*Oklahoma City's Mid-Century Modern Architecture* Lynne Rostochil, 2017-10-23 From its very first land run days in 1889 Oklahoma City has been a mecca for daring men and women intent on transforming the flat grassy prairie into a thoroughly modern metropolis This risk taking ethic came to beautiful fruition after World War II when several enterprising young architects many of whom were students of the mighty Bruce Goff at the University of Oklahoma rejected traditional styles and approaches and enthusiastically embraced more modern forms in their sleek ambitious building designs The result is a vast collection of bold mid century modern structures that span every function and budget from the giant egg shaped First Christian Church to the modest but equally dramatic Neptune Subs building to homes like the spiral shaped Zuhdi House This book celebrates Oklahoma City's unique built landscape and the minds behind our best architectural treasures

**Mid-Century Modern Interiors** Lucinda Kaukas Havenhand, 2019-01-24 Mid Century Modern Interiors explores the history of interior design during arguably its most iconic and influential period The 1930s to the 1960s in the United States

was a key moment for interior design. It not only saw the emergence of some of interior design's most globally important designers, it also saw the field of interior design emerge at last as a profession in its own right. Through a series of detailed case studies, this book introduces the key practitioners of the period: world renowned designers including Ray and Charles Eames, Richard Neutra, and George Nelson, and examines how they developed new approaches by applying systematic and rational principles to the creation of interior spaces. It takes us into the mind of the designer to show how they each used interior design to express their varied theoretical interests and reveals how the principles they developed have become embodied in the way interior design is practiced today. This focus on unearthing the underlying ideas and concepts behind their designs, rather than on the finished results, creates a richer, more conceptual understanding of this pivotal period in modernist design history. With an extended introduction setting the case studies within the broader context of twentieth century design and architectural history, this book provides both an introduction and an in-depth analysis for students and scholars of interior design, architecture, and design history.

**Mid-Century Modern - Visionary Furniture Design from Vienna** Caroline Wohlgemuth, 2021-12-31 Visionary furniture design from Vienna. In 1938 Vienna lost its best and most creative minds. This rupture was manifested in all of the arts and sciences, and its mark is felt to this day, not least in the field of furniture design. With inexhaustible creativity, the Jewish furniture designers who were forced to flee Vienna continued to work while in exile. They taught at the best universities and spread their ideas and vision throughout the entire world. Their creations became classics of twentieth century furniture design, the epitome of mid-century modern style. This book honors the memory of the exiled designers with a thorough overview of their work. It details their life stories and their visionary designs, which remain as relevant and contemporary as ever, and brings to light new aspects of the history of Viennese furniture design. A new history of Viennese furniture design with 27 detailed biographies. Numerous previously unpublished photographs and sketches. Including works by Friedl Dicker, Brandeis, Martin Eisler, Josef Frank, Friedrich Kiesler, Richard Neutra, Bruno Pollak, Margarete Schütte-Lihotzky, Franz Singer, Ernst Schwadron, among others.

**The Museum of Modern Art in this Century** Glenn D. Lowry, 2009 In the eighty years since The Museum of Modern Art was founded, contemporary art has been completely transformed from a movement appreciated by a few to a cosmopolitan globe spanning multidisciplinary undertaking that permeates every corner of culture. In *The Museum of Modern Art in This Century*, MoMA Director Glenn D. Lowry explores that Museum as a place instrumental in that revolution, a place where art history is constantly revisited and the new is examined and embraced. Book Jacket
