## **The Muslims Of Burma The Study Of A Minority Group:**

**The Muslims of Burma: a study of a minority group**, by M. Yegar Moshe Yegar, **Between Integration and Secession** Moshe Yegar, 2002-01-01 Between Integration and Secession asks whether Muslim minorities can co exist with the majority and other cultures within non Muslim states Moshe Yegar s excellent new work examines the radicalization of Muslim communities during the nationalist fervor that swept southeast Asia in the aftermath of World War II The book s grand historical scope traces the theological and political impact of the postwar Islamic renaissance on the creation of Muslim separatist tendencies and heightened religious consciousness Drawing on a wealth of archival and secondary sources Yegar examines three cases of rebellion in Muslim minorities in the Philippines in Thailand and in Burma Myanmar He studies the communities struggle to define their aims be it for communal separation autonomy or independence and the means each has at their disposal to achieve them

**Myanmar's Rohingya Genocide** Ronan Lee, 2021-01-28 The genocide in Myanmar has drawn global attention as Nobel Peace Prize laureate Aung San Suu Kyi appears to be presiding over human rights violations forced migrations and extra judicial killings on an enormous scale This unique study draws on thousands of hours of interviews and testimony from the Rohingya themselves to assess and outline the full scale of the disaster Casting new light on Rohingya identity history and culture this will be an essential contribution to the study of the Rohingya people and to the study of the early stages of genocide This book adds convincingly to the body of evidence that the government of Myanmar has enabled a genocide in Rakhine State and the surrounding areas

**Myanmar's Enemy Within** Francis Wade, 2017-08-15 For decades Myanmar has been portrayed as a case of good citizen versus bad regime men in jackboots maintaining a suffocating rule over a majority Buddhist population beholden to the ideals of non violence and tolerance But in recent years this narrative has been upended In June 2012 violence between Buddhists and Muslims erupted in western Myanmar pointing to a growing divide between religious communities that before had received little attention from the outside world Attacks on Muslims soon spread across the country leaving hundreds dead entire neighbourhoods turned to rubble and tens of thousands of Muslims confined to internment camps This violence breaking out amid the passage to democracy was spurred on by monks pro democracy activists and even politicians In this gripping and deeply reported account Francis Wade explores how the manipulation of identities by an anxious ruling elite has laid the foundations for mass violence and how in Myanmar s case some of the most respected and articulate voices for democracy have turned on the Muslim population at a time when the majority of citizens are beginning to experience freedoms unseen for half a century

**The Longest Journey** Eric Tagliacozzo, 2013-04-25 A comprehensive history of the hajj from Southeast Asia from precolonial times to the present

**Myanmar's 'Rohingya' Conflict** Anthony Ware, Costas Laoutides, 2018-09-01 Offers new analysis of the complexities of the conflict and new insights into what is preventing a peaceful resolution to this intractable

*The Rohingyas* Azeem Ibrahim, 2018-02-01 According to the United Nations Myanmar s Rohingyas are one of

the most persecuted minorities in the world Only now has the media turned its attention to their plight at the hands of a country led by Nobel Peace Prize laureate Aung San Suu Kyi Yet the signs of this genocide have been visible for years For generations this Muslim group has suffered routine discrimination violence arbitrary arrest and detention extortion and other abuses by the Buddhist majority As horrifying massacres have unfolded in 2017 international human rights groups have accused the regime of complicity in an ethnic cleansing campaign against them Authorities refuse to recognise the Rohingyas as one of Myanmar's 135 national races denying them citizenship rights in the country of their birth and severely restricting many aspects of ordinary life from marriage to free movement In this updated edition Azeem Ibrahim chronicles the events leading up to the current final cleansing of the Rohingya population and issues a clarion call to protect a vulnerable little known Muslim minority He makes a powerful appeal to use the lessons of the twentieth century to stop this genocide in the twenty first

The Burmese Labyrinth Carlos Sardiña Galache, 2020-03-10 In 2011 Myanmar embarked in a democratic transition from a brutal military rule that culminated four years later when the first free election in decades saw a landslide for the party of celebrated Nobel Prize winner Aung San Suu Kyi Yet even as the international community was celebrating a new dawn old wars were raging in the northern borderlands A crisis was emerging in western Arakan state where the regime intensified its oppression of the vulnerable Muslim Rohingya community By 2017 the conflict had escalated into a military onslaught against the Rohingya that provoked the most desperate refugee crisis of our times as over 750 000 of them fled their homes to neighbouring Bangladesh In The Burmese Labyrinth journalist Carlos Sardiña Galache gives the in depth story of the country Burma has always been an uneasy balance between multiple ethnic groups and religions He examines the deep roots behind the ethnic divisions that go back prior to the colonial period and so shockingly exploded in recent times This is a powerful portrait of a nation in perpetual conflict with itself

Containing decolonisation Matthew Bowser, 2025-09-02 This book examines British imperialism in late colonial Burma to study how imperialists attempted to protect their strategic and economic interests after decolonisation they did so by supporting ethnonationalism This process resembles the Cold War tactic of containment and the book makes a crucial contribution to the study of modern imperialism by demonstrating the continuity between containment's late and neo colonial manifestations For Burma Myanmar it also explores the origin of the present day military junta's racial regime it emphasizes the protection of the ethnoreligious majority from ethnic minority insurgency The Rohingya people are currently suffering a genocide because of this racial regime As the country endures civil war against the junta this book highlights how ethnonationalists in the late colonial period first promoted this racial regime to seize power and prevent revolution a process supported by British imperialists for their own ends

**Burmese Lives** Eric Tagliacozzo, Wen-Chin Chang, 2014-05 This volume explores the life stories of ordinary Burmese by drawing on the narratives of individual subjects and using an array of interdisciplinary approaches The constituted stories highlight the protagonists survival strategies in everyday life that demonstrate their constant courage and

frustration in dealing with numerous social injustices and adversities

**Refugee Pathways to Freedom** Janet Mancini Billson, 2024-03-18 Janet Mancini Billson provides extended interviews with Russian Bhutanese Rohingya and Kurdish refugees and the resettlement workers who smooth their transition into Canada in order to paint a complex picture of creating a new life in a new land Refugee Pathways to Freedom Escaping Persecution and Statelessness shows how the agonies of losing one's home and leaving loved ones behind are coupled with the dangers of escaping into unknown territory and that those who make the journey to freedom know that the dream of a safe and secure future is fraught with risks and disappointment She argues that refugees and refugee agencies bring powerful ideas for revamping an overwhelmed global system that freezes victims of persecution in years of political and emotional limbo She examines how shrinking refugee flows by addressing root causes of displacement is critical but so is speeding up selection processes to reduce despair and lost years She further posits that drastically limiting time in refugee camps would prevent counterproductive education and work gaps and that reducing language barriers to employment ensures well being and successful integration

**The Rohingya Crisis** Norman K. Swazo, Sk. Tawfique M. Haque, Md. Mahbubul Haque, Tasmia Nower, 2020-10-28 This book provides a history of the ethnic persecution of the Rohingyas in Myanmar and their disputed ethnic and national identity It focuses on how the crisis has morphed into a geopolitical encounter among Bangladesh China India and Myanmar It further explores the moral ethnographic and public policy issues in the humanitarian response to the crisis of the Rohingya people The volume analyzes the question of citizenship for the Rohingyas by analyzing historical documents and interviews which chronicle the status and identity of the community and their past involvement in the government and politics of Myanmar The authors focus specifically on the changing geopolitical context of state formation in South Asia and the tense relationships between Myanmar and its neighbours Bangladesh China and India The book examines the alliances and disputes in the South and Southeast Asia region which are predicated on economic and strategic gains and their impact on the Rohingya crisis It also looks at the failure of bilateral and multilateral negotiations among these countries to adequately address or alleviate the plight of the stateless Rohingyas This volume will be of great interest to scholars and researchers of international studies peace human rights and conflict studies sociology ethnic studies border studies migration and diaspora studies discrimination and exclusion studies public policy and Asian Studies It will also be useful for professionals working in the media nongovernmental organizations NGOs think tanks and policy makers as well as general readers interested in the history of the persecution of the Rohingya people

*Hope Behind Bars* Sanjoy Hazarika, Madhurima Dhanuka, 2022-01-05 A piercing portrait of the injustices of the Indian prison system For decades the narratives around prisoners in India have perpetuated arbitrary notions of the good and bad citizen Stories about Indian prisons rarely make it to public notice from deplorable living conditions lack of medical care and legal support to intense mistreatment violence and all manner of horrific abuse Despite the mounting evidence any attempts to study the systemic frailties and chilling injustices that abound

within a prison complex have been few and far between In Hope Behind Bars editors Sanjoy Hazarika and Madhurima Dhanuka draw upon extensive research identifying prisoners and ex prisoners their families and associates and gathering first person experiences about the Indian prison system With ten essays contributed by subject specialists including a former Supreme Court judge lawyers inmates prison officials and activists on a range of issues such as the rights of prisoners the journey to justice in the controversial Hashimpura killings case and life in a detention centre this essential collection brings prisoners lives and liberties to the heart of public debate and policies presenting accounts of how hope can flower in the most unlikely places Searing and thought provoking it provides the reader with valuable insight into the vexed idea of incarceration and delivers a necessary human document of the true face of justice behind bars in our country **The Range**

**of the River** Iftekhar Iqbal, 2025-12-02 Spanning nearly 4 million square kilometers the Tibetan river system including the Brahmaputra Irrawaddy Salween Mekong Red and Yangzi forms the largest contiguous network of rivers on the planet stretching across eastern South Asia mainland Southeast Asia and southern China The Range of the River uncovers the entwined histories of these vast waterways and the empires human actors and other than human forces that have shaped Asia since the 1850s Both ethnodiverse and biodiverse these rivers were more than contested imperial spaces they were also channels of communal and material exchange linking near and distant contact zones They fostered connections across Asia driving commerce mobility and cultural encounters that transformed them into shared living commons bridging societies political powers and economic interests Tracing six major rivers across eight countries Iftekhar Iqbal argues that these river systems formed the core of a discursive space where empires regional political forces ethnic groups boaters peddlers explorers merchants and mules encountered each other in layered meanings and movements This groundbreaking book reimagines the river not as merely a tool of empire but as a dynamic force in itself shaping a truly transregional Asia By weaving together diverse riverine life worlds The Range of the River invites us to rethink Asia's spatial history *Malay*
