Easy Listening and Film Scoring 1948-78 Jack Curtis Dubowsky,2021-05-27 Composers arrangers conductors session musicians and executives worked in easy listening and scoring complicating an academic focus that lionizes film music while ignoring or deriding easy listening This book documents easy listening s connections with film music an aspect overlooked in

academic and popular literature Fueled by the rise of the LP and home entertainment easy listening became the largest midcentury commercial music market generating more actual income for the record business than 7 inch singles Easy listening roped in subgenres including classical baroque jazz Latin Polynesian exotica rock Broadway and R B appropriated and reinterpreted just as they were for cinema Easy listening provided opportunities in orchestral music for conservatory trained composers Major film composers such as Henry Mancini and Michel Legrand had a prodigious output of easy listening albums Critics fault easy listening for structural racisms overlooking its evolution and practitioners Easy listening helped destabilize a tripartite record business that categorized product as race records old time records or general popular music Charlie Parker s with Strings records altered the direction of jazz profoundly influencing other performers encouraging bold crosspollinations and making money The influence of technology and historical contexts of music for work and leisure are explored Original interviews and primary sources will fascinate scholars historians and students of cinema television film scoring and midcentury popular music [Index to Educational Overhead Transparencies](#) National Information Center for Educational Media,1975

Musical Listening in the Age of Technological Reproduction
 Gianmario Borio,2016-04-29 It is undeniable that technology has made a tangible impact on the nature of musical listening The new media have changed our relationship with music in a myriad of ways not least because the experience of listening can now be prolonged at will and repeated at any time and in any space Moreover among the more striking social phenomena ushered in by the technological revolution one cannot fail to mention music s current status as a commodity and popular music s unprecedented global reach In response to these new social and perceptual conditions the act of listening has diversified into a wide range of patterns of behaviour which seem to resist any attempt at unification Concentrated listening the form of musical reception fostered by Western art music now appears to be but one of the many ways in which audiences respond to organized sound Cinema for example has developed specific ways of combining images and sounds and more recently digital technology has redefined the standard forms of mass communication Information is aestheticized and music in turn is incorporated into pre existing symbolic fields This volume the first in the series Musical Cultures of the Twentieth Century offers a wide ranging exploration of the relations between sound technology and listening practices considered from the complementary perspectives of art music and popular music music theatre and multimedia composition and performance ethnographic and anthropological research
