The Modern History of China Henry McAleavy, 1967 Modern China Rana Mitter, 2016-02-25 China today is never out of the news from international finance to human rights controversies global coverage of its rising international presence and the Chinese economic miracle It seems to be a country of contradictions a peasant society with some of the world s most futuristic cities heir to an ancient civilization that is still trying to find a modern identity This Very Short Introduction offers the reader an entry to understanding the world's most populous nation giving an integrated picture of modern Chinese society culture economy politics and art In this new edition Rana Mitter addresses China's current global position accounting for the country's growth in global significance over the past decade ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable The Modern History of China Henry China Michael Dillon, 2021-07-15 In this complete guide to modern China Michael Dillon takes students Macaleavy, 1975 through its social political and economic changes from the Qing Empire through the civil war and the Communist state to its incarnation as a hybrid capitalist superpower Key features of the new edition include A brand new chapter on the Xi Jinping premiership Coverage of the recent developments in Hong Kong Unique analysis of Tibet and Xinjiang Teaching aides including biographies of leading figures timelines and a glossary Clearly and compelling written this textbook is essential for any student of the history or politics of modern China The Search for Modern China Jonathan D. Spence, 1990 Covering more than four centuries of Chinese history this work chronicles the various dynasties the ideas of reformist Confucian scholars and China's poets novelists artists students and leaders A History of Modern Shanghai Banking: The Rise and Decline of China's Financial Capitalism Ji Zhaojin, 2016-07-08 As the center of capitalism in China Shanghai banking provides a unique perspective for assessing the impact of the changes from financial capitalism to socialist planning banking in the early 1950s and for evaluating the reform of China's banking system since the 1980s This book offers a comprehensive history of Shanghai banking and capital markets from 1842 to 1952 and illustrates the non financial elements that contributed to the revolutionary social and financial changes since the 1950s as well as financial experiences that are significant to China's economic development today The book describes the rise and fall of China's traditional native banks the establishment of foreign banks and the creation of modern state banks while focusing on the colorful world of banking finance and international relations in modern Shanghai It assesses the Chinese government s intervention in banking and finance during the Qing dynasty and the Republican era as well as the concept of state capitalism after the establishment of the People's Republic The author examines various modern style Chinese banks through fascinating stories of Shanghai bankers In addition she provides detailed coverage of market oriented international trade banking associations the conflicts

between state and society the government involvement in business the management of foreign exchange joint venture banks wartime banking and finance hyperinflation corruption and banking nationalization Contemporary Studies on Modern Chinese History Zeng Yeying, 2021-03-15 The study of modern Chinese history has developed rapidly in recent decades and has seen increased exploration of new topics and innovative approaches Resulting from a special issue of Modern Chinese History Studies this set is devoted to showcasing the healthy development of Chinese modern history studies and has already been revised twice in the original language This three volume set exhibits major achievements on the study of modern Chinese history and shows how the role of history was in debate transformation and re evaluation throughout this tortuous yet prosperous period Articles on 23 different topics are collected from over 30 prominent historians in order to represent their insights on the developmental paths of Chinese historical studies Drawing on a large number of case studies of critical historical events that contribute to the establishment of the People's Republic of China this set offers a panoramic view on the studies of modern Chinese history In addition it incorporates more pioneering topics such as intellectual history cultural history and translations of overseas studies on contemporary Chinese history This set will be a valuable reference for scholars and students of Chinese history The Oxford History of Modern China Jeffrey N. Wasserstrom, 2022-01-27 excellent LSE Review of Books China is the world's most populous country and newest superpower whose place on the international stage can only be understood through the lens of its modern history. The Oxford History of Modern China is essential reading for anyone who wants to understand this rising power in what promises to be the Chinese century Covering the period of dramatic shifts and surprising transformations which comprise China's modern history the book spans from the founding of the Qing Dynasty 1644 1912 to the present day It introduces readers to important but often overlooked events in China s past such as the bloody Taiping Civil War 1850 1864 and also sheds new light on more familiar landmarks in Chinese history such as the Opium War 1839 1842 the Boxer Uprising of 1900 the rise to power of the Chinese Communist Party in 1949 the Tiananmen protests and Beijing Massacre of 1989 and China's rise to economic superpower status in the 21st century A new chapter for this edition brings the story into the era of Xi Jinping The Modern History of China Li Chang, 2006 China and Historical Capitalism Timothy Brook, Gregory Blue, 2002-09-05 This book addresses the historical relationship that has arisen between the concept of capitalism and the idea of China Formulated by European intellectuals in order to identify the social formation in which they found themselves capitalism was portrayed as unique to Europe and as an organic outgrowth of Western civilization In this way China was rejected as a model of civilization and seen merely as despotic feudal or stagnant This Eurocentric judgement has hung over all subsequent thinking about China even influencing Chinese perceptions of their own history The aim of this collaborative project is to examine how the experience of capitalism as a European social formation and as a world system has shaped knowledge of China In addition the volume aims to establish new foundations on which a theory of Chinese society might be built in order to perceive and understand Chinese The Oxford Illustrated History of Modern China Jeffrey N. Wasserstrom, 2016-06-16 This lavishly illustrated volume explores the history of China during a period of dramatic shifts and surprising transformations from the founding of the Qing Dynasty 1644 1912 through to the present day The Oxford Illustrated History of Modern China promises to be essential reading for anyone who wants to understand this rising superpower on the verge of what promises to be the Chinese century introducing readers to important but often overlooked events in China's past such as the bloody Taiping Civil War 1850 1864 which had a death toll far higher than the roughly contemporaneous American Civil War It also helps readers see more familiar landmarks in Chinese history in new ways such as the Opium War 1839 1842 the Boxer Uprising of 1900 the rise to power of the Chinese Communist Party in 1949 and the Tiananmen protests and Beijing Massacre of 1989 This is one of the first major efforts and in many ways the most ambitious to date to come to terms with the broad sweep of modern Chinese history taking readers from the origins of modern China right up through the dramatic events of the last few years the Beijing Games the financial crisis and China's rise to global economic pre eminence which have so fundamentally altered Ten Lessons in Modern Chinese History Zheng Western views of China and China's place in the world Yangwen, 2018-04-25 This book is a timely and solid portrait of modern China from the First Opium War to the Xi Jinping era Unlike the handful of existing textbooks that only provide narratives this textbook fashions a new and practical way to study modern China Written exclusively for university students A level or high school teachers and students it uses primary sources to tell the story of China and introduces them to existing scholarship and academic debate so they can conduct independent research for their essays and dissertations This book will be required reading for students who embark on the study of Chinese history politics economics diaspora sociology literature cultural urban and women s studies It would be essential reading to journalists NGO workers diplomats government officials businessmen and travellers The Modern History of **China** Henry Macaleavy, 1968 Early Modern China and Northeast Asia Evelyn S. Rawski, 2015-06-05 In this

revisionist history of early modern China Evelyn Rawski challenges the notion of Chinese history as a linear narrative of dynasties dominated by the Central Plains and Hans Chinese culture from a unique peripheral perspective Rawski argues that China has been shaped by its relations with Japan Korea the Jurchen Manchu and Mongol States and must therefore be viewed both within the context of a regional framework and as part of a global maritime network of trade Drawing on a rich variety of Japanese Korean Manchu and Chinese archival sources Rawski analyses the conflicts and regime changes that accompanied the region s integration into the world economy during the sixteenth and seventeenth centuries Early Modern China and Northeast Asia places Sino Korean and Sino Japanese relations within the context of northeast Asian geopolitics surveying complex relations which continue to this day

The ALA Guide to Researching Modern China Yunshan Ye,2014-03-28 Covering modern China not just Chinese culture from an historical perspective this important new book fills a sizeable gap in the literature **Reinventing Modern China** Huaiyin Li,2012-10-31 This work offers the first systematic analysis of writings on modern Chinese history by historians in China from the early twentieth century to the present It traces the construction of major interpretive schemes the evolution of dominant historical narratives and the unfolding of debates on the most controversial issues in different periods Placing history writing in the context of political rivalry and ideological contestation Huaiyin Li explicates how the historians dedication to faithfully reconstructing the past was compromised by their commitment to an imagined trajectory of history that fit their present day agenda and served their needs of political legitimation Beginning with an examination of the contrasting narratives of revolution and modernization in the Republican period the book scrutinizes changes in the revolutionary historiography after 1949 including its disciplinization in the 1950s and early 1960s and radicalization in the rest of the Mao era It further investigates the rise of the modernization paradigm in the reform era the crises of master narratives since the late 1990s and the latest development of the field Central to the author's analysis is the issue of truth and falsehood in historical representation Li contends that both the revolutionary and modernization historiographies before 1949 reflected historians lived experiences and contained a degree of authenticity in mirroring the historical processes of their own times In sharp contrast both the revolutionary historiography of the Maoist era and the modernization historiography of the reform era were primarily products of historians ideological commitment which distorted and concealed the past no less than revealed it In search of a more effective approach to rewriting modern Chinese history Reinventing Modern China proposes a within time open ended perspective which allows for different directions in interpreting the events in modern China and views modern Chinese history as an unfinished process remaining to be defined as the country entered the twenty first century Chinese Communist Studies of Modern Chinese History Albert Feuerwerker, S. Cheng, 1961 Preliminary Material General Works The Ming and Ching Dynasties The Republic Economic History Intellectual and Cultural History Reference Works List of Publishers Index A New Modern History of East Asia Eckhardt Fuchs, Tokushi Kasahara, Sven Saaler, 2017-12-04 For

decades historians and societal forces have campaigned for rapprochement reconciliation and dialogue between East Asian nations This book is a result of these efforts Debates regarding the interpretation of the modern history of East Asia continue to affect bilateral relations between the states of the region History education has become a particularly controversial issue in this context This book s main message is that a common understanding regarding the history of East Asia is possible even though some differences remain It is not only a major contribution to reconciliation in the region but as the first textbook on the history of East Asia written collaboratively by scholars from three East Asian countries it is also highly recommended for use in an anglophone teaching environment The authors are a group of historians teachers and concerned citizens from China Japan and South Korea Text and Context in the Modern History of Chinese Religions Philip Clart, David Ownby, Chien-chuan Wang, 2020-02-17 Text and Context in the Modern History of Chinese Religions Redemptive Societies and Their Sacred Texts is an edited volume Philip Clart David Ownby and Wang Chien chuan offering eight essays on the modern history of redemptive societies in China and Vietnam by an international cast of scholars The focus of the volume is on the texts produced by the various groups examining questions of textual production spirit writing textual traditions how to modernize traditional discourse textual authority the role of texts in making a master a master and the distribution of texts via China's experience of print capitalism Throughout the goal is to explore in depth what some scholars have called the most vital aspect of Chinese religion during the Republican period
