The mining frontier: contemporary accounts from the American West in the nineteenth century Marvin Lewis, **The Saloon on the Rocky Mountain Mining Frontier** Elliott West, 1996-09-01 Elliott West's careful analysis of the role and development of the saloon as an institution on the mining frontier provides unique insights into the social and economic history of the American West Drawing on contemporaneous newspapers and many unpublished firsthand accounts West shows that the physical evolution of the saloon from crude tents and shanties into elegant establishments for drinking and gaming reflected the growth and maturity of the surrounding community **The Mining Frontier** Marvin Lewis, 1967

Donald Chaput, 1995 Forced to leave the Ireland they loved during the Famine the Cashmans quickly took to the ways of the New World After some years in Boston and San Francisco Nellie chose the mining camps of Nevada and British Columbia for her first restaurant hotel and mining ventures She then spent more than a decade in the mining centers at Tombstone Bisbee Nogales Kingston and other Southwest boom towns By the late 1890s Nellie Cashman had been in boom and bust in a dozen frontier communities for twenty five years Yet this was the beginning not the end of her quest for the gold and silver riches of the West In 1898 she was off to the Klondike where she operated restaurants and ran her own placer operations for six years winning and losing a few fortunes She then abandoned the civilization of the Yukon and headed into the Koyukuk River basin of Alaska north of the Arctic Circle the world's most northern gold mines She persevered in this challenging environment until her death in 1925 Author Chaput interprets the volatile ever changing life of this frontier stampeder with the use of court cases tax records newspaper accounts mining and geological literature and the voluminous Cashman Papers held by the Sisters of St Ann in Victoria stalwart friends of Nellie for fifty years BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The Mining Frontier of South Dakota, 1874-1877 Lawrence E.

promoters gamblers camp followers roughs lawmen and anarchists among others converged upon this unlikely plot of sand and Joshua trees from every corner of the earth The saga that ensued is first rate It tells the story of ordinary people their everyday lives hopes loves and dilemmas as well as the fates of the newly crowned nabobs who could wager a fortune on the turn of a roulette wheel Hell-roaring Goldfield passed through the same stages of boom industrialization and decline as its mining camp predecessors but with some significant differences Greed knew no bounds waves of epidemic disease and violent death swept the city mining stock speculation reached new heights and the tycoon who rose to the top the ruthless ex-gambler George Wingfield dominated Nevada for years to come In other ways as well the last boomtown cast a long shadow over the future Goldfield played a key role in the nineteenth-century mining boom that reversed twenty years of depression and decline in a severely depopulated state and assured the triumph of mining-camp ideology over other value systems Along with its careless bravado that ideology meant unfettered individualism and the primacy of materialism over moral values It meant a restless search for excitement in the saloons forerunners of today's casinos and second only to the mines in economic importance Above all it meant getting rich and getting out leaving others to pay the price
