The Imperiled Economy II Through The Safety Net:

Shelter Poverty Michael Stone, 2010-08-12 the most original and profoundly disturbing work on the critical issue of housing affordability Chester Hartman President Poverty and Race Research Action Council In Shelter Poverty Michael E Stone presents the definitive discussion of housing and social justice in the United States Challenging the conventional definition of housing affordability Stone offers original and powerful insights about the nature causes and consequences of the affordability problem and presents creative and detailed proposals for solving a problem that afflicts one third of this nation Setting the housing crisis into broad political economic and historical contexts Stone asks What is shelter poverty Why does it exist and persist and How can it be overcome Describing shelter poverty as the denial of a universal human need Stone offers a quantitative scale by which to measure it and reflects on the social and economic implications of housing affordability in this country He argues for the right to housing and presents a program for transforming a large proportion of the housing in this country from an expensive commodity into an affordable social entitlement Employing new concepts of housing ownership tenure and finance he favors social ownership in which market concepts have a useful but subordinate role in the identification of housing preferences and allocation Stone concludes that political action around shelter poverty will further the goal of achieving a truly just and democratic society that is also equitably and responsibly productive and prosperous

Imperiled Economy I Robert Cherry, 1987-01-01 **The Imperiled Economy: Macroeconomics from a Left perspective**, 1987 **Beyond Survival** Cyrus Bina, Laurie M. Clements, Chuck Davis, 2016-09-16 This text uses an innovative approach to the dynamics of labour's decline and proposes policy initiatives necessary for its revitalization The book emphasises the need for restructuring of capitalism on a global scale and challenges traditional economic and industrial relations wisdom

Accumulation and Power Richard B. DuBoff, 2016-07-22 *Accumulation and Power* analyses America's economic development across three great waves of economic expansion the Grand Traverse 1850 1900 the New Era 1916 1929 and the Great Postwar Boom 1945 1972 Drawing on the work of Keynes Schumpeter Marx it departs radically from the new economic history model focusing instead on capitalist decision making and its social consequences It argues that the accumulation process is far more important than competitive markets in explaining resource allocation and growth This innovative book is essential reading for all students and scholars of American economic history

[Global Production and Domestic Decay](#) Brian D. Phillips, 2021-12-12 First Published in 1942 Phillips has written an important study covering three areas three areas theoretical empirical and public policy This book explores some of the explanations for and consequences of globalized production by transnational corporations A review of the theoretical underpinnings of the reasons for corporate overseas expansion precedes a discussion of transnational corporation overseas production facilities The literature reviewed supports the position that the exodus of manufacturing capital has been assisted by state policy which has encouraged capital flight and that corporate efforts to downsize manufacturing operations in the United States have added to corporate

profitability and championed profits over the strengthening the domestic economy

Political Economy and Contemporary Capitalism Ron P. Baiman, Heather Boushey, Dawn Saunders, 2015-02-12 This volume covers the theoretical method macroeconomics microeconomics international trade and finance development and policy of economic theory It incorporates various alternative approaches as well as a broad spectrum of policy issues

Leading Contemporary Economists Steven Pressman, 2008-10 This collection of essays offers an extensive critical review of the major contributions of key figures in contemporary heterodox economics including comprehensive bibliographies of their writings and lists of vital secondary material

Understanding Globalization Robert K. Schaeffer, 2003 This best selling text vividly shows how political and economic changes affect people's lives in different settings around the world Globalization the author argues is not completely new Instead the current wave of globalization builds on international institutions created just after World War II and was given new impetus by policies introduced in the 1970s and 80s The new edition has five new chapters as well as updates and changes throughout Visit our website for sample chapters

Race, Gender, and Work Teresa L. Amott, Julie A. Matthaei, 1996 An outgrowth of Boston's Economic Literacy Project of Women for Economic Justice this new edition traces the economic and social histories of working women in America The history documents the paid and unpaid work done by American Indian Chicana European American African American and Puerto Rican women from each group's cultural beginnings pre colonialization to the most contemporary analysis of present day wage statistics The appendices supply US census sources occupational categories and labor force participation rates from 1900 to 1980 Includes statistical tables Annotation copyright by Book News Inc Portland OR
