Initiative and Referendum: An alternative way to legislate!

Based on the example of California, where the people have not delegated the legislative power completely to deputies

The Initiative And Referendum In California

California

The Initiative And Referendum In California:

The Initiative and the Referendum in California Valdimer Orlando Key, Winston Winford Crouch, 1939 *The Initiative and Referendum in California* Winston Winford Crouch, 1950 *The Initiative and Referendum in California* John Randolph Haynes and Dora Haynes Foundation, Winston Winford Crouch, 1939 **The Initiative and Referendum in California, 1898-1998** John M. Allswang, 2000-07-01 This book provides a detailed analytic history of direct legislation the initiative and referendum in California from its origins in the late nineteenth century to the present day California was one of the first states to implement mechanisms for direct legislation and these mechanisms have been used with growing frequency as the entire process has become professionalized from signature gathering through fund raising to legal challenge and defense The author studies this important political device in terms of voter interest and behavior its role in public issues and how it has affected the state s politics and government The book first analyzes how and why direct legislation came to California seeing it as a typical example of the disconnected nature of progressive era reforms It then studies selectively from among the 300 propositions that have been on California ballots those propositions that have been most relevant to the major issues of their time have generated the highest levels of voter interest and participation and have shaped the development of state politics and government The author pays particular attention to the explosion of direct legislation in frequency and consequence since the Proposition 13 property tax revolution of 1978 He also describes how California s contemporary direct legislation experience from tax rebellion to harsher criminal justice to controversial ethnic issues has had national ramifications The book concludes with a careful analysis of the current state of the initiative and referendum in California voter attitudes toward the process its role as a fourth branch of government and arguments for and against changes in the procedure Based on extensive research in campaign documents manuscript collections the contemporary press and other primary sources the book also makes extensive use of voting data public opinion polls and official filings of campaign expenditures All in all it is the most comprehensive study ever made of a political process that is used today in twenty seven states *Provisions of the Constitution and Statutes of California Governing the Submission of Measures to the Whole People by the Initiative and Referendum* California, 1917 **The Initiative** Joseph F. Zimmerman, 2014-10-07 The initiative is the product of the populist movement which in the late nineteenth century sought to increase voter control of what were viewed as unrepresentative state and local governments Today twenty four states allow registered voters to place proposed state laws on the referendum ballot and eighteen states authorize voters to place proposed state constitutional amendments on the referendum ballot by collecting a specified number of valid voter signatures Numerous local governments have a charter provision or a state law provision allowing voters to employ the popular lawmaking device In *The Initiative* Second Edition Joseph F Zimmerman traces the origin and spread of the initiative in the United States The initiative has been a controversial device since first being introduced in South Dakota in 1898 with arguments both in support and in opposition Zimmerman examines and

evaluates both the legal foundation of the initiative and the arguments against its use He then concludes with a chapter that develops model constitutional statutory and local government charter provisions to assist jurisdictions and their voters contemplating adoption of the initiative or amendment of already existing constitutional statutory and charter initiative provisions The Use of the Initiative and Referendum in California, 1911-1934 ,1935* **The Medico-legal Journal** ,1913 **The American Federationist** ,1912 Includes separately paged Junior union section **State and Local Government in California** Winston W. Crouch,
