers the extraordinary stories of ordinary Chinese women during the war Communist women speak of fighting as soldiers for a good war and contributing to the party's rise to power Nationalist women attribute their survival to the strength of the human spirit while acknowledging tremendous suffering Women from the working poor and the middle classes describe the hardships of Japanese aggression and in their narratives refuse to be ignored as passive beings In speaking up the victims of sexual violence become survivor activists demanding justice These women demonstrate a striking autonomy regardless of political association socioeconomic status or education By attending to their insights Not Just a Man's War produces a multi faceted inclusive narrative of China's War of Resistance

Hitler's Soldiers in the Sunshine State Robert D. Billinger, 2020-11-10 They were Uncle Sam's smiling workers and they looked like all American boys There were at least 10 000 of them deployed in 25 Florida camps between 1942 and 1946 They were also members of the Wehrmacht Hitler's armed forces Forum Most Americans were unaware their government was

housing Hitler's soldiers on its shores Billinger weaves interviews with former prisoners American soldiers who worked in the camps newspaper accounts and government documents into a stunning historical narrative Kansas City Star A tropical paradise that for some became a tropical hell Sarasota Herald Tribune First came crewmen of destroyed U boats then thousands of Afrika Korps veterans who swamped the system in 1943 Pro Nazi arrogant and tough they defied U S authorities terrorized anti Nazi inmates and rioted Choice Filled with colorful personal accounts this historical book packs the punch of fiction St Petersburg Times Billinger's first rate history of this little known chapter in American history teaches us that in spite of wartime propaganda our enemies are human too Atlantic City Press Hard to put down Daytona Beach News Journal In the first book length treatment of the German prisoner of war experience in Florida during World War II Robert D Billinger Jr tells the story of the 10 000 men who were guests of Uncle Sam in a tropical paradise that for some became a tropical hell Having been captured while serving on U boats off the Carolinas with the Afrika Korps in Tunisia with the paratroops in Italy or with labor battalions in France the POWs were among the 378 000 Germans held as prisoners in 45 states Except for the servicemen who guarded them the civilian pulp cutters citrus growers and sugarcane foremen who worked them and the FBI and local police who tracked the escapees among them most people were and still are unaware of the German POWs who inhabited the 27 camps that dotted the Sunshine State Billinger describes the experiences of the Germans and their captors as both sides came to the realization that while the Germans worst enemies were often their own comrades in arms wartime enemies might also become life long friends Concentrating especially on the story of Camp Blanding in North Florida Billinger based his research on both American and German archives His account mixes rare photos with interviews with former prisoners reports by the International Red Cross the YMCA and the U S military and local newspaper articles This book will be of great value to scholars and historians as well as all readers with an interest in World War II Those with an interest in Florida history will also find much to admire in this engaging account of a barely known wartime episode A volume in The Florida History and Culture Series edited by Raymond Arsenault and Gary R Mormino

Colonial Soldiers in Europe, 1914-1945 Eric Storm, Ali Al Tuma, 2015-12-22 During the first half of the twentieth century European countries witnessed the arrival of hundreds of thousands of colonial soldiers fighting in European territory First and Second World War and Spanish Civil War and coming into contact with European society and culture For many Europeans these were the first instances in which they met Asians or Africans and the presence of Indian Indo Chinese Moluccan Senegalese Moroccan or Algerian soldiers in Europe did not go unnoticed This book explores this experience as it relates to the returning soldiers who often had difficulties re adapting to their subordinate status at home and on European authorities who for the first time had to accommodate large numbers of foreigners in their own territories which in some ways would help shape later immigration policies

Germany and the Second World War: Organization and mobilization of the German sphere of power ; pt. 1. Wartime administration, economy, and man power resources

1939-1941 ,1990 *Air University Review* ,1986-09 *A History of Canadian External Relations* G.P. de T. Glazebrook,1966-01-01 *Army* ,1959 *Which People's War?* Sonya O. Rose,2003 *Which People's War* examines how national belonging or British national identity was envisaged in the public culture of the World War II home front Using materials from newspapers magazines films novels diaries letters and all sorts of public documents it explores such questions as who was included as British and what did it mean to be British How did the British describe themselves as a singular people and what were the consequences of those depictions It also examines the several meanings of citizenship elaborated in various discussions concerning the British nation at war This investigation of the powerful constructions of national identity and understandings of citizenship circulating in Britain during the Second World War exposes their multiple and contradictory consequences at the time It reveals the fragility of any singular conception of Britishness even during a war that involved the total mobilization of the country's citizenry and cost 400 000 British civilian lives *The Wars of Yesterday* Katrin Boeckh,Sabine Rutar,2018-01-31 Though persistently overshadowed by the Great War in historical memory the two Balkan conflicts of 1912 1913 were among the most consequential of the early twentieth century By pitting the states of Greece Bulgaria Serbia and Montenegro against a diminished Ottoman Empire and subsequently against one another they anticipated many of the horrors of twentieth century warfare even as they produced the tense regional politics that helped spark World War I Bringing together an international group of scholars this volume applies the social and cultural insights of the new military history to revisit this critical episode with a central focus on the experiences of both combatants and civilians during wartime **Tropical Warfare in the Asia-Pacific Region, 1941-45** Kaushik Roy,2017-10-25 This is the first book to provide a comprehensive overview of the land war during the Second World War in South East Asia and the South and South West Pacific The extensive existing literature focuses on particular armies Japanese British American Australian or Indian and or on particular theatres the Philippines Papua New Guinea Malaya or Burma This book on the contrary argues that warfare in all the theatres was very similar especially the difficulties of the undeveloped terrain and that there was considerable interchange of ideas between the allied armies which enabled the spread of best practice among them The book considers tactics training technology and logistics assesses the changing state of the combat effectiveness of the different armies and traces the course of the war from the Japanese Blitzkrieg of 1941 through the later stalemate and the hard fought Allied fightback Although the book concentrates on ground forces due attention is also given to air forces and amphibious operations One important argument put forward by the author is that the defeat of the Japanese was not inevitable and that it was brought about by chance and considerable tactical ingenuity on the part of US and British imperial forces
