The Minor Arcanes:

The Key to the Minor Arcana in the Tarot Papus, Dr Gerard Encausse, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world's literature in affordable high quality modern editions that are true to the original work *Origins of the Minor Arcana* Ben Hoshour, 2020-06-12 Origins of the Minor Arcana the first volume in the Learn Authentic Tarot series presents the true story behind the ancestry of the Tarot's much neglected Minor Arcana which is to be found in the symbolism culture and gaming traditions of Asia and the Middle East In doing so it abolishes the numerous occult myths surrounding the Tarot that have been promulgated from the late 18th century right up to the present day Origins of the Minor Arcana provides a new foundation by which to understand the development of the Tarot one grounded in historical scholarship and careful research Set against the backdrop of humankind as Homo symbolicus symbolic man and Homo ludens playful man this volume illustrates how the gradual evolution of symbolic expression together with the integral nature of play in human culture ultimately led to the invention of playing cards and their transmission across the Eurasian landscape and into Europe These early ancestors served as the foundation for the creation of all European playing cards including the Tarot and are the source of its four suit system Lavishly illustrated and beautifully presented this volume contains a sizable collection of stunning color photos including a full presentation of the Tarot's direct ancestors the Chinese Money cards and the Mamluk deck Heavily researched but eminently readable this scholarly account of the Tarot's Minor Arcana is the definitive work on the early formative history of the Tarot **The Tarot Minor Arcana: Learning the cards without memorizing their meaning** Antares Stanislas, 2016-09-22 Yet another work by Antares Stanislas famous card reader and astrologer The Tarot Minor Arcana Learning the cards without memorizing their meaning This book is the second integral part of the complete text of The Tarot the prediction of the future and is appropriate for those who just want to complete the part concerning the Minor Arcana The text maintains its professionalism in its discussion of the concepts and sets the goal of bringing its readers into the world of the Tarot through a book that is easy to read As always the title is original for the author's works because he in his practice receives invitations from his own clients and acquaintances to write works that fill the gap for those who want to practice or to go into this field The problem with many and by no means a secondary one is that of memorizing the many meanings of the Tarot The author has taken on the burden and the honor to help fill this gap Following this book on the Minor Arcana is its correspondent volume on the Major Arcana 109 pp second edition Antares Stanislas has been an astrologer card reader and researcher for over 20 years Website Astroamore2000 altervista.org **The Tarot Court Cards** Kate Warwick-Smith, 2003-05-05 A detailed interpretive guide to the 16 face cards of the tarot that reveals their core identities and special purpose in a person's life The first tarot book to focus exclusively on

36 Secrets T. Susan Chang, 2025-03-17 The minor arcana of the tarot have an astrological secret 36 of them in fact In the early 20th century members of the British secret society of the Golden Dawn created what would become the world's best known tarot deck the Rider Waite Smith tarot They also created an infrastructure of esoteric correspondences around the deck assigning each minor card numbered 2 through 10 in each of the four suits to a decan a 10 section of the zodiac and by extension a 10 day section of the calendar year For magical practitioners these decans have a deep and lasting relevance their mythic history their imagery and their use in talismanic work date back millennia In our time the yearlong decan walk has become a means of honoring that occult legacy a way of experiencing firsthand the qualities reflected in each of these cosmic windows 36 Secrets is the chronicle of one such walk taken by T Susan Chang in the period from March 2019 to March 2020 It explores the ways tarot and decan imagery overlap and depart from one another and the metaphorical language they share Beyond that it is a deep excavation of the meaning to be found in the minor arcana or Lesser Secrets and one practitioner's heartfelt contribution to the lore and mythic legacy of the cards

Origins of the Tarot's Minor Arcana Benjamin Hoshour,2020-04-14 Today the Tarot is largely associated with divinatory practices western ceremonial magic and as a primary element in the New Age Spirituality complex Central to these associations is the Tarot s trump suit consisting of twenty two symbolic images whose original 15th century meaning has been whitewashed by the Tarot s occult pseudo history The trump suit Major Arcana however is only one of two components making up the Tarot the other being its regular pack or Minor Arcana This one of a kind volume deals with the ancestry of the much neglected Minor Arcana showing that it developed as a unique variant of European playing cards which were themselves the inheritance of a much older and richer Chinese and Islamic heritage In

Tarot Ancestors Ben Hoshour examines the untold story of the Asian and Islamic influences leading up to the creation of European playing cards specifically the Chinese money cards and the Mamluk deck His treatment is a needed one going a long way towards dispelling the numerous origin myths surrounding the Tarot and placing it firmly back within its historical roots These early developments are framed within the larger story of humankind as Homo symbolicus symbolic man and Homo ludens playful man in order to show that playing cards were the direct result of humankind s innate propensity to play and communicate symbolically This volume also serves as an indispensable guidebook to the cards of the the Chinese money pack and the Mamluk deck This short landmark work delves deeply into the mysteries of both packs revealing the origin of the four suit system in the Chinese pack and foundation for the European suit signs in the Mamluk deck Each of these packs including their suit signs i e symbols developed as a unique combination of the symbolic and ludic i e relating to games elements of the culture in which they were created a process that would be repeated with European cards including the Tarot Origins of the Minor Arcana is the definitive popular work on the early formative history of the Tarot s Minor Arcana This knowledge that will deepen and enrich your understanding and appreciation of the most neglected masterpiece of the Italian Renaissance
