The Modernist Movement in Brazil John Nist, 2014-11-06 Ask an authority on Brazilian culture what he considers to be the most significant artistic event in Brazil during this century observes John Nist and he will quickly reply The Modern Art Week Exhibition staged in Sao Paulo in February 1922 This public demonstration and aesthetic manifesto represented a cut with the past a violent break with tradition unparalleled in Brazilian history The fact that Brazilians still discuss the poetical renovation achieved by Modernism shows how strongly the movement attacked and questioned traditional attitudes cherished preconceptions prejudiced aspects of a national sensibility that still persists in some quarters to this day As a movement of research and experimentation Modernism was in the words of its principal prophet M rio de Andrade a rupture a revolt against the national intelligence In time it became a national affirmation that resulted in the integration of Brazilian literature into the literature of the Western world an integration too long overlooked by members of the English speaking community The literary revolution thus unleashed in 1922 in Latin America s largest country is the subject of this book by Nist Initially fostered by the Brazilian poets in response to new challenges in painting sculpture architecture and music the Modernist Movement has passed through four clear phases which are traced by the author first the destructive and

iconoclastic phase 1922 1930 second the serious and socially concerned phase 1930 1940 third the aesthetically formal phase 1940 1950 fourth the Concretist experimental phase 1950 to the mid 1960s With similar competence Nist examines the fourfold achievement sought by these same poets 1 a new age of humanity as well as a new artistic attitude 2 a new aesthetic purity 3 the termination of the divorce between humanity and nature artist and human 4 the discovery and establishment of a common ground between culture and spontaneity tradition and originality social and natural reality In addition to presenting the origin and evolution of the Modernist Movement from a historical perspective the author pays critical attention to the artistic achievements of the leading poets of twentieth century Brazil M rio de Andrade Oswald de Andrade Manuel Bandeira Jorge de Lima Cassiano Ricardo Carlos Drummond de Andrade Cec lia Meireles Vin cius de Moraes Augusto Frederico Schmidt Murilo Mendes Jo o Cabral de Melo Neto Domingos Carvalho da Silva and others of similar stature

Marking Modern Movement Susan Funkenstein, 2020-10-26 Imagine yourself in Weimar Germany you are visually inundated with depictions of dance Perusing a women s magazine you find photograph after photograph of leggy revue starlets clad in sequins and feathers coquettishly smiling at you When you attend an art exhibition you encounter Otto Dix s six foot tall triptych Metropolis featuring Charleston dancers in the latest luxurious fashions or Emil Nolde s watercolors of Mary Wigman with their luminous blues and purples evoking her choreographies mystery and expressivity Invited to the Bauhaus you participate in the Metallic Festival and witness the school s transformation into a humorous shiny technological total work of art you costume yourself by strapping a metal plate to your head admire your reflection in the tin balls hanging from the ceiling and dance the Bauhaus signature step in which you vigorously hop and stomp late into the night Yet behind the razzle dazzle of these depictions and experiences was one far more complex involving issues of gender and the body during a tumultuous period in history Germany s first democracy 1918 1933 Rather than mere titillation the images copiously illustrated and analyzed in Marking Modern Movement illuminate how visual artists and dancers befriended one another and collaborated together In

many ways because of these bonds artists and dancers forged a new path in which images revealed artists deep understanding of dance their dynamic engagement with popular culture and out of that a possibility of representing women dancers as cultural authorities to be respected Through six case studies *Marking Modern Movement* explores how and why these complex dynamics occurred in ways specific to their historical moment Extensively illustrated and with color plates *Marking Modern Movement* is a clearly written book accessible to general readers and undergraduates Coming at a time of a growing number of major art museums showcasing large scale exhibitions on images of dance the audience exists for a substantial general public interest in this topic *Conversing across German studies art history dance studies gender studies and popular culture studies* *Marking Modern Movement* is intended to engage readers coming from a wide range of perspectives and interests

The Modern Movement Chris Baldick, 2004 A major new survey of literature in England during the first half of the twentieth century Chris Baldick places modernist with non modernist writings high art with low entertainment *The Modern Movement* ranges broadly covering psychological novels war poems detective stories satires children s books and other literary forms evolving in response to the new anxieties and exhilarations of twentieth century life

The Challenge of Change: Dealing with the Legacy of the Modern Movement Dirk van den Heuvel, Maarten Mesman, Bert Lemmens, 2008-09-15 Conservation of architecture and the conversation of Modern architecture in particular has assumed new challenges Rather than attempting to return a Modern building to its resumed original state the challenge of these proceedings is to revalue the essence of the manifold manifestations of Modern architecture and redefine its meanings in a rapidly changing world of digital revolution worldwide mobility and environmental awareness This volume aims to provide a variety of platforms for the exchange of ideas and experience A large international group of architects historians scholars preservationists and other parties involved in the processes of preserving renovating and transforming Modern buildings has been invited to investigate the paradox of the Modern monument and to reflect on the manifold dilemmas of change and continuity The general theme is elaborated through five sub themes The sub theme Change and Continuity addresses the tensions between change and continuity from a historical theoretical perspective *Restructuring Cities and Landscapes* focuses on the larger scale of city and landscape while *Shifts in Programme and Flexibility* draws attention to the scale of the building or building complex and questions limits of re use and flexibility The fourth sub theme deals with education and the fifth sub theme *Progress Technology and Sustainability* considers specific issues of techniques and materials

Subject Headings Library of Congress,2012 Modernism in Late-Mao China Ke Song,2023-04-28 This book investigates the architectural history of China in the Mao era 1949 1976 focusing on the rise of modernism in the last seven years of the Cultural Revolution from 1969 to 1976 It highlights the new architecture of this period exemplified by three clusters of buildings for foreign affairs namely buildings for foreign diplomacy in Beijing buildings for foreign trade in Guangzhou and China s foreign aid projects overseas The emergence of new architecture in the early 1970s is closely associated with China s political and diplomatic shift of the time from a radical emphasis on ideological struggle to a dynamic balance between leftist ideology and pragmatic concerns In this context China s relations with the West quickly improved culminating with American president Richard Nixon s visit to China in 1972 The increasing foreign affairs brought new opportunities to Chinese architects who referenced both Western modernism and Chinese architectural traditions to create a new version of Chinese modernism The book brings dimensions of form politics and knowledge to the analysis of architecture to construct an understanding of architectural design as an aesthetic political and intellectual practice Modernism in Late Mao China will be an enriching and useful reference for students and scholars who are interested in the global architectural history of the twentieth century especially Cold War modernism **Marks and Monograms of the Modern Movement 1875-1930**

Malcolm Haslam,1977 **Mapping the Modern Mind: Virginia Woolf's Parodic Approach to the Art of Fiction in "Jacob's Room"** Lindy van Rooyen,2012-05 In this study the author conducts a close reading of Virginia Woolf s first experimental novel Jacob s Room 1922 Her reading is based on the fundamental premise that the novel is an exploration of fictional form rather than an exposition of any preconceived idea Jacob s Room is an essentially modernist text and is characterised by extensive genre mixing typical of the art of fiction in the early 20th century Throughout her study the author analyses the extent to which the novel transgress the boundaries of the novelistic genre She explores the generic interface between the novel and those genres which are deemed to be innate to Virginia Woolf s sensibility i e the journalistic essay biography and impressionist painting The premise of this study leads the author to read the novel on two levels of significance On the narrative surface level of the novel Woolf constructs the tragic life of a promising young Englishman

Jacob Flanders who dies in the First World War Simultaneously on the metafictional level of significance Woolf through her garrulous narrator mocks and evaluates the actions of her characters experimenting with various points of view in an attempt to define the character of her protagonist Jacob s room is thus conceived as a mental space in which a modern writer s mind is mapped The central aesthetic question which is debated in this room or forum relates to the essential art of modern fiction in general and the efficiency of characterisation in fiction in particular It is argued that Virginia Woolf probes into the epistemic question of the essence of modern man and in an attempt to capture the essence of her protagonist speculates on the corresponding literary question how and to what extent the soul of man can to be represented in fiction The author uses this generic approach to the novel as a broad structuring principle for her study of Jacob s Room After discussing the socio political context of modernism in the early 20th century including the impact of the First World War on modernist writing she focuses her study on those aspects of Woolf s fiction which are deemed fundamental to the narrative strategy in Jacob s Room i e the role and nature of Woolf s humour within the context of modernism the nodes or clusters of metaphors and symbols recurring in the text the role of the narrator as toastmaster of the debate on character and fiction in Jacob s Forum the extent to which the novel parodies the new biography of the early twentieth century and the extent to which Woolf transvaluates the tools of impressionist painting into modernist fiction
