Marcia Graham Synnott

The Iww And The Paterson Silk Strike Of 1913:

The I.W.W. and the Paterson Silk Strike of 1913 Anne Huber Tripp,1987 The Paterson New Jersey silk strike of 1913 was one of the most important strikes of the American labor movement It lasted over five months and involved more than 25 000 silk workers but failed despite the commitment and leadership of the Industrial Workers of the World Anne Tripp explores the reasons for the failure as well as the strike s effect on the future of both Paterson and the I W W Jacket **The**

I.W.W. and the Paterson Silk Strike of 1913 Marcia Graham Synnott,1961 The Fragile Bridge Steve Golin,1988 In this full length study of the 1913 Paterson silk strike Steve Golin examines the creative collaboration between the silk workers organizers from the Industrial Workers of the World and Greenwich Village intellectuals Although the strike was defeated this alliance could become a model for the American left because it suggests the possibilities of connecting economic political and cultural struggles Combining perspectives from labor history social history and intellectual history Golin argues that while the silk workers began the 1913 strike and controlled it themselves the IWW helped them create institutions that supported the strike and reinforced its radically democratic character The deadlock in Paterson dictated the need for a bridge to New York that was facilitated by a growing mutual trust between the Wobblies and intellectuals from Greenwich Village At the height of the struggle the IWW and the Village radicals joined the workers in presenting a powerful strike pageant in Madison Square Garden The story of the 1913 silk strike is important because it challenges long held conservative assumptions about labor history including the elitist role of skilled workers the bureaucratic function of union organization and the irrelevance of intellectuals Although the strikers were ultimately defeated the strike s failure had more damaging consequences for the IWW and the intellectuals than for the workers themselves and Golin views this loss as a major turning point for the American left Author note Steve Golin is Professor of History at Bloomfield College in New Jersey
