Hub Robert Herring,1982-10 Virgil's Homeric Lens Edan Dekel,2012-01-25 Virgil's Homeric Lens reevaluates the traditional view of the Aeneid's relationship to Homer's Iliad and Odyssey Almost since the death of Virgil there has been an

assumption that the Aeneid breaks into two discrete halves Virgil's Odyssey and Virgil's Iliad Although modified in various ways over the centuries this neat dichotomy has generally diminished the complexity and resonance of the connection between the two canonical epic poets This work offers an alternate approach in which Virgil uses the transformative power of the Odyssey as a precise filter through which to read the Iliadic experience By examining the ways in which Virgil bases his own epic project on the dynamic interaction between the two Homeric poems themselves Edan Dekel proposes a system in which the Aeneid uses the Odyssey both as a conceptual model for writing an intertextual epic and as a powerful refracting lens for the specific interpretation of the Iliad and its consequences. The traditional view of the Homeric poems as static sources for the construction of distinct Odyssean and Iliadic halves of the Aeneid is supplanted by an analysis which emphasizes the active and persistent influence of the Odyssey as a guide to processing the major thematic concerns of the Iliad and exploring the multiple aftermaths of the Trojan war The Age of Zeus James Lovegrove, 2010-03-30 The Olympians appeared a decade ago living incarnations of the Ancient Greek gods on a mission to bring permanent order and stability to the world Resistance has proved futile and now humankind is under the jackboot of divine oppression Until former London police officer Sam Akehurst receives an invitation too tempting to turn down the chance to join a small band of guerrilla rebels armed with high tech weapons and battlesuits Calling themselves the Titans they square off against the Olympians and their ferocious mythological monsters in a war of attrition which some will not survive *Tales from the* Vulgar Unicorn Robert Asprin, 1983-11-15
